Index to the Woodbine, 1951-2021 Yearbook of James Wood High School

James Wood High School opened in 1950 after the consolidation of five area schools in Frederick County, Virginia. In 1981, after the school outgrew its original campus, the County built a new school on Apple Pie Ridge Road.

This index is compiled by Archives staff and volunteers and contains a list of graduating seniors for the years 1951 to 2021. Subsequent years will be added in the future. Yearbooks for the years 1951 to present are available to researchers in the Archives Reading Room.

Any questions or corrections should be directed to the Archives Staff at archives@handleyregional.org.

Search Tip: The index is organized alphabetically by last name. To search for a name, press CTRL+F (Windows) or CMD+F (MAC). Type the name in the search box. The first match will be highlighted. Press Enter or click the Next button to navigate through the results.
