

Salary Schedule for Paraprofessional and School-Related Personnel

All lanes, all calendars

July 1, 2019–June 30, 2024

Salary Tables for PSRPs

The PSRP salary tables below are differentiated by job titles. The schedules show annual **Salary** and **Total Compensation** at each **Step** and **Lane**.

Years of Service refers to creditable years of service associated with the **Step**. **Salary** corresponds to the annual salary for that **Step**. For PSRPs hired before 1/1/17, **Total**

Comp equals the sum of annual salary and the pension pick-up. For PSRPs hired on or after 1/1/17, **Total Comp** equals the sum of annual salary and an amount equal to the pension pickup added to salary.

PSRPs advance on salary steps when they reach the years of creditable service associated with the next step.

NEW IN THIS CONTRACT

All PSRPs now have access to **Lanes**— which are salary differentials based on education. Lane 1 is the base salary. Lane 2 is accessible for PSRPs with an Associate's Degree or higher. Lane 3 is accessible for PSRPs with a Bachelor's Degree or higher.

job titles differentiated based on additional education (such as Teacher Assistant I and II) have had their salary schedules consolidated into one salary table.

The salary grades associated with the additional education have been placed automatically on Lane 2. Grades that have been automatically placed on a Lane will appear in

parentheses in the Lane header, for example "Lane 2 (GB2)".

Lanes 1 and 2 are implemented immediately. Lane 3 is available starting in the 2021-2022 year (see note below for a few exceptions). If you have the qualifications necessary for Lane 3, you will be placed on Lane 2 until Lane 3 is available.

Note on Lane 3 exceptions: Job titles that have historically had three levels of differentiation based on education will maintain those three differentials as Lanes—i.e. Technology Coordinators and Educational Sign Language Interpreters. Those job titles will have all three Lanes available immediately.
