

INTRODUCTION

The Commission on Teacher and Administrator Education, Certification and Licensure and Development was created under the Mississippi Education Reform Act of 1982 and is charged with the responsibility of making recommendations to the State Board of Education regarding standards for the preparation, licensure, and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of the State of Mississippi. In compliance with §37-3-2, Mississippi Code 1972, Annotated, as amended by Mississippi Laws 1997, Ch. 545, the Commission on Teacher and Administrator Education, Certification and Licensure and Development and the State Board of Education have approved guidelines for licensure.

This manual contains information necessary to understand the licensure processes, levels of licensure, and routes to licensure. Proper use of this manual should provide answers to most, if not all, general and specific questions relating to licensure in the State of Mississippi.

GENERAL GUIDELINES MISSISSIPPI EDUCATOR LICENSURE
--

Validity Periods

Licenses will be valid from the day the completed application packet is received and validated by the Office of Educator Licensure. All licenses expire on June 30th of the year of expiration. A five year license issued at any time during the school year shall be valid for five (5) school years including the school year in which it is granted. A school year is from July 1 to June 30.

- *For example, a standard license issued October, 2011, (2011-2012 school year), would be valid from the date the completed packet is received until June 30, 2016. The remainder of the 2011-2012 school year is considered a full year.*

Renewal of License

Only a five year, standard license is eligible for renewal. Current requirements for renewal of a five-year standard license for each class are as follows:

Class A:

Ten (10) continuing education units (CEUs) in content or job/skill related area

OR

Three (3) semester hours in content or job/skill related area AND Five (5) continuing education units (CEUs) in content or job/skill related area

OR

Six (6) semester hours in content or job/skill related area

OR

Completion of the National Board of Professional Teaching Standards process

Class AA, AAA or AAAA:

Three (3) semester hours in content or job/skill related area

OR

Five (5) continuing education units (CEUs) in content or job/skill related area

OR

Completion of the National Board of Professional Teaching Standards process

Standard Career Administrator:

Seventy (70) School Executive Management Institute (SEMI) credits

OR

Six (6) hours of coursework

OR

35 SEMI credits AND 3 hrs coursework

OR

Completion of a specialist or doctoral degree in educational administration/leadership
When **all** requirements are completed, college transcripts and/or continuing education unit (CEU) certificates may be submitted for license renewal. The college credit courses may be completed on the undergraduate or graduate level with a grade of "C" or higher at regionally/nationally accredited senior colleges, universities, or community colleges. Official

transcripts must be submitted in sealed envelope(s) or e-Scrip bearing the seal or signature of the registrar. **The license may be renewed for one five-year period beyond the present expiration date. Only credits earned from one expiration date to the next may be used for renewal.** Renewal requirements referencing content area courses refer to the area of endorsement (e.g., mathematics, science, special education, etc.). References to job/skill related area include pedagogy and skills for effective teaching and leadership (e.g., computer technology, cooperative learning, learning styles, methodology, etc.). **Only one renewal method may be utilized during a five-year period.** For a list of CEU providers, go to: http://www.mde.k12.ms.us/ed_licensure/ceu_resource_list.htm

The Mississippi Department of Education no longer approves programs for CEU credit. School districts, organizations, or individuals wishing to prepare and offer a program for CEU credit must submit an application to an accredited CEU granting agency. Any Continuing Education Office at a college, university, or community/junior college is an accredited CEU granting agency. Once programs are approved, they may be offered and certificates will be issued to successful participants by the approving agency. **Ten contact hours of professional development is equal to one CEU credit. The Office of Educator Licensure does not accept CEU certificates for less than .5 CEUs or five contact hours. Official verification of CEU credit(s) must be submitted to document completion of CEU credit(s).**

Through the Educator Licensure Management System (ELMS), educators currently employed by a Mississippi public school district can renew electronically online. CEUs, coursework or National Board used for renewal can be verified by the district administrator.

For instructions on this process, go to:

http://www.mde.k12.ms.us/ed_licensure/pdf/ELMS_online_renewal_process.pdf

SPECIAL NOTE

A grade of “C” or higher must be obtained on all coursework taken for renewal of license, reinstatement of license or the adding of supplemental endorsements. This includes all coursework outlined on planned programs required to convert a special license to a standard license.

Acceptable Degrees or Coursework for Licensure

The Office of Educator Licensure accepts degrees or coursework from any nationally or regionally accredited institution. Accreditation can be checked from the United States Department of Education website (<http://www.ope.ed.gov/accreditation/>) or the Council on Higher Education Accreditation website (<http://www.chea.org/search/default.asp>). Section 37-3-2 of the Mississippi Code authorizes the Certification Commission and State Board of Education to approve all teacher preparation programs for any license in MS. The Commission does not approve programs completed in other states. If a Mississippi educator completes a degree program in another state with the intention of becoming certified, he/she must provide to the Office of Educator Licensure documentation that the out of state program is approved for licensure in that state. An “Institutional Program Verification” form can be accepted as documentation and can be found in the “Paper License Application” packet at (<http://www.mde.k12.ms.us/educator-licensure/licensure-application-k12>).

