### STATE OF ALABAMA

# EXECUTIVE BUDGET

FISCAL YEAR 2022

Kay Ivey Governor

#### MESSAGE OF TRANSMITTAL

#### TO THE LEGISLATURE OF ALABAMA:

Pursuant to the constitutional requirements in Section 123 and Amendment No. 448 of the Constitution of 1901 and the provisions contained in Sections 41-4-80 through 88, Code of Alabama 1975, as amended, and Sections 41-19-1 through 12, Code of Alabama 1975, as amended, I herewith respectfully submit my recommended budget for the fiscal year ending September 30, 2022.

KAY IVEY GOVERNOR

#### OFFICE OF THE GOVERNOR

KAY IVEY GOVERNOR

STATE CAPITOL
MONTGOMERY, ALABAMA 36130

#### STATE OF ALABAMA

#### 2021 State of the State Address

#### My Fellow Alabamians:

I am speaking to you tonight *just outside* the old House Chamber in the Alabama State Capitol. Previously, other governors and I have used that historic chamber to kick off a joint session of the Alabama Legislature for the "State of the State" address.

Tonight, however, is different, just like 2020 was different from every other year in memory. Instead of addressing the 140 members of the Legislature in person, the Capitol building is empty tonight.

Because of COVID-19, our Legislators have appropriately taken the added precaution of social distancing in their respective chambers as they prepare for the formal start to their Regular Session.

To the men and women of the Legislature, let me begin with a word of heartfelt thanks.

"Thank you" for working with my Administration and me as, together, we have looked for good ideas and solutions to the challenges and demands of this past year.

And, I know I speak for every elected leader throughout the state when I say we *all* owe the people of Alabama a debt of gratitude for their willingness to work *with us* as we have navigated one of the most challenging years in our state's history.

Make no mistake, this time last year things were different...much different.

At 2.7 percent, Alabama had the lowest unemployment rate in our state's history, we were seeing economic prosperity all around and, we were dealing with the wonderful problem of more jobs than people to fill them.

During the past 12 months, Alabama – like the rest of the country – had no choice but to deal with one giant challenge after another.

In addition to social unrest and a polarizing national election, we also had 8 federal disaster and emergency declarations in the state, including a hurricane, a tropical storm and floods from one end of the state to the other.

So, make no mistake, there were no tears shed when we bid good-bye to 2020 a month ago.

While the year tested both our patience and perseverance, it never once tested our faith.

Despite all that was thrown at us, Alabamians remained grounded and kept our resolve. *You never gave up*.

And while COVID-19 has proven to be a worthy adversary with no regard for class, race or gender, the disease has shown us just how much more we can accomplish if we work together.

Many small businesses, retailers, and restaurant owners utilized curbside service to keep their doors open, ensuring their employees could continue receiving a paycheck and their customers could be served in a safe way.

Also, our healthcare workers and first responders proved their mettle as they helped fight the virus and keep us safe.

*Y'all, none of this has been easy.* 

Whether it was delaying an election, a wedding or a funeral... or wearing a mask and practicing social distancing...this disease created obstacles we all had to overcome.

But it is also revealed the "Angels Among Us," as my friend Randy Owen and the Band ALABAMA would remind us back in 1993...a song written for the challenges of a different time, nevertheless highlighting the beauty of neighbors helping neighbors even as we all get through life's darkest moments.

One of those dark moments came just last week...with the deadly tornado that hit Fultondale and Center Point.

We continue to pray for those who lost so much and renew our pledge that we will be with them as they pick up the pieces and start to rebuild.

While there are too many people to thank tonight, I would be remiss if I didn't make one exception by singling out the tireless efforts of our state health officer, Dr. Scott Harris.

There is no question that there are many things we would do differently if only given the chance. Dr. Harris has been a dedicated professional since day one and he and his team's top priority has always been to do what is in the best interest of *all* the people of our state.

