

## 2019 Formulary (List of Covered Drugs)

**Please read: This document contains information about the drugs we cover in this plan.**

This formulary was updated on October 1, 2018. For more recent information or other questions, please contact Simply Level (HMO SNP), Member Services Department toll-free at 1-877-577-0115 or, for TTY users, 711. From October 1 to March 31, we are open seven days a week from 8:00 a.m. - 8:00 p.m. ET. Beginning April 1 to September 30, we are open Monday through Friday, 8:00 a.m. - 8:00 p.m. ET., or visit <https://shop.simplyhealthcareplans.com/medicare>.

## *Formulario 2019 (Lista de Medicamentos Cubiertos)*

**Favor, leer: Este documento contiene información sobre los medicamentos que cubrimos en este plan.**

Este formulario se actualizó el 1.º de octubre de 2018. Para obtener información más reciente o para preguntas, por favor llame a Simply Level (HMO SNP), Servicios al Afiliado sin cargo al 1-877-577-0115 o, para usuarios de TTY, al 711. Del 1 de octubre al 31 de marzo, atendemos siete días a la semana de 8:00 a.m. - 8:00 p.m. ET. Del 1 de abril al 30 de septiembre, atendemos de lunes a viernes, de 8:00 a.m. - 8:00 p.m. ET., o visite <https://shop.simplyhealthcareplans.com/medicare>. Continúa en la página 9.

## **Note to existing members:**

**This formulary has changed since last year.** Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Simply Healthcare Plans. When it refers to “plan” or “our plan,” it means Simply Level (HMO SNP).

This document includes a list of the drugs (formulary) for our plan which is current as of January 1, 2019. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

The Formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

## What is the Simply Level (HMO SNP) formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## Can the formulary (drug list) change?

Generally, if you are taking a drug on our 2019 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2019 coverage year except when a new, less expensive generic drug becomes available, when new information about the safety or effectiveness of a drug is released, or the drug is removed from the market. (See bullets below for more information on changes that affect members currently taking the drug.) Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

- If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Simply Level (HMO SNP)’s Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

The enclosed formulary is current as of January 1, 2019. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages. If any other type of approved formulary change (nonmaintenance change) is made during the year, we will notify you by sending you a list of these changes, or by sending you an updated formulary.

## How do I use the formulary?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular, Hypertension/Lipids." If you know what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.

### Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 92. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

Our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

**Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.

**Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides 30 tablets per prescription

for *donepezil*. This may be in addition to a standard one-month or three-month supply.

**Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Simply Level (HMO SNP)'s formulary?" on page 5 for information about how to request an exception.

## What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

**You can ask Member Services for a list** of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.

**You can ask our plan to make an exception** and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the Simply Level (HMO SNP)'s formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

**You can ask us to cover a drug even if it is not on our formulary.** If approved, this drug will be covered at a predetermined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

**You can ask us to cover a formulary drug at a lower cost-sharing level.** If approved this would lower the amount you must pay for your drug.

**You can ask us to waive coverage restrictions or limits on your drug.** For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term-care facility and, you need a drug that is not on our formulary, or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 34-day emergency supply of that drug while you pursue a formulary exception.

During the time when you are getting a temporary supply of a drug, you should talk to your prescriber or prescribing physician to decide what to do when your supply runs out. You can call Member Services to ask for a list of covered drugs that treat the same medical condition. This list can help your doctor find a covered drug that might work for you while you pursue a formulary exception. Please refer to the Evidence of Coverage for more information about exceptions.

## For more information

For more detailed information about our plan prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last

updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day/7 days a week. TTY users should call **1-877-486-2048**. Or, visit <http://www.medicare.gov>.

## Our plan's formulary

The formulary on page 8 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 92.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., SPIRIVA) and generic drugs are listed in lowercase italics (e.g., *atenolol*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

**QLL – Quantity Limits:** Restricts the frequency, amount or dosage of medication for which you can obtain benefits each time you get a prescription filled (most often set on a monthly basis).

**PAR – Prior Authorization:** The process of obtaining approval for certain prescriptions before benefits will be approved. You, your doctor or other network provider will need to request prior authorization before you fill the prescription.

