Business Partnerships

GROW THE FUTURE

Partnering together
towards a sustainable
future for everyone.

As a company you have the opportunity to shape the world around you for good. We're asking for businesses to partner with us to 'Grow the Future' by funding seeds to plant trees through Farmbright, supporting our vision for people and the planet.

We have a goal to plant 5 million Moringa trees at our planned Alpha M1 farm in Australia.

- A\$1 funds one seed and plants one Moringa tree
- Supports a range of people and environmental outcomes
- Builds our global seed bank enabling farmers to thrive
- Supports our research and development for applications
- Sequesters and utilises carbon from the atmosphere

Campaign partnership opportunities

● Direct Giving **One off or recurring** Page 3

● Seed Cards **Transactional** Page 4

Direct Giving

One off or recurring

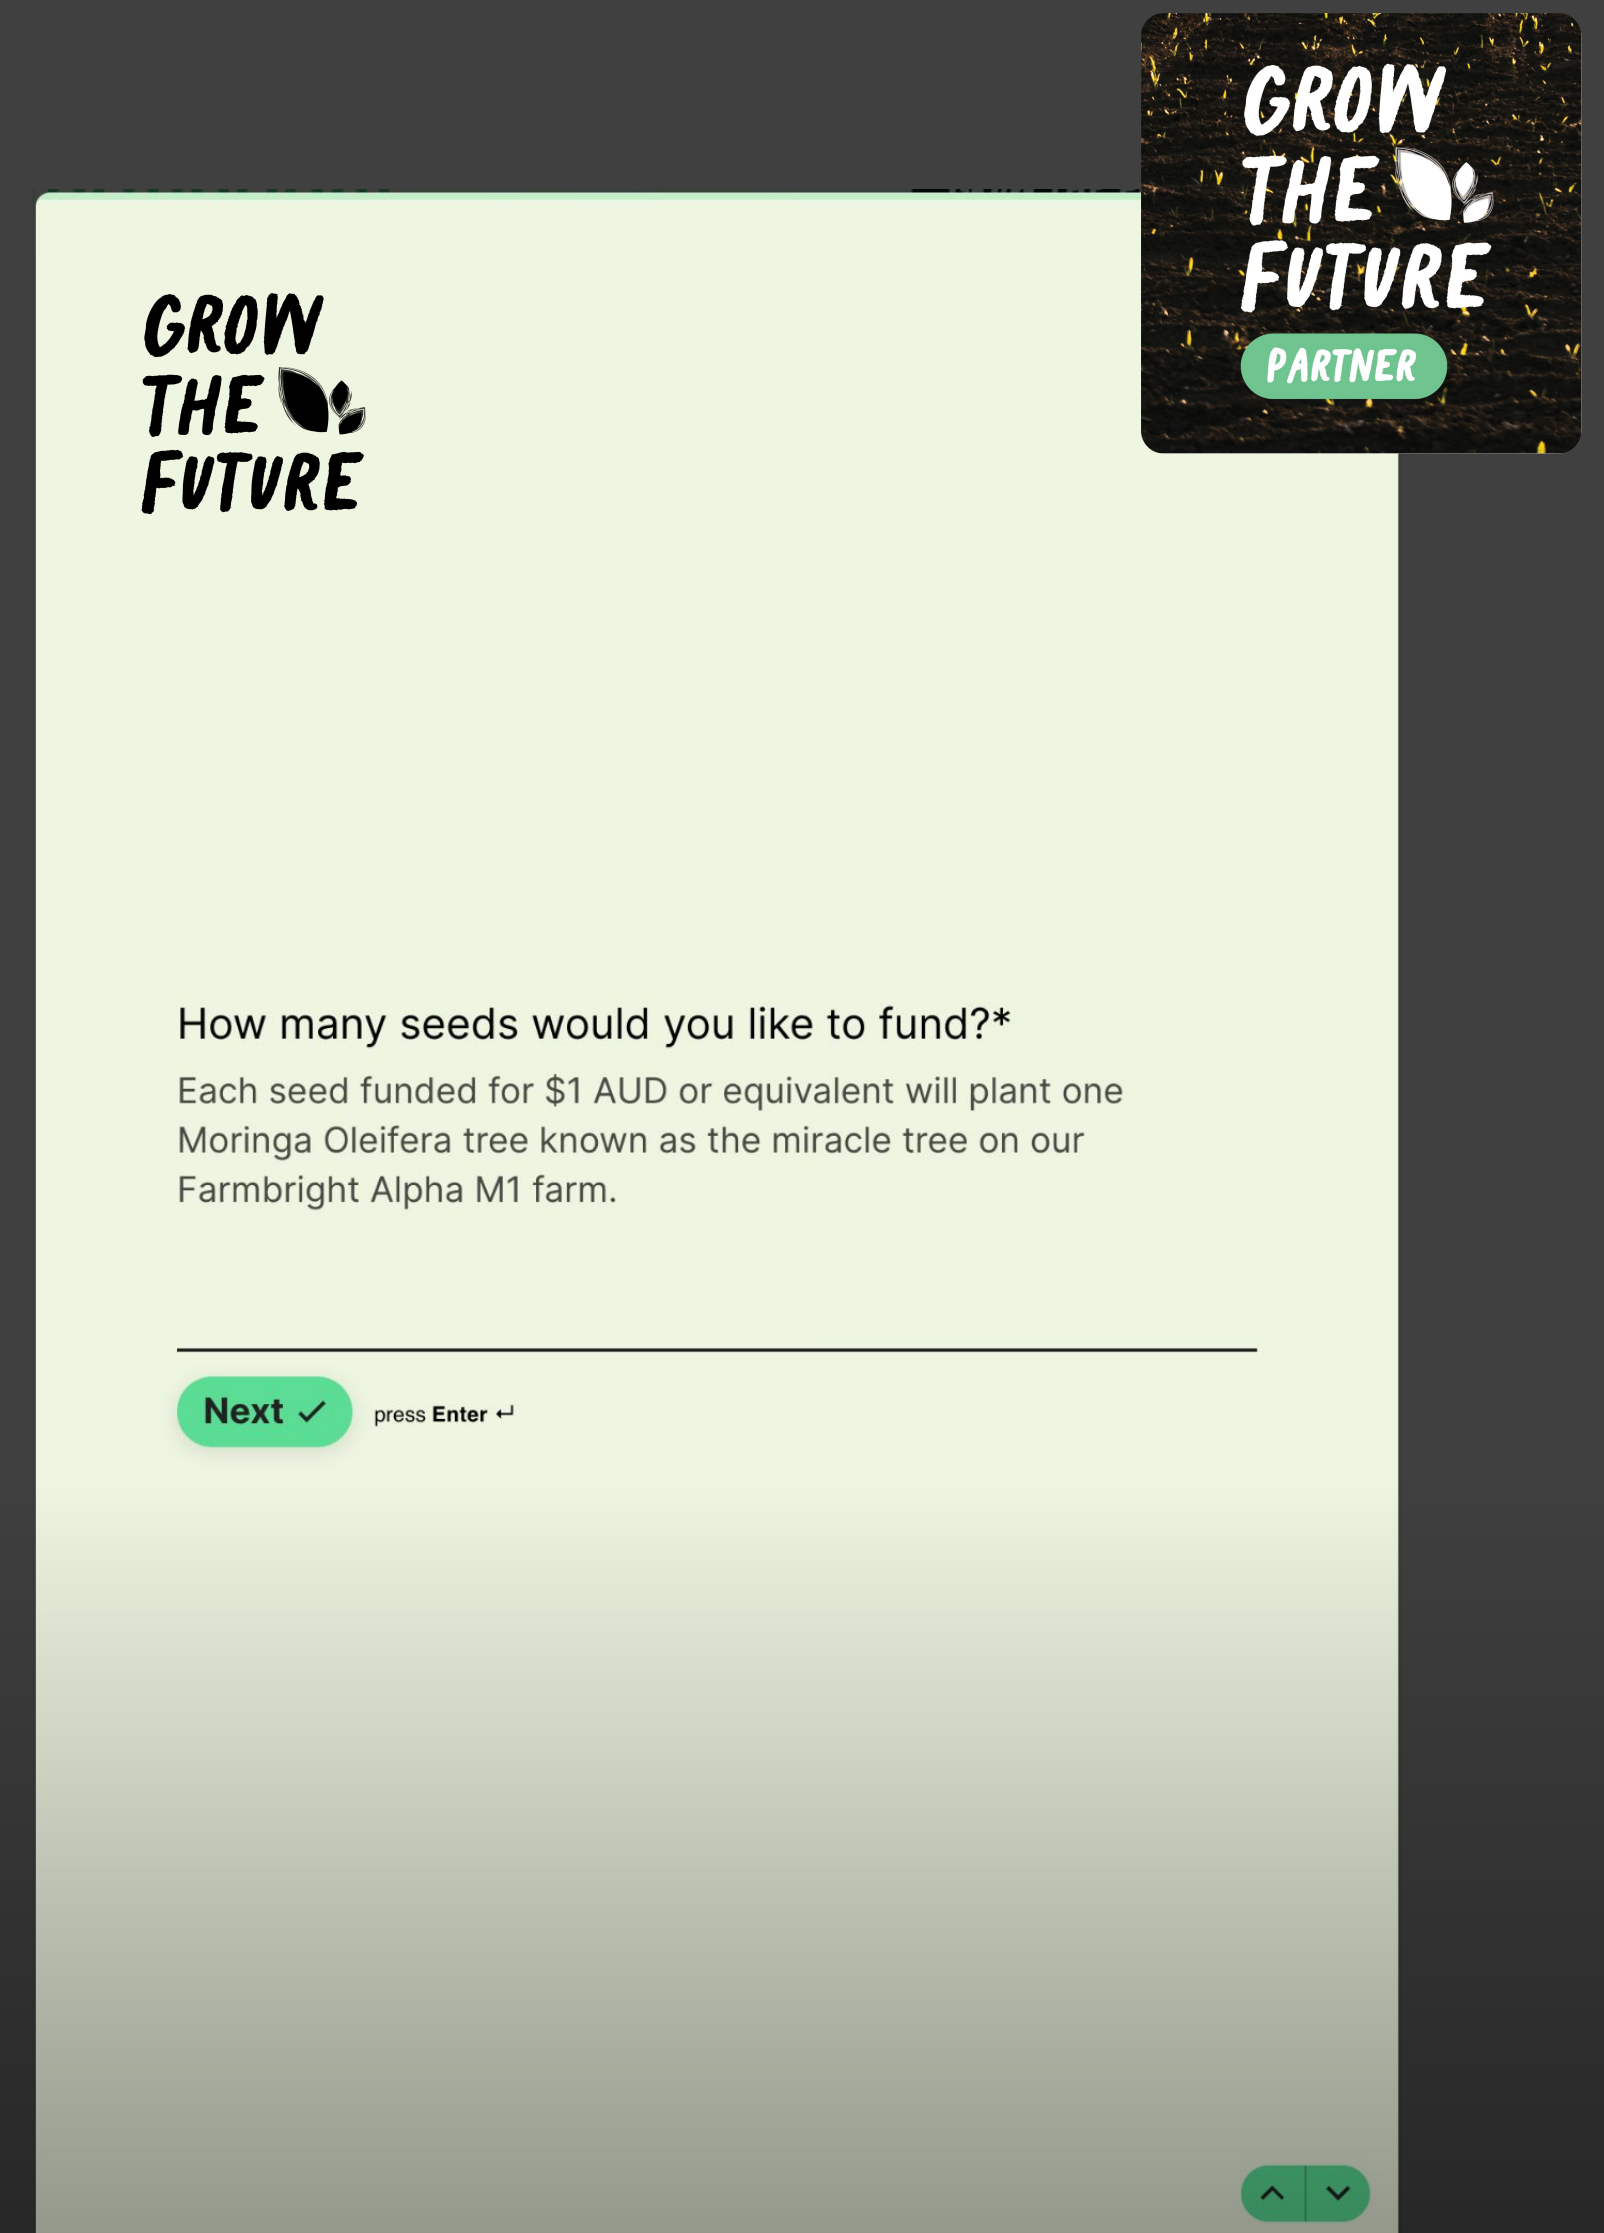

Partner with us by funding seeds to plant trees and see your impact grow through direct giving.

Fund seeds to plant trees as a once-off non tax deductible gift or increase your impact through a recurring commitment to fund more seeds over time.

Benefits

- Make a contribution on behalf of your business
- Use of our partner logo across your material and website
- Certificate provided when planting over 250 trees
- Show your commitment to sustainability and change

Give directly as a business to our campaign by visiting <https://growthefuture.farmbright.org>

Seed Cards **Transactional**

Partner with us by funding seeds to plant trees and see your impact grow through giving Seed Cards.

Our physical Seed Cards are as impactful as they are versatile. Further your impact by aligning your company to our cause by funding seeds to plant trees from every transaction. Through partnering with us to provide AUD\$1 or equivalent from each of your transactions, you are helping to build a more sustainable future and company.

Benefits

- Increase your sales and conversion rate
- Build engagement with your customers and clients
- Seed Cards are printed on 100% recycled material
- Use of our partner logo across your material and website
- Show your commitment to sustainability and change
- Seed Cards are ordered upfront for delivery to your business

Farmbright will provide all digital assets needed to promote your campaign.

Farmbright is a an organisation committed to building farms for the future of humanity.