While we are still living in a challenging year, I can report with confidence that things are getting better! As the supply of vaccine increases and is in more arms, the end of COVID-19 is closer than ever before.

My fellow Alabamians, my prayer – and our goals – for 2021, is not just to get back to where we were. Instead, I want us to look ahead with confidence toward where we aspire to be.

It's time to set big goals and lay out a bold vision for the year ahead.

The foundation for this agenda begins with a respectful, honest relationship with this Legislature. I have found it helpful to shoot straight, treat everyone with respect and establish our priorities with a realistic timeline for what is possible and what is not.

We have also ended a crazy year by maintaining all functions of state government without exception. Moreover, there was no reason to even mention "proration," or reducing state services.

Thanks to the online sales tax that was implemented in 2017, our state's receipts remain in the black despite an extremely challenging year for retail. And instead of talking about raising taxes, one of the first bills I want the Legislature to pass is a measure that will ensure everyone who received CARES Act dollars will not pay one penny in state income taxes on that relief.

After all, these monies were meant to tide people over until the economy recovered; it was never meant as an opportunity to grow the state's bank account.

Another bill that is a top priority is to renew our economic development incentives that we have used for years to build such a strong, diverse economy. The pipeline of new companies looking to come to Alabama is full and these tax credits help ensure we are competitive enough to get them.

I am also grateful the Legislature is poised to enact legislation that will prevent our business and medical communities from frivolous lawsuits that might come because of COVID-19. They and our legal community worked to make this happen.

These are just the first of three priority bills that I hope the Legislature will send to me within the first couple weeks of this new session. When they do, I'll be sure to sign them into law without hesitation.

Ladies and gentlemen, compare this with the discord and division of what we have seen coming from our Nation's Capital. Sadly, the contrast is striking.

I'd like to again offer my sincere thanks to the members of the Legislature for designating how we were going to get 1.8 Billion dollars of Federal CARES Act money into the hands of those who needed it the most.

I'm also proud of all the departments in my Administration for how they responded to the pandemic.

For example, the finance department worked within the parameters of the legislation to make sure every penny was spent wisely.

And whether it was our initial "Revive Alabama" small business grant program that got more than \$96 million dollars to nearly 8,000 small business owners, or the Revive-Plus program a few months later, which approved close to 11,000 applications and distributed more than \$198 million dollars, our mission was clear and simple... this money never belonged to the state, it always belonged to the people of Alabama.

I am especially proud that these grants went to 941 Veteran-owned businesses and more than 4,100 minority-owned businesses. I'm also grateful we found ways to help our state's non-profits, faith-based entities, agribusiness and other groups. We were also able to replace critical funding into our state's unemployment insurance trust fund in order to minimize the impact on employer payroll taxes as much as possible.

#### **PSCA** and Education

While 2020 presented a host of challenges, the year also gave us opportunities to do some big things such as work with the Legislature to pass the Public School and College Authority Bond.

This one point two five-billion-dollar investment sent money to every K-12 school system, and to all of our two- and four-year colleges.

The proceeds of this bond will be transformational for years to come.

Whether it was assisting Tallassee High School replace a 92-year-old building or UAB's new genomics facility or a new medical school at the University of South Alabama, these projects – and others – will have a lasting impact on future generations of Alabamians.

Few areas were more challenged in 2020 than our education system. In fact, our teachers and students were among the first who were affected by COVID-19.

Last March, when we entered a state of emergency, we announced our schools would be closed to in-person instruction until we could wrap our arms around what was happening. Little did we know the remainder of the school year – and the current one –would be challenged.

Utilizing CARES Act dollars, we invested more than 434 million dollars into our classrooms with 70 million dollars going directly to local systems for the purpose of limiting the spread of COVID-19 in our schools.

Another program we championed was what we called ABC for Students where we allocated 50 million dollars for low income families to receive internet through this current school year for remote learning.

While many parents, students and teachers struggled through this form of instruction, they all deserve praise for having the determination and patience to keep working to get it right.