**ST – Step Therapy:** The process of first trying a certain drug or drugs to determine if that drug or those drugs will treat your medical condition before your plan will cover another drug for that condition.

**B/D PAR – Part B vs. Part D:** This drug may be covered under either your Part D prescription drug benefits or as a Part B drug under your medical benefits, as determined by Medicare.

**LA – Limited Access:** This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Member Services at 1-877-577-0115, From October 1 to March 31, we are open seven days a week from 8:00 a.m. - 8:00 p.m. ET. Beginning April 1 to September 30, we are

open Monday through Friday, 8:00 a.m. - 8:00 p.m. ET. TTY/TDD users should call 711.

**MO – Mail Orders:** Prescription drugs available through mail order. Allow up to 14 days from the date the prescription is ordered to process and mail. For first time users of the home delivery pharmacy have at least a 30-day supply of medication on hand when a request is placed with home delivery pharmacy.

**ED – Excluded Drugs:** This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug. Please refer to your Evidence of Coverage for more information.

**CG – Coverage Gap:** We provide additional coverage of this prescription drug in the coverage gap. Please refer to your Evidence of Coverage for more information about this coverage.

## Cost-sharing for a one-month supply of a covered Part D prescription drug during the Initial Coverage Stage:

### Cost-Sharing Tier 1: Preferred Generic

---

Network Pharmacy with standard cost-sharing (30-day supply), Mail-Order Pharmacy** (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$0.00
---	--------

---

### Cost-Sharing Tier 2: Generic

---

Network Pharmacy with standard cost-sharing (30-day supply), Mail-Order Pharmacy** (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$0.00
---	--------

---

### Cost-Sharing Tier 3: Preferred Brand

---

Network Pharmacy with standard cost-sharing (30-day supply), Mail-Order Pharmacy** (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$35.00
---	---------

---

### Cost-Sharing Tier 4: Nonpreferred Brand

---

Network Pharmacy with standard cost-sharing (30-day supply), Mail-Order Pharmacy** (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	\$75.00
---	---------

---

### Cost-Sharing Tier 5: Specialty Tier\*

---

Network Pharmacy with standard cost-sharing (30-day supply), Mail-Order Pharmacy** (30-day supply) or Long-Term-Care Pharmacy (34-day supply)	33%
---	-----

---

Please refer to our Evidence of Coverage for more information on cost sharing.

The amount you pay will depend if you qualify for low-income subsidy (LIS), also known as Medicare's "Extra Help" program.

\* A long-term supply is not available for drugs in the Tier 4: Non-preferred brand tier or Tier 5: Specialty Tier

\*\* Mail-Order Pharmacy – Mail-order service allows you to order a 30–90-day supply of drugs. The drugs available through our plan's mail-order service are marked as "mail-order" drugs in our drug list.

# Covered Medications by Therapeutic Category

## Legend

Generic drugs are shown in lowercase italic (e.g., *atenolol*).

Brand-name drugs are shown in capital letters (e.g., SPIRIVA).

**QLL – Quantity Limits:** Restricts the frequency, amount or dosage of medication for which you can obtain benefits each time you get a prescription filled (most often set on a monthly basis).

**PAR – Prior Authorization:** The process of obtaining approval for certain prescriptions before benefits will be approved. You, your doctor or other network provider will need to request prior authorization before you fill the prescription.

**ST – Step Therapy:** The process of first trying a certain drug or drugs to determine if that drug or those drugs will treat your medical condition before your plan will cover another drug for that condition.

**B/D PAR – Part B vs. Part D:** This drug may be covered under either your Part D prescription drug benefits or as a Part B drug under your medical benefits, as determined by Medicare.

**LA – Limited Access:** This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Member Services at 1-877-577-0115, From October 1 to March 31, we are open seven days a week from 8:00 a.m. - 8:00 p.m. ET. Beginning April 1 to September 30, we are open Monday through Friday, 8:00 a.m. - 8:00 p.m. ET. TTY/TDD users should call 711.

