Spring 2016

EDB212—Assessment and Evaluation in CTE Programs
EDB 204—The Teaching Process

Summer 2016

EDB112—Classroom/Lab Management & Safety for CTE
EDB101—Introduction to Career and Technical Education

Fall 2016

ECE216—Survey of Exceptionalities
EDB117—Working with Students in Language & Literacy

The above courses are hybrid courses. They generally meet on 3-4 Saturdays with additional work and assignments to be completed using an online format. Generally the E-learning system is used for online course content delivery and submission of assignments.

Delivery of above courses use the TANBERG system and is offered at a maximum of four CTE sites including the host site where the instructor will be. The sites are determined once enrollment has been completed. Every effort is made to reduce travel time and cost to students, but some travel to the nearest site may be required.

How to Register

To register for CTE Certification courses, contact the Enrollment Center at Eastern Maine Community College one of the following ways:

Email: registrar@emcc.edu

Phone: 207-974-4613

FAX: 207-974-4683

Payment information in the form of a PO number or Letter of Intent from your employer will be required at the time of registration.

Class Cancellation Policy:

Typically, enrollment of at least 8 students are required to meet the class objectives in the area of peer collaboration and teamwork. Timely registration is requested to ensure that classes will run each semester.

Information:

For more information about the CTE Certification classes or EMCC's AAS Degree Program in Education with a Concentration in Career and Technical Education, contact:
