Additional Information

The red circle indicates that something new has been added to that tab.

The "Education" tab contains information specific to your diagnosis and treatment. Gain a better understanding of your diagnosis in the comfort of your home. Learn about medications, what side effects to anticipate and how to manage them.

To identify the new information look for titles in a bolder font.

At the bottom of the "Health Records" tab you can track information and concerns, even if it's not part of your medical record.

For additional help, call 1-800-925-4456 or email support@navigatingcare.com.
