# Climate Change

Does anyone know what climate change is?

In the film and in these images – what do you think is happening?

What do you see?

In the film, can you remember what the deadline year is that we have to act by?

- A) 2023
- B) 2030
- C) 2050
- D) 2000

Why is it  
happening?

# Why does it matter?

**IMPACT ON  
FOOD AND FARMING**

**THREATS TO  
ANIMALS**

**THREATS TO  
PLANTS**

**THREAT TO  
HABITATS**

**IMPACT ON  
COMMUNITIES**

**THREAT TO  
OCEAN LIFE**

What can we  
do?

Lots of our local businesses are helping.

Have you seen anything happening?

Can you name any businesses who are helping?

What do you do?

Or what can you  
do at home or  
school?

Do you want to  
have a go at  
building your own  
green city?