**MO – Mail Orders:** Prescription drugs available through mail order. Allow up to 14 days from the date the prescription is ordered to process and mail. For first time users of the home delivery pharmacy have at least a 30-day supply of medication on hand when a request is placed with home delivery pharmacy.

**ED – Excluded Drugs:** This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug. Please refer to your Evidence of Coverage for more information.

**CG – Coverage Gap:** We provide additional coverage of this prescription drug in the coverage gap. Please refer to your Evidence of Coverage for more information about this coverage.

## **Importante para los miembros existentes:**

**Este formulario ha cambiado desde el año pasado.** Revise este documento para asegurarse de que aún contenga los medicamentos que toma.

Cuando esta lista de medicamentos (formulario) se refiere a “nosotros,” “nos” o “nuestro,” está hablando de Simply Healthcare Plans. Cuando se refiere a “plan” o “nuestro plan,” está hablando de Simply Level (HMO SNP).

Este documento incluye una lista de los medicamentos (formulario) de nuestro plan, la cual está actualizada al 1.º de enero de 2019. Para obtener un formulario actualizado, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, figura en la portada y contraportada.

Para poder utilizar su beneficio para medicamentos recetados, por lo general, debe recurrir a farmacias de la red. Los beneficios, el formulario la red de farmacias, y/o los copagos/coseguros pueden cambiar a partir del 1.º de enero de 2020, y periódicamente durante el año.

El formulario, la red de farmacias y/o la red de proveedores pueden cambiar en cualquier momento. Recibirá una notificación cuando sea necesario.

## ¿Qué es el formulario de Simply Level (HMO SNP)?

Un formulario es una lista de medicamentos cubiertos seleccionados por nuestro plan en consulta con un equipo de proveedores de atención de la salud, que representa las terapias recetadas consideradas como una parte necesaria de un programa de tratamiento de calidad.

Nuestro plan, generalmente, cubrirá los medicamentos enumerados en nuestro formulario siempre y cuando el mismo sea medicamento necesario, la receta se complete en una farmacia de la red y se cumplan otras normas del plan. Para obtener más información sobre cómo abastecer sus recetas, consulte su Evidencia de Cobertura.

## ¿Puede cambiar el formulario (lista de medicamentos)?

Por lo general, si está tomando un medicamento de nuestro formulario 2019 que tenía cobertura a principios de año, no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2019, excepto si está disponible un medicamento genérico más barato o cuando se divulgue nueva información sobre la seguridad o efectividad de un medicamento, o si el medicamento se retira del mercado. (Consulte las viñetas a continuación para obtener más información sobre los cambios que afectan a los miembros que actualmente toman el medicamento). Otros tipos de cambios en el formulario, como eliminar un medicamento de nuestro formulario, no afectarán a los miembros que estén tomando actualmente dicho medicamento. Seguirá disponible con la misma distribución de costos para los miembros que lo tomen durante el resto del año de cobertura. Para nosotros es importante que tenga acceso continuo durante el resto del año de cobertura. A continuación se muestran los cambios en la lista de medicamentos que también afectarán a los miembros que actualmente toman un medicamento:

- **Nuevos medicamentos genéricos.** Podemos eliminar inmediatamente un medicamento de marca de nuestra Lista de Medicamentos si lo estamos reemplazando con un medicamento genérico nuevo que aparecerá en el mismo nivel de distribución de costos o uno inferior y con las mismas o menos restricciones. Además, cuando agregamos el nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra Lista de Medicamentos, pero

moverlo inmediatamente a un nivel diferente de distribución de costos o agregar nuevas restricciones. Si actualmente está tomando ese medicamento de marca, es posible que no le informemos con anticipación antes de hacer ese cambio, pero luego le brindaremos información sobre los cambios específicos que hemos realizado.

- Si realizamos dicho cambio, usted o su emisor de recetas pueden solicitarnos hacer una excepción y que continuemos cubriendo el medicamento de marca para usted. El aviso que le proporcionamos también incluirá información sobre los pasos que puede seguir para solicitar una excepción, y también puede encontrar información en la siguiente sección titulada “¿Cómo solicito una excepción para el Formulario de Simply Level (HMO SNP)?”