As a result, my budget proposes a two percent pay increase as a way to express our State's gratitude to our teachers who rose to the challenge during an unprecedented time for our state.

I will also recommend that our state employees receive this same increase. As the old saying goes "the time is always right to do what is right" and we should express our thanks for these dedicated public servants who keep our state running.

Moving forward, we will continue to emphasize what we know works - a focus on our nationally-recognized Pre-K program, a solid foundation of reading and STEM education, while also providing teachers with the tools they need to teach our students.

I continue to believe that our students need to get back to the classroom as soon as possible. Across the board remote learning was always intended to be temporary. Take it from a former economics teacher, nothing replaces in-person instruction and, unfortunately, during COVID-19, many students have fallen behind.

Catching our students up won't happen overnight or during the traditional school hours.

As such, I am urging all our schools to partner with community organizations in your local area; this will be more important than ever before to be innovative and create new opportunities for summer and after school programs.

#### **BROADBAND**

Another place where COVID-19 exposed a weak link in our state's infrastructure was in the area of Broadband and internet connectivity.

Thankfully, the Legislature is already committed to working to address this deficiency and I look forward to continuing to partner with them to assist internet providers to extend service for the underserved areas of our state.

And just last week, I partnered with C-Spire for their \$500 million dollar investment in Alabama over the next three years. This investment will provide broadband to one hundred thousand homes and businesses in our state and create 250 jobs.

These investments and the commitment of elected leaders, will make great headway in this critical area of infrastructure.

#### MENTAL HEALTH

Last year, we funded – and will soon open by May 2021 – three new crisis centers to serve as a safe place for those needing mental health services. Established along the I-65 corridor in Mobile, Montgomery and Huntsville, these centers were meant to serve as pilot programs with the intention of expanding into more communities as soon as possible. With strong leadership

in the Department and in partnership with the Legislature, we are providing a wide range of new tools to divert individuals from hospital emergency rooms and local jails.

Tonight, I'm pleased to propose a 46-million-dollar investment to expand 96 beds at the Taylor Hardin facility in Tuscaloosa and another 6 million dollars for an additional crisis diversion center.

Building upon the personal commitment of Governor Lurleen Wallace, my Administration will maintain our commitment to provide critical evaluation and treatment of our most vulnerable population regardless of their present circumstances.

#### **LABOR**

A year ago, Alabama's record low unemployment rate was 2.7%. However, that number grew to 13.3% by April 2020.

By December, our unemployment rate was back down to 3.9%, the lowest since the pandemic began. The economic foundation we have built in Alabama over the past several years has proven to be solid, making our economic recovery a key reason why I am so optimistic for the future.

#### **COMMERCE**

With help from the Department of Commerce, our businesses showed resiliency and flexibility as many manufacturers pivoted to make face masks and PPE in the early days of the pandemic. Now Alabama companies are making the vials for the vaccine and expanding operations within the state to provide masks nationwide.

There is reason for continued hope in our economic growth. One sector of our economy, Alabama's auto industry, hasn't been slowed by the pandemic.

In 2021, Mazda Toyota in Huntsville will hit an important milestone of hiring around 3,000 production workers, and their suppliers are hiring thousands more.

Hyundai is also making a major investment this year at its Montgomery facility to introduce two new models to its Alabama production lineup – the Santa Cruz crossover and the Tucson SUV.

Honda is launching the mass production of the next-generation Ridgeline pickup...

And Mercedes-Benz is now ramping up to build two new electric vehicles at its plant in Vance, propelling continued growth in the automotive supply chain in communities such as Jasper, Muscle Shoals, Greenville and Alex City.

#### Innovate Alabama

Last year, I worked closely with the Legislature and strong corporate partners, to launch a commission focusing on entrepreneurship and innovation called "Innovate Alabama," which is designed to help both individuals and startup companies. Special thanks goes to Dr. Condoleezza Rice, an Alabama native, who serves as chair of the Innovate Alabama Advisory Committee.

Alabama has always been at the forefront of developing new technologies to make our country and world a better place but, now, we are engaging our state's trailblazers to come up with new ideas and policies that will support entrepreneurship, economic development and jobs for the future.

#### **ALDOT/REBUILD**

When I became governor in April of 2017, I threw my support behind an effort to rebuild our state's infrastructure... our roads, bridges, and even our State Port needed significant upgrades.

On my second day on the job, I publicly supported the Legislature's efforts now known as "Rebuild Alabama."

My fellow citizens, if you are traveling down a road or highway and see a blue sign that says "Another project to Rebuild Alabama," that is proof of your tax dollars being spent wisely and transparently to improve safety, increase efficiency and support commerce.

In the first year of this program, Alabama invested over 127 million new dollars in Cherokee, Limestone, Madison, Autauga, and Tuscaloosa counties on projects to provide interstate connectivity and much needed repairs.

Additionally, 27 city and county projects were announced just last year. This is on top of other local projects and ongoing repairs all over the state.

Friends, it doesn't stop there. Tonight, I'm proud to announce we are moving forward with a project that other governors have talked about but, until now, no one has been able to do... later this year, we're going to turn the shovel on a long discussed four-lane Highway 43 from Thomasville to Tuscaloosa.

This will provide Interstate connectivity and economic development opportunities for many rural counties in Alabama's Black Belt between the cities of Mobile and Tuscaloosa.

I am also pleased to announce plans to connect two more rural counties with four-lane access in Geneva and Fayette counties.

Folks, our roads are the arteries of Alabama's commerce. These projects are just a few of the many that we'll use to open doors of opportunity to all our people.

#### **ALEA**

We all know that we can't have safe roads without having State Troopers patrolling them. In 2020, the Alabama Law Enforcement Agency was able to recruit, train and graduate 123 new troopers. They have also added sworn personnel to our waterways and Gulf Coast.

I would be remiss in not acknowledging the challenges our men and women in blue face every day and thank them for their service and sacrifice they make to keep us safe. We can never say thank you enough.

#### **PRISONS**

One of the most critical issues facing our state is the dire condition of our prisons.

It is no secret that the Department of Corrections has faced significant challenges that are a result of decades of neglect. Resolving these require a multi-faceted strategy and immediate action. The cornerstone of our ongoing efforts is the Alabama Prison Program – a bold undertaking to replace the State's aging and failing prison infrastructure with safe, new, sustainable and affordable men's prisons.

I have signed a lease on the first two of these prisons – to be located in Escambia and Elmore Counties – and I am pleased to say that we soon will complete our negotiations with the developers whose proposals qualified them to construct new prisons. Not only will these modern facilities improve prison conditions and safety for both Alabama's correctional staff and inmates, they will also be designed to accommodate inmate rehabilitation.

Rehabilitated inmates are much less likely to reoffend and much more likely to become productive, contributing members of society when they are released. It is incumbent upon all of us to make this investment which will, over time, help make all our communities, and all of us, safer.

We will also continue to move forward with criminal justice reforms, and I am grateful to have the support of so many in the Legislature as we seek to improve our criminal justice laws.

#### **GAMBLING**

Since 1999, over 180 gambling bills have been introduced in the Alabama Legislature. However, you've not had a chance to make your voice heard.

Last year, I asked the people of Alabama to trust me to gather all the facts on what has been endlessly debated in our state but never adopted.

My first action was to establish a working group of some of Alabama's most distinguished citizens to present us the facts so we can make the most informed decision possible.

I'm proud of the work of this group and they have delivered a comprehensive analysis of both the benefits and drawbacks of expanded gambling.

I've never been an out-front champion on this issue, but I have always believed that the people of Alabama should have the final say.

If established in an accountable and transparent manner, good can come from this effort. The current system only costs the state money and you, the people, don't benefit in any way.

I am confident the Legislature will be thoughtful and deliberate as they debate this issue. But let me be absolutely clear, this must be a transparent process – with no deals being cut under the table.

