

Dear Families,

Our children are growing up in the digital age and technology has been a learning tool for them. Below are 3 online, educational programs that are ready for students to use at home. Every student took their initial assessment at school and each game/lesson is customized to their specific, individual needs.

As part of their homework, students are now required to login occasionally at home. Please keep this paper at a safe spot.

## Math

Choice of:

### → *Fast Math Stretch Game*

(reinforce math facts and fluency)

Note: if your child sees the same math facts over a period of time, then he or she will need to finish their lesson at school. Often times, students log off early and the program starts them at where they left off.

Scan the QR code with your tablet or phone for a direct link to the website. Bookmark the link.

### → *Sumdog*

(reinforces Common Core Math Standards)

Note: you will need to read the word problems with your child.

School code: monte-vista-elementary\_2

## Reading

### → *RAZ Kids*

Select 1-2 books each week. Listen to short stories and read with the computer. Must take short quiz to check comprehension)