- **Medicamentos eliminados del mercado.** Si la Administración de Alimentos y Medicamentos considera que un medicamento de nuestro formulario no es seguro o si el fabricante del medicamento lo retira del mercado, retiraremos inmediatamente el medicamento de nuestro formulario e informaremos a los miembros que toman dicho medicamento.
- **Otros cambios.** Es posible que hagamos otros cambios que afecten a los miembros que actualmente toman un medicamento. Por ejemplo, podemos agregar un medicamento genérico que no sea nuevo en el mercado para reemplazar un medicamento de marca actualmente incluido en el formulario o agregar nuevas restricciones al medicamento de marca o moverlo a un nivel diferente de costo compartido. O podemos hacer cambios basados en nuevas pautas clínicas. Si eliminamos medicamentos de nuestro formulario o agregamos una autorización previa, límites de cantidad y/o restricciones de terapia escalonada de un medicamento, o cambiamos un medicamento a un nivel superior de distribución de costos, debemos notificar dicho cambio a los miembros afectados al menos 30 días antes de que dicho cambio se haga efectivo o en el momento en que el miembro solicite que le resurtan el medicamento, momento en el que el miembro recibirá suministro del medicamento por 30 días.

El formulario adjunto está actualizado al 1.º de enero de 2019. Para obtener información actualizada sobre los medicamentos que cubre nuestro plan, comuníquese con nosotros. Nuestra información de contacto figura en la portada y contraportada. Si se realiza cualquier otro tipo de cambio en el formulario aprobado (que no sea de mantenimiento) durante el año, lo notificaremos enviándole una lista de dichos cambios o un formulario actualizado.

## ¿Cómo utilizo el formulario?

Existen dos maneras de encontrar su medicamento dentro del formulario:

### Afección médica

El formulario comienza en la página 8. Los medicamentos en este formulario están agrupados en categorías basadas en el tipo de afección médica para las que se utilizan. Por ejemplo, los medicamentos para tratar una afección cardíaca están enumerados en la categoría “Cardiovascular, Hypertension/Lipids”. Si usted sabe para qué se usa su medicamento, busque el nombre de la categoría en la lista que empieza en la página 8. Luego busque su medicamento bajo el nombre de la categoría correspondiente.

### Lista en orden alfabético

Si no está seguro en qué categoría buscar, debe buscar su medicamento en el Índice que comienza en la página 92. El Índice brinda una lista alfabética de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los medicamentos genéricos se enumeran en el Índice. Busque en el Índice y encuentre su medicamento. Al lado de su medicamento verá el número de página en la que puede encontrar información de cobertura. Vaya a la página que se enumera en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

## ¿Qué son los medicamentos genéricos?

Nuestro plan cubre medicamentos de marca y medicamentos genéricos. Un medicamento genérico es aquel aprobado por la FDA porque tiene el mismo ingrediente activo que el medicamento de marca. Generalmente, los medicamentos genéricos son más económicos que los medicamentos de marca.

## ¿Existe alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites de cobertura. Estos requisitos y límites pueden incluir:

**Autorización previa:** Nuestro plan requiere que usted o su médico tengan una autorización previa para determinados medicamentos. Esto significa que necesita obtener aprobación de nuestro plan antes de poder abastecer su receta. Si no obtiene la aprobación, nuestro plan podría no cubrir el medicamento.

**Límites de cantidad:** Para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que nuestro plan cubrirá. Por ejemplo, nuestro plan ofrece 30 tabletas por receta de *donepezil*. Esto puede ser adicional a un suministro estándar de un mes o tres meses.

**Terapia escalonada:** En algunos casos, nuestro plan requiere que usted pruebe ciertos medicamentos para tratar su afección médica antes de cubrir otro medicamento para esa afección. Por ejemplo, si el Medicamento A y el Medicamento B tratan su afección médica, es posible que nuestro plan no cubra el medicamento B a menos que pruebe el medicamento A primero. Si el medicamento A no funciona para usted, nuestro plan cubrirá el medicamento B.