Applicants from Foreign Countries

It is the responsibility of the applicant to have all correspondence and foreign transcripts translated and evaluated by an evaluation agency prior to submission of application to the Mississippi Department of Education. (Access evaluation agencies at www.naces.org and click on “Current Members” for contact information.) All applicants must have a Social Security number. Foreign applicants will apply for licensure through reciprocity guidelines. http://www.mde.k12.ms.us/ed_licensure/foreign.html

Name or Address Change

It is the responsibility of the educator to make name or address changes with the Office of Educator Licensure. To do so, the educator can log into the Educator Licensure Management System (ELMS) at: <https://sso.mde.ms.gov/Login/Login.aspx> and edit personal information as needed. Name or address changes can also be submitted in writing and mailed to the **Mississippi Department of Education; Office of Educator Licensure**; P.O. Box 771; Jackson, MS 39205. If a copy of the license with the new updated information is desired, the applicant must apply for a duplicate license following the process outlined below.

Duplicate License

An individual may request a duplicate copy of a license by applying online and paying with a debit or credit card or by submitting a completed Licensure Application and a \$5 money order (**Personal checks not accepted**) to the **Mississippi Department of Education; Office of Educator Licensure**; P.O. Box 771; Jackson, MS 39205. Download the Licensure Application Packet at: http://www.mde.k12.ms.us/ed_licensure/pdf/Licensure_Application_Packet_K-12_2011.pdf or file an online application through the Educator Licensure Management System (ELMS) at: <https://sso.mde.ms.gov/Login/Login.aspx>.

Use of Non-licensed Personnel – “The Expert Citizen License”

MS Code 37-3-2 (6)(e) allows for the utilization of local business or other professional personnel, a non-licensed person, to teach a maximum of three (3) periods per teaching day. The use of non-licensed personnel may be requested **ONLY** by the superintendent of a local school district. The applicant shall submit to the superintendent a transcript and/or other documents of education and related experience, which substantiate preparation for the subject to be taught. The superintendent shall submit a letter of justification with the supporting documents to the Office of Educator Licensure for consideration. (*Note: In no case, shall any local school board hire non-licensed personnel in excess of five percent of the total number of licensed personnel in any single school.*)

Denial, Revocation, or Suspension

According to MS Code 37-2-2 (11) an application for licensure may be **denied** for one or more of the following reasons:

- Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;
- The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

- The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effect, at the time of application for a license;
- Revocation of an applicant's certificate or license by another state;
- Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;
- Failing or refusing to furnish reasonable evidence of identification;
- The applicant has been convicted, has pled guilty or entered a plea of *nolo contendere* to a felony, as defined by federal or state law;
- or The applicant has been convicted, has pled guilty or entered a plea of *nolo contendere* to a sex offense as defined by federal or state law.

According to MS Code 37-3-2 (12), teachers' or administrators' licenses may be **suspended** or **revoked** for a specified period of time for one or more of the following reasons:

- Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section [37-9-57](#);
- Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;
- Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;
- The license holder has been convicted, has pled guilty or entered a plea of *nolo contendere* to a felony, as defined by federal or state law;
- The license holder has been convicted, has pled guilty or entered a plea of *nolo contendere* to a sex offense, as defined by federal or state law; or
- The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section [37-16-4\(1\)](#).
- The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;
- The license holder has fondled a student as described in Section 97-5-23, had any type of sexual involvement with a student as described in Section 97-3-95;
- The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

Dismissal of a licensed employee by a local school board may result in suspension or revocation of a license for a length of time, which shall be determined by the Commission and based upon the severity of the offense. Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

A person may voluntarily surrender a license. The surrender of such license may result in the Commission's recommendation of any of the above penalties without the necessity of a hearing.

However, any such license, which has voluntarily been surrendered by a licensed employee may be reinstated by a unanimous vote of all members of the Commission.

Any person, whose license has been suspended on any grounds, may apply for reinstatement of the license after one (1) year from the date of suspension, or after one half (1/2) of the suspension time has lapsed, whichever is greater. A license revoked on criminal grounds may be reinstated upon petition to the Commission filed after expiration of the sentence, parole, or probationary period imposed upon conviction, whichever is shorter. The Commission may require an applicant for reinstatement to furnish evidence satisfactory to the Commission of good character; good mental, emotional, and physical health; and such other evidence as the commission may deem necessary to establish the applicant's fitness to perform the duties authorized by the license.

Class Levels of Mississippi Licenses

Class A = Bachelor's level license

Class AA = Master's degree level license

Class AAA = Specialist degree level license

Class AAAA = Doctorate degree level license

Note: To upgrade a standard license to a higher class level, the degree earned must be from a regionally or nationally accredited college or university. To verify an institution's accreditation, an educator can search the database found on the website for the Council of Higher Education Accreditation at: <http://www.chea.org/search/default.asp>.

APPLICATION PROCESS

1. Read Licensure Instructions and Checklist (located with the paper application) to locate the license for which you are applying.
2. Download a Licensure Application Packet or apply online at: http://www.mde.k12.ms.us/ed_licensure/licensure_application.htm. (The Office of Educator Licensure cannot, by law, take action against any license without a license application request by the educator.)
3. Whether completing a paper or online application, mail in all supporting documents required in your license category to the Mississippi Department of Education, Office of Educator Licensure, P.O. Box 771, Jackson, MS 39205-0771.
