

North Campus

Serving men, women, pregnant
women, and women with their
children.

We're here to help you
on the journey ahead.

**Every person *deserves* a chance to have a
secure, happy, and fulfilling life.
That's why *we're here*.**

RBHA North Campus is a 13-acre, 6-building substance use treatment facility located in the Highland Park neighborhood of the City of Richmond. North Campus serves men, women, and women with their children.

At full capacity, North Campus has the ability to serve 182 individuals.

Licensed by the Virginia Department of Behavioral Health and Developmental Services, North Campus offers a continuum of services to meet the needs of individuals along their recovery journey.

Withdrawal Management

RBHA provides 24-hour medically monitored withdrawal management services to help people withdraw safely from alcohol and opiates.

Withdrawal Management Unit
RBHA North Campus

For many, this is the first step of their recovery journey.

RBHA's Withdrawal Management services are offered to individuals 18 years and older, in a residential setting.

Located at 1700 Front St., Richmond, VA 23222.

Holistic Opportunities for Promise and Empowerment

**Supporting
individuals in
their recovery
journey.**

HOPE stands for Holistic Opportunities for Promise and Empowerment – and that is our approach to working with individuals in this program. Providing treatment to men and women, the HOPE program addresses substance use disorders with co-occurring mental health conditions.

We use a Treatment Team model to support each person's needs and goals, providing wrap-around services to treat the whole person.

MRTC

Men's Residential Treatment Center

We're here to help you through this.

MRTC offers a safe, encouraging environment for men to focus on their recovery.

Using a person-centered, trauma-informed approach to treatment, MRTC staff assist the residents with acquiring the tools they need to stop using, maintain recovery, and live a meaningful, productive life.

A variety of treatment and wellness groups are offered as well as individual counseling to meet the individual needs of each participant at MRTC.

WRTC

Women's Residential Treatment Center

Pregnant and parenting women receive priority admission.

At WRTC, we serve women, pregnant women, and women with their young children (under age 11).

WRTC is one of only 3 residential substance use treatment facilities in Virginia that allow children to accompany their mothers into treatment.

We provide gender-responsive and evidence-based substance use treatment for the women we serve at WRTC. We partner with the mothers to support and enhance their parenting skills and to nurture their child's growth and development.

WRTC is located at 2825 Rady St., Richmond, VA 23222.

CSC

Children's Services Center

Our staff and programming at the CSC promotes infant and child well-being through a continuum of services and evidence-based interventions. We also work to strengthen mothers' capacity and to support their role as engaged and nurturing parents.

RBHA's Early Intervention Services offices are also located at the CSC. Early Intervention staff provide developmental screenings and on-going services for children at the CSC.

Greenspace

Whether walking the perimeter trail or cultivating the crops of the Kitchen Garden, North Campus residents reap the benefits of this purposeful, wellness-promoting, beautiful greenspace transformation.

Through our partnership with multiple community organizations, donors, and volunteers, the North Campus Greenspace is seeing the transformation from open, untended space to a therapeutic horticulture space.

The care and maintenance of the gardens have become part of North Campus programming. The bounty of the gardens has become part of menu planning and the Culinary Arts Program at North Campus.

Please visit www.rbha.org to learn more about services at RBHA.
