

VERIFICATION OF LAWFUL PRESENCE

Mississippi Department of Education Office of Educator Licensure (601) 359-3483

Mississippi Code Ann. §71-11-1 requires all agencies within the state of Mississippi to fully cooperate with federal immigration authorities in the enforcement of federal immigration laws. Therefore, the Division of Educator Licensure has amended the current licensure application process to include procedures for verifying an applicant's lawful presence in the United States.

Effective with applications received January 1, 2021 and thereafter, all Citizens of the United States are required to submit appropriate documentation for verification once during their next most immediate licensure application submission. Non-US citizens are required to submit appropriate documentation for verification with each licensure application submission, or when their United States Citizenship and Immigration Services documents expire, whichever comes first. Licensure application(s) shall not be processed if the applicant fails to answer the request for documentation required for verification of lawful presence in the United States.

Any initial or renewable license issued to an applicant who is not a United States citizen shall expire in accordance with the appropriate validity date required by a particular license type but, shall not exceed the expiration date of the applicant's authorized stay in the United States, whichever is the lesser period of time. A change in a Non-US citizen's lawful presence status will affect his/her ability to receive or continue to hold a Mississippi educator license.

It shall be the responsibility of the prospective or practicing educator to obtain and provide the MDE with required documentation regarding his/her United States citizenship or lawful presence status. Required forms and additional information found therein, can be accessed via the following web link: [<https://www.mdek12.org/OEL/Forms>].
