

## Step by Step Guide for your XLIFF translation

The XLIFF tool allows users to manage translations of their extensions. Once translations are made, they can be saved and then reused in other projects. The tool is intended for developers and translators. For further information, questions and details please do not hesitate to contact our support.

Compatible with:

- Microsoft Dynamics 365 Business Central Essential
- Microsoft Dynamics 365 Business Central Premium

Supported Languages:

- German (Germany)
- English (United States)