If something does not pass the smell test, I'll sure let you know.

I look forward to working with the men and women of the House and Senate to give Alabamians an opportunity to decide, once and for all, if a different approach to gambling is in the best interest of our state.

#### **CLOSING**

As I reflect on all that happened during this past year, one moment that rises above the rest was the honor and privilege our state extended to the late Congressman John Lewis. Although he represented Atlanta in Congress, this Pike County native never forgot where he came from. With his passing, he was given the distinct honor of being the first African American to lie in repose in our State Capitol.

After marching across the Edmund Pettus Bridge in Selma as a young man, John Lewis went on to become a legendary leader for civil rights alongside other giants of the movement like Dr. Martin Luther King, Jr and Rev. Fred Shuttlesworth.

To honor his final wishes in this way was simply the proper thing to do. It was incredibly moving to see people of all races, religions and political parties stand in line for hours to pay homage to, as he called himself, the "boy from Troy."

To quote John Lewis, "Every generation leaves behind a legacy. What that legacy will be is determined by the people of that generation."

I hope that as Alabama continues to make progress, we remember the lessons of history.

We must consider our challenges ahead as more than momentary struggles and view them in the lenses of our legacy. Remember, there is nothing we cannot achieve when we work together.

My fellow Alabamians, good night. May God continue to bless each of you and the great State of Alabama.

#### **Awards**

Government Finance Officers Association of the United States and Canada (GFOA) presented a State Budget Award to the State of Alabama, for its annual budget for the fiscal year beginning October 1, 2020. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

#### Acknowledgements

Production of this document would not have been possible without the assistance of staff of several divisions within the Department of Finance of the State of Alabama as well as the Office of the Governor. I sincerely appreciate the efforts of each of those as well as the Finance Director in continuing to produce a document of this quality. I also wish to express my gratitude to the entire staff in the Executive Budget Office, whose daily efforts to administer the responsibilities of the Budget Management Act are crucial to the production of this budget summary document.

Respectfully submitted,

Doryan H. Carlton State Budget Officer

This chart separately displays all branches of state government departments having at least 500 employees at the end of FY2020. Departments with less than 500 employees are included within the "Other" category. Totals do not include colleges and universities.

#### **Executive Budget Process**

The Executive Budget Office (EBO) of the Finance Department is responsible for preparing the initial information concerning the State's budget and its execution, revenue estimates, review of appropriation acts, and fiscal analysis. The EBO also assists the Director of Finance and the Governor in duties relating to the formulation of the budget; correlating and revising the estimates of revenues and requests for appropriations of all budgeted agencies; and investigating, supervising, and coordinating the expenditures and other fiscal operations of such agencies.

Budget formulation begins with budget requests submitted to both the EBO and the Fiscal Division of the Legislative Services Agency on or before November 1 (§ 41-4-84, *Code of Alabama 1975*). Budget requests are prepared by the administrative head of each budgeted agency and institution based on guidelines provided by the EBO and include estimated expenditures for the next fiscal year. Expenditure requirements must be classified by programs, program elements or reporting units, and major objects of expenditure in accordance with a standard plan of classification. Requested changes in programmatic expenditures from the prior fiscal year must be explained and proposed capital expenditures must be described and justified. Personnel information and a detailed statement showing actual agency revenue for the preceding year, budgeted revenue for the current year, and estimated revenue for the next fiscal year must also be submitted by each agency.

The EBO must compile and submit to the Governor (or Governor-elect), not later than November 20th, a summary of the program and financial information prepared by the state agencies and institutions. During the process, EBO prepares revenue estimates with the advice of an economist, as well as input from the State Treasurer, the Department of Revenue, and other agencies responsible for the collection of the revenues. The total estimated available revenue in both the State General Fund and the Education Trust Fund must be certified to the Legislature prior to the third legislative day of each Regular Session as required by Amendment 803 to the Constitution of Alabama 1901.

