SECURE PRIVILEGE. STOP ATTACKS.

ACROSS THE ENTERPRISE
IN THE CLOUD
ON ENDPOINTS

Unsecured privileged accounts add risk to your business anywhere they exist— 100% of advanced cyber attacks involve them. Seamlessly protect privileged accounts across the enterprise— on premises, in the cloud and on your endpoints with CyberArk.

Federal Certifications and Compliances Include:

- DoD UC APL
- Common Criteria Certified
- NIST SP 800-53 / -171 / -82 / -63
- NERC-CIP
- DHS CDM Phase II Privilege Management Solution
- Army Certificate of Networkiness (CoN)
- Available on DoD Cyber Range
- HSPD-12
- In Evaluation for NIAP

WE'RE YOUR ANSWER!

FBC is a professional organization providing meeting and conference support for the DoD, Intelligence Community, and Federal Civilian Agencies since 1976.

The Federal Business Council (FBC) has established a proven track record of excellence in coordinating military events. We are experienced in every level of program advisement and specialize in the unique needs that our military partners encounter. Work with FBC on your next event through GSA Schedule 47QRAA20D0014 and use the "No Cost Option" available to all DoD, Civilian, and Intelligence Agencies. Whether you are coordinating training for your company or leading a base wide specialty event, FBC can support your program with web design/ hosting, attendee registration, name badges and staff that will ensure that your event is a success.

Maryland Innovation and Security Institute (MISI)'s Website

Founded in 2018, MISI has rapidly become the gathering place for the US Government, its global partners, and world leaders in technology seeking to accelerate advancements in cyber, AI, next generation cryptology, zero trust and critical infrastructure protection to name a just a few of the challenges that MISI undertakes on behalf of its stakeholders.

MISI's stakeholders include the DoD, Intelligence Community, State and Local Government and leading corporations. The award-winning organization was founded as a not for profit, MISI's nom de guerre is "The Mission Accelerator". The organization has fostered a well-earned reputation for getting the critical work of technology innovation discovery, integration and viability testing at speed.

MISI partners with the leading thought leaders and emerging companies, academic researchers and global technology change makers as key mission partners.

MISI applies deep solutions thinking that pushes the envelope in the current state of AI and ML to solve as yet unsolvable problems for its stakeholders. MISI has expanded and has launched a premier entrepreneurship accelerator where we incubate, mentor, and accelerate revenue attainment for deserving emerging technology entrepreneurs. MISI owns and manages DreamPort and the newly launched MindScape Misison Accelerators.

6011 Executive Boulevard, Suite 501
Rockville, MD 20852
(301) 827-6483
maria.bigelow@nih.gov
[NIH-NITAAC's Website](#)

NITAAC is the designated federal Executive Agent authorized by the Office of Management and Budget (OMB) to administer three Government-Wide Acquisition Contracts (GWACs) for information technology (IT). With a combined contract ceiling of \$60 billion, the CIO-SP3, CIO-SP3 Small Business and CIO-CS contracting vehicles can be used by any federal civilian or Department of Defense (DoD) agency to procure IT products, services and solutions.

Our three contract vehicles boast streamlined acquisition and fast ordering, a single-login electronic-Government Ordering System (e-GOS) with built-in guidance and automated task order completion, and ceiling rates negotiated at the Master Contract level to be the best available.
