

Room Service at Anderson

Patient Menu

We are pleased to offer fresh, cooked-to-order foods from a restaurant-style menu. Your doctor will write an order for the type of diet you should receive. If your doctor requests a special diet for your medical condition, it is possible that some of the items on the menu may not be compliant with your diet, so we would not be allowed to serve them to you. Room Service personnel will help you with the menu selection based on your special diet and/or allergens.

Guest Menu

We are pleased to offer a guest menu for your family and visitors. We request that payment of the guest's order be made upon delivery. We accept major credit cards (American Express, Discover, Mastercard, and Visa). We are unable to accept checks. Our staff is not permitted to receive gratuities.

How to Order

You may select your meals and place your order anytime between 6:30 a.m. and 9:30 p.m. by calling 2-DINE (2-3463). If you need to order in Mandarin, please state "Mandarin" and wait until a translator is available to assist the Room Service Assistant in taking your order. Please be patient, as it may take several minutes to reach a translator and set up a conference call to take your order. Please continue to hold until a translator is on the line. Your meal will be delivered within 45 minutes.

If you have questions or would like assistance with Room Service, please call us at 2-3463.

Room Service at Anderson has been created to tempt your appetite, encourage optimum nutrition, and provide pleasure in dining. We look forward to providing you with an enjoyable dining experience.