Executive budget hearings are conducted to allow agency heads the opportunity to discuss their budget requests and answer any questions the Governor and/or Finance Director may have. When the Governor begins the task of formulating the proposed budget, consideration is given to the estimates of revenue, the estimates of expenditure requirements submitted by the agencies, the tentative budget recommendations prepared by the EBO, and the testimony elicited at the budget hearings. However, the final budget proposal represents the Governor's judgment and recommendations for meeting the revenue and expenditure needs of state government as well as taking into consideration the needs of the citizens, court orders, and statutory mandates. Ultimately, the Governor is required to submit a balanced budget (§ 41-19-4, *Code of Alabama 1975*) whereas proposed expenditures do not exceed recommended available revenue.

The Governor's Executive Budget is transmitted to the Legislature on or before the second day of the Regular Session and consists of three parts. First, the fiscal data section contains information on the bonded indebtedness, revenue estimates, condition of major state funds, summary of recommended appropriations, organizational charts, and the Governor's State of the State address. Second, the Executive Budget Summaries contain a brief descriptive narrative as well as detailed information related to the actual expenditures, current budget, and requested appropriations for each agency and institution. Detail is provided by standard classifications of expenses, such as personnel costs, operating expenses, grants and benefits, capital outlay, equipment purchases, and

transportation costs. Finally, the appropriation bills that include the language to legally enact the budget and any recommended revenue bills, which implements the recommendations made by the Governor. Such appropriation bills indicate the programmatic appropriation to each agency and institution and the source of funds from which each appropriation is to be paid.

State of Alabama Budget Calendar (Fiscal Year October 1 to September 30)

The above budget calendar represents a typical budget year for the State of Alabama. The start date for the Regular Legislative Session is based on which year it is in the quadrennium. The first year is on the 1st Tuesday in March. The second and third year are on the 1st Tuesday in February. The fourth year is on the 2nd Tuesday in January.

#### **Legislative Process**

After the Executive Budget is received and introduced by the Legislature, it is referred to the House and Senate finance committees for review and alteration. During the review process, the Legislature will hold budget hearings in Joint Committee to hear from agencies regarding their funding needs in the new fiscal year. Once budget hearings are completed, each finance committee will review one of the two budgets: General Fund or Education Trust Fund, along with other accompanying appropriation bills. The House Ways and Means and Senate Finance and Taxation Committees will make changes to the Governor's budget and present it to the Legislature for approval. If the House and Senate cannot agree on the proposed budget, it is then referred to a Conference Committee made up of delegates from the House and Senate. This committee debates any differences, comes to a compromise, and presents the budget once again to the Legislature for approval.

The Legislature must consider the budget recommended by the Governor, including proposed goals and policies, tax rates, revenue changes, and long-range program plans. The Legislature may adopt alternatives from the recommendations made by the Governor, but ultimately must pass a balanced budget, which means that any authorized expenditures shall not exceed estimated revenues. (§ 41-19-9, *Code of Alabama 1975*)

The budget must be passed by a majority of the members present in each legislative body and presented to the Governor for approval. If the Governor disapproves of the changes made to the budget, he or she may veto it and return it to the house of origin. Alabama is a state in which the Governor has the power to accept or reject any item of an appropriation bill without vetoing the entire bill. In this event only, the vetoed item of the appropriation bill is returned to the house of origin for reconsideration by the Legislature. The remainder of the bill becomes law.

The items vetoed by the Governor may be overruled by the Legislature with a majority vote of each house. If the Governor fails to return a bill to the house in which it originated within six days after it was presented to him or her (except for Sundays), it becomes law without his or her signature unless recess prevented the return. The bills that reach the Governor less than five days before the end of the session may be approved by him or her within ten days after adjournment. Any bills not approved within that time do not become law. This is known as a "pocket veto" which is the most conclusive form of veto for the Legislature which, having adjourned for the session, has no chance to reconsider the vetoed measure.