Usted puede averiguar si su medicamento tiene requisitos o límites adicionales consultando el formulario que empieza en la página 8. También puede obtener más información sobre las restricciones que se aplican a determinados medicamentos cubiertos visitando nuestro sitio web. Hemos publicado documentos en línea que explican nuestra autorización previa y las restricciones de terapia escalonada. También puede solicitarnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, figura en la portada y contraportada.

Puede solicitar una excepción a nuestro plan para estas restricciones o límites, o solicitar una lista de otros medicamentos similares que puedan tratar su afección médica. Consulte la sección “¿Cómo solicito una excepción al formulario de Simply Level (HMO SNP)?” en la página 12 para obtener información sobre cómo solicitar una excepción.

## ¿Qué sucede si mi medicamento no se encuentra en el formulario?

Si su medicamento no está incluido en este formulario (lista de medicamentos cubiertos), primero debe comunicarse con el Servicio de Atención al Cliente de y consultar si su medicamento está cubierto.

Si le informan que nuestro plan no cubre su medicamento, tiene dos opciones:

**Puede solicitar al Servicio de Atención al Cliente de una lista de medicamentos similares** que estén cubiertos por nuestro plan. Cuando reciba la lista, muéstrasela a su médico y pídale que le recete un medicamento similar que esté cubierto por nuestro plan.

**Puede solicitar al plan que realice una excepción** y brindar cobertura para su medicamento. Consulte lo que se describe a continuación para obtener información sobre cómo solicitar una excepción.

## ¿Cómo solicito una excepción para el formulario de Simply Level (HMO SNP)?

Puede solicitar que nuestro plan haga una excepción a nuestras reglas de cobertura. Existen varios tipos de excepciones que puede solicitarnos:

**Puede solicitarnos que cubramos un medicamento aunque no esté en nuestro formulario.** Si se aprueba, este medicamento estará cubierto a un nivel de distribución de costos predeterminado, y usted no podrá solicitarnos que le suministremos dicho medicamento a un nivel de distribución de costos menor.

**Puede solicitarnos que cubramos un medicamento del formulario en un nivel de distribución de costos más bajo.** Si se aprueba, esto disminuiría la cantidad que debe pagar por su medicamento.

**Puede solicitar que eximamos las restricciones o limitaciones de cobertura de su medicamento.** Por ejemplo, para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede solicitar que eximamos el límite y que cubramos más.

Por lo general, nuestro plan aprobará su solicitud de una excepción únicamente si los medicamentos alternativos

incluidos en el formulario del plan, el medicamento de menor nivel o las restricciones de utilización adicional no son favorables para tratar su afección y/o harán que padezca efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión de cobertura inicial para una excepción de formulario o de restricción de utilización. **Al solicitar una excepción de formulario o de restricción de utilización deberá enviar una declaración de su emisor de recetas o médico justificando su solicitud.** Por lo general, debemos tomar nuestra decisión dentro de las 72 horas después de obtener la declaración en la que su emisor de recetas realiza la justificación. Puede solicitar una excepción urgente (rápida) si usted o su médico creen que su salud corre un riesgo grave al esperar hasta 72 horas por una decisión. Si se le otorga la solicitud de agilización, debemos darle una respuesta dentro de las 24 horas luego de recibir la declaración justificatoria del médico o de otro emisor de recetas.

## ¿Qué hago antes de hablar con mi médico sobre cambiar mis medicamentos o solicitar una excepción?

Como miembro nuevo o que continúa en nuestro plan, podría estar tomando medicamentos que no están en nuestro formulario. O podría estar tomando un medicamento que está en nuestro formulario, pero su capacidad para obtenerlo es limitada. Por ejemplo, puede necesitar una autorización previa de nuestra parte antes de poder abastecer su receta. Deberá hablar con su médico para decidir si debe cambiar a un medicamento adecuado que cubramos o solicitar una excepción al formulario para que cubramos el medicamento que está tomando. Mientras consulta con su médico el curso de acción acorde para usted, podemos cubrir su medicamento en ciertos casos durante los primeros 90 días en los que usted es miembro de nuestro plan.

