I (We) authorize Wells Fargo Bank, N.A. to make debit entries in the form of ACH transfers or other automatic transfers to the account identified above in the section entitled "Transfer From" for the purpose of completing the transfers described above. I (we) acknowledge that the origination of ACH transfers to my (our) account must comply with the provisions of U.S. Law and the Rules of the National Automated Clearing House Association. The regular payment will not be withdrawn from your account if your account is paid in advance. In that event, the regular payment will be withdrawn from your account on the next following payment due date as shown on the statement.

If the account's payment due date falls on a weekend or holiday, your payment will be credited as of the date due on the next business day. If this is a new automatic payment set up or a change to your account or bank routing number for an existing automatic payment, your automatic payment feature will be established within 10 business days after the request is received. If your next scheduled payment is due within those 10 business days, you must make your payment as the automatic payment may not have taken effect. The payment amount will vary with changes in escrow or principal and interest components, if applicable. This authorization may be cancelled by calling us or sending written notice to the applicable department indicated below or, by completing a new copy of this form. Wells Fargo must be notified of cancellation at least three business days prior to the payment due date or payoff of the loan. I (We) further acknowledge receiving a copy of this authorization.

Auto Finance Loans ONLY: I further authorize such transfer to include any late charge and past due monthly payment amount then owing. Wells Fargo's standard practice is to provide prior notice of any transfer that exceeds three times the sum of this monthly payment amount and late charge amount. I have the right to receive notice of all transfers varying from the monthly payment amount, but unless I provide written instructions exercising this right, my signature confirms Wells Fargo's standard practice as my option.
