**PRESS RELEASE**

**For Immediate Release  
April 15, 2021**

**Pandemic Unemployment Assistance site online; Unemployment  
Insurance site issue ongoing**

**CARSON CITY, NV** - The Nevada Department of Employment, Training and Rehabilitation (DETR) has announced that the Pandemic Unemployment Assistance (PUA) system ([EmployNV.gov](https://EmployNV.gov)) issue has been resolved. All eligible PUA claimants can file their claims.

The previously reported Unemployment Insurance (UI) system ([ui.nv.gov](https://ui.nv.gov)) issues affecting some UI claimants are still occurring. The agency continues to work to resolve the problems as quickly as possible and still expects the issue to be resolved in time for next week's claim filing.

Once the UI issue in the system is resolved, eligible claimants will be able to file for the week they missed as well as the current week. DETR will provide notification should the UI system need to go offline and apologizes for the delay.

###

ABOUT DETR: The Department of Employment, Training & Rehabilitation (DETR) is the state's lead workforce development agency. It consists of divisions that offer workforce related services, job placement and training, services for people with disabilities, investigation of claims of discrimination, unemployment insurance benefits, labor market data and more. Many of these services are provided through Nevada JobConnect career centers and in cooperation with its community partners.