Para cada uno de sus medicamentos que no esté en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, cubriremos un suministro temporal para 30 días. Si en su receta figuran menos días, permitiremos que le entreguen abastecimientos hasta un suministro máximo de 30 días de medicamento. Luego de su primer suministro para 30 días, no pagaremos estos

medicamentos, aunque sea miembro del plan por menos de 90 días.

Si usted es residente de un centro de cuidado a largo plazo y necesita un medicamento que no está en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia de 34 días para ese medicamento mientras solicita una excepción al formulario.

Mientras obtenga el suministro temporal de un medicamento, debe hablar con su médico o con el médico emisor de la receta para decidir qué debe hacer cuando se termine el suministro temporal. Puede llamar al Servicio de Atención al Cliente de para solicitar una lista de medicamentos cubiertos que traten la misma afección médica. Esta lista puede ayudar a que su médico encuentre un medicamento cubierto que le dé resultado mientras usted sigue tramitando una excepción al formulario. Consulte la Evidencia de Cobertura para obtener más información sobre las excepciones.

## Para obtener más información

Para obtener información más detallada sobre la cobertura de medicamentos recetados de nuestro plan, consulte su Evidencia de Cobertura y otros materiales del plan.

Si tiene alguna pregunta sobre nuestro plan, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, figura en la portada y contraportada.

Si tiene preguntas generales sobre la cobertura de medicamentos recetados de Medicare, llame a Medicare al **1-800-MEDICARE (1-800-633-4227)**, las 24 horas del día, los siete días a la semana. Los usuarios de TTY deben llamar al **1-877-486-2048**. O visite <http://www.medicare.gov>.

## El formulario de nuestro plan

El formulario en la página 16 proporciona información de cobertura sobre los medicamentos cubiertos por nuestro plan. Si tiene problemas para encontrar su medicamento en la lista, consulte el Índice que comienza en la página 92.

La primera columna del cuadro enumera el nombre del medicamento. Los medicamentos de marca figuran en letra mayúscula (por ej., SPIRIVA) y los medicamentos genéricos están enumerados en letra minúscula y cursiva (por ej., *atenolol*).

La información en la columna Requisitos/Límites le indica si nuestro plan tiene algunos requisitos especiales para la cobertura de su medicamento.

**QLL - Límites de cantidad:** Limita la frecuencia, cantidad o dosis de medicamento para la cual puede obtener beneficios cada vez que se le abastezca una receta (generalmente una vez por mes).

**PAR - Autorización previa:** El proceso de obtener la aprobación para determinadas recetas antes de aprobar los beneficios. Usted, su médico u otro proveedor de la red necesitarán solicitar autorización previa antes de abastecer la receta.

**ST - Terapia escalonada:** El proceso de probar por primera vez determinado medicamento o medicamentos para determinar si el o los mismos tratarán su afección médica antes de que su plan cubra otro medicamento para dicha afección.

**B/D PAR – Parte B vs. Parte D:** Este medicamento puede estar cubierto por los beneficios para los medicamentos recetados de la Parte D o como un medicamento de la Parte B bajo sus beneficios médicos, según lo determine Medicare.

**LA - Acceso limitado:** Esta receta puede estar disponible solo en ciertas farmacias. Para más información, consulte su Directorio de Farmacias o llame al Servicio a Afiliados al 1-877-577-0115, del 1 de octubre al 31 de marzo, atendemos siete días a la semana de 8:00 a.m. - 8:00 p.m. ET. Del 1 de abril al 30 de septiembre, atendemos de lunes a viernes, de 8:00 a.m. - 8:00 p.m. ET. los usuarios de TTY/TDD deben llamar al 711.

**MO - Pedidos por correo:** Medicamentos recetados que se pueden ordenar por correo. Espere hasta 14 días a partir de la fecha en que la receta es ordenada para procesarla y enviarla por correo. Para los usuarios nuevos de la farmacia de entrega a domicilio, tenga al menos un suministro de 30 días de medicamentos a mano cuando se realiza una solicitud a la farmacia de entrega a domicilio.

