## 2024 Small Group Plans

 wellbeing in mind. Here are the highlights of our 2024 Small Group portfolio.

## Prescription Discount Benefit with MedsYourWay

MedsYourWay, administered by Prime Therapeutics, is a new drug discount savings program that lowers costs for members on eligible medicines.

It automatically compares prices from participating drug discount cards to a member's pharmacy benefit plan cost-share amount at select in-network retail pharmacies. The member pays the lower available price. To access MedsYourWay, members should:

Fill their prescriptions at a participating in-network retail pharmacy.
Show their member ID to the pharmacist.

- Pay the lower available price. Members will have all covered purchases count toward their yearly plan deductibles and/or out-of-pocket expenses.

MedsYourWay is currently available for most fully insured group plans in Texas with Prime as their pharmacy benefit manager

## Complimentary Programs Help Members Take Control of Their Health

We're empowering members to take control of their health through complimentary programs that can help them save money and prevent certain types of health conditions. Putting the power of wellness in members' hands can also help employers lower costs by reducing doctor visits and hospitalizations. Here are a few of the advantages your clients have - just for being BCBSTX members:

## Blue365 ${ }^{\circledR}$

Because Health is a Big Deal
With Blue365, employees save money on health and wellness products and services from top retailers not covered by insurance. There are no claims to file and no referrals or preauthorizations. All they need to do is sign up to have weekly featured deals emailed to them by retailers like EyeMed, TruHearing®, Nutrisystem ${ }^{\circledR}$, Reebok, Fitbit ${ }^{\circledR}$ and more

## Hinge Health

Hinge Health is a digital musculoskeletal program led by physical therapists and health coaches. Members who are eligible can participate in the comfort of their own homes - at no extra cost

## Teladoc Health

Teladoc's personalized diabetes management program helps members improve glycemic control by understanding their blood sugar levels and developing healthy habits. The hypertension program supports members who have high blood pressure with a connected blood pressure monitor and support from expert health coaches to monitor their conditions.

## Digital Mental Health

We are deeply committed to our members' overall wellbeing, and mental health is an important part of our approach Compassionate case managers, utilization management, specialty programs and member and provider support are all part of the mental health benefits (called behavioral health) that come standard with every small group plan. ## Virtual Visits and Telemedicine

Providing access to virtual care is more important than ever as members seek convenience and potential cost-savings when addressing their non-emergency needs. Virtual Visits, and Telemedicine consultations through members' primary care physicians are conducted by phone, online video or mobile app.

## What's Telemedicine?

elemedicine is a kind of health care delivery that lets members consult with their own doctors by telephone or secure video. Their in-network BCBSTX doctor can evaluate, diagnose and treat them remotely without the need to travel to the doctor's office. Doctors can even send an e-prescription to the member's pharmacy of choice
What are Virtual Visits?
Virtual Visits, powered by MDLIVE ${ }^{\otimes}$ and provided by Blue Cross and Blue Shield of Texas, provide 24/7 access to consultations with board-certified doctors from virtually anywhere. This is helpful when the member's BCBSTX provider is closed, or when the member is traveling.

Encourage members to make sure their doctors can provide consultations by phone or secure video.
