

Neutral Testimony on Assembly Bill 327

Good morning Chair Spearman and members of the Senate Committee on Commerce and Labor. For the record, my name is Daniel Pierrott with Argentum Partners testifying on behalf of our client, the Nevada Academy of Physician Assistants. Today we are coming in as neutral to Assembly Bill 327.

Similarly to our testimony on the Assembly side, we would simply like to go on record saying that we appreciate the intent of the bill and the sponsor for bringing this legislation forward.

We are neutral on the CME substitution of cultural competency and diversity, equity, and inclusion.

Thank you for your time and consideration.