**ED – Medicamentos excluidos:** Por lo general, este medicamento con receta no está cubierto en un Plan de Medicamentos Recetados de Medicare. El monto que paga cuando abastece una receta para este medicamento no cuenta para el costo total de sus medicamentos (es decir, el monto que paga no lo ayuda a calificar para una cobertura catastrófica). Además, si recibe ayuda extra para pagar sus medicamentos recetados, no recibirá ayuda extra para pagar este medicamento. Consulte su Evidencia de Cobertura para obtener más información.

**CG - Etapa sin cobertura:** Brindamos cobertura adicional de este medicamento recetado en la etapa sin cobertura. Tenga a bien consultar su Evidencia de Cobertura para más información sobre esta cobertura.

## Distribución de costos por un suministro de un mes de un medicamento recetado y cubierto de la Parte D durante la Etapa de Cobertura Inicial:

### Distribución de costos Nivel 1: Medicamentos genéricos preferidos

---

Farmacia de la red con distribución de costos estándar (suministro para 30 días), Farmacia de venta por correo\*\* (suministro para 30 días) \$0.00  
o Farmacia de centro de atención a largo plazo (suministro para 34 días)

---

### Distribución de costos Nivel 2: Medicamentos genéricos

---

Farmacia de la red con distribución de costos estándar (suministro para 30 días), Farmacia de venta por correo\*\* (suministro para 30 días) \$0.00  
o Farmacia de centro de atención a largo plazo (suministro para 34 días)

---

### Distribución de costos Nivel 3: Medicamentos de marca preferidos

---

Farmacia de la red con distribución de costos estándar (suministro para 30 días), Farmacia de venta por correo\*\* (suministro para 30 días) \$35.00  
o Farmacia de centro de atención a largo plazo (suministro para 34 días)

---

### Distribución de costos Nivel 4: Medicamentos de marca no preferidos

---

Farmacia de la red con distribución de costos estándar (suministro para 30 días), Farmacia de venta por correo\*\* (suministro para 30 días) \$75.00  
o Farmacia de centro de atención a largo plazo (suministro para 34 días)

---

### Distribución de costos Nivel 5: Medicamentos especializados\*

---

Farmacia de la red con distribución de costos estándar (suministro para 30 días), Farmacia de venta por correo\*\* (suministro para 30 días) 33 %  
o Farmacia de centro de atención a largo plazo (suministro para 34 días)

---

Tenga a bien consultar nuestra Evidencia de Cobertura para obtener más información sobre la distribución de costos.

El monto a pagar dependerá de si califica para el subsidio por bajos ingresos (LIS), también conocido como programa de “Ayuda Extra” (Extra Help) de Medicare.

\* El suministro prolongado no está disponible para los medicamentos del Nivel 4: Nivel de marca no preferido o Nivel 5: Medicamentos Especiales

\*\* Pedido de farmacia por correo – Servicio de pedido de farmacia le permite pedir un suministro de medicamentos de 30 a 90. Los medicamentos disponibles a través del servicio de venta por correo de nuestro plan figuran como medicamentos de “venta por correo” en nuestra lista de medicamentos.

# Medicamentos cubiertos por la Categoría Terapéutica

## Leyenda

Los medicamentos genéricos figuran en letra minúscula y cursiva (por ej., *atenolol*).

Los medicamentos de marca figuran en letra mayúscula (por ej., SPIRIVA).

# Index of Drugs

## Legend

Generic drugs are shown in lowercase italic (e.g., *atenolol*).

Brand-name drugs are shown in capital letters (e.g., SPIRIVA).

The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed. Find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## Índice de medicamentos

### Leyenda

Los medicamentos genéricos figuran en letra minúscula y cursiva (por ej., *atenolol*).

Los medicamentos de marca figuran en letra mayúscula (por ej., SPIRIVA).

El Índice brinda una lista alfabética de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los medicamentos genéricos se enumeran en el Índice. Encuentre su medicamento. Al lado de su medicamento verá el número de página en la que puede encontrar información de cobertura. Vaya a la página que se enumera en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.
