

CM/ECF - RSS FEED

CM/ECF provides users with the option to subscribe to an RSS feed that includes the last 100 entries docketed in CM/ECF. The feed cannot be configured by a user to show only certain docketing activity for a case and will show the last 100 entries docketed in the ECF system. You will be prompted for your PACER account login and password when you click on a case link. You can avoid being prompted for these logins every time you click a case number or document link by staying logged in to your PACER account with the default browser used for your RSS reader. You will not incur a fee for viewing data provided by the RSS feed. However, if you click a hyperlink within the feed, you will incur the standard PACER fees for any information accessed.

Users can sign up for the feed by clicking the Court Information link on the CM/ECF main page.

United States District Court
District of New Hampshire

Welcome to the U.S. District Court for the District of New Hampshire