Once passed by the Legislature, the budget becomes an act and appropriates spending authority to the agencies listed in the act to operate state government for the next fiscal year.

#### **Amending the Budget**

#### Supplemental Appropriation

The current year's appropriation bill which passed in the prior year's Regular Session can be amended by the Legislature in the current year through a supplemental appropriation bill. Supplemental appropriation bills are for a single purpose and provide the source of revenue necessary to pay the appropriation. A supplemental appropriation bill can increase/decrease a current appropriation, create a new appropriation, or amend the current appropriation bill by correcting or changing language in the bill regarding a specific expenditure.

#### Appropriation Transfers/Changes

Appropriation transfers or changes between objects of expenditures within a program may be made only by the Director of Finance. Appropriation transfers or changes between programs within an agency or department may be made only by the Governor and shall be reported to the legislature quarterly. No transfers can be made between agencies or departments except for interagency agreements executed for purposes of accomplishing objectives for which the funds involved were appropriated. (§ 41-19-10, *Code of Alabama 1975*)

#### Appropriation Bill Language

The appropriation bill contains language to allow for the following:

- Any amounts from appropriations unexpended at fiscal year-end shall be reappropriated to the various state agencies.
- The Governor is authorized to appropriate additional funds to any state agency when the original appropriation is insufficient to pay salaries in that agency.
- The Director of Finance has the authority to pay claims that a federal court has ordered upon certification by the Attorney General.
- State agencies are required to make quarterly transfers from their appropriated amounts to the State Personnel Department for professional services provided.
- Any amounts appropriated to state agencies include the amounts necessary to pay for employee health care.
- The Director of Finance shall notify the Chair of the House and Senate Finance Committee and the Deputy Director of the Legislative Services Agency – Fiscal Division of any interagency transfers.

#### **Emergency Appropriations**

The, § 41-4-94, *Code of Alabama 1975* requires the budget appropriation bill contain a specific amount as an emergency appropriation. The appropriation shall be expended solely for the purpose of addressing a financial emergency within a state department, board, commission, bureau, office, or agency. The appropriation shall not exceed 2% of the total amount appropriated in the appropriation bill. The allotment of emergency appropriations shall be as follows:

- Any agency of the state shall submit a request in writing to the Director of Finance providing justification for the request.
- The Director of Finance has the authority to modify the amount requested by the agency.

If approved for emergency funding, the Director of Finance directs the Executive Budget Office to
release the funds after providing a 10-day notice to the Chairs of the Senate Finance and TaxationGeneral Fund Committee, the Chair of the House Ways and Means-General Fund Committee, and
the Deputy Director of the Legislative Services Agency-Fiscal Division of the pending transfer.

#### Federal Funds

In the appropriation bill passed by the Legislature, it is noted that all federal funds received by a state agency shall be appropriated to that agency. If the legislature is not in session during the time that the federal funds are received, the agency must submit a budget revision to the Executive Budget Office increasing the agency's spending authority for the amount of funds received. The revision must be approved by both the Director of Finance and the Governor for the agency to increase its spending authority.

#### **Financial Policies**

Once the Legislature has passed the various appropriation bills and they become law, the financial controls of the budget process are set into motion.

#### **Budgetary Controls**

Budgetary control is exercised through the Executive Budget Office of the Department of Finance based on the appropriation acts of the Alabama Legislature. The annual appropriation acts for Alabama include legally adopted budgets for the General Fund, Education Trust Fund, and other budgeted funds. The appropriation acts identify the source of funding as well as programmatic areas for which expenditures are authorized.

Alabama's constitution and other state statutes require a balanced budget for annual financial operations. If revenue collections do not meet budget projections, the Governor is required to prorate the appropriations and restrict allotments to prevent an overdraft in any fiscal year for which the appropriations are made.

Allotments of appropriations are made quarterly based on plans of operations submitted by the departments and agencies. These appropriations and allotments are enforced by automated edits that prevent allotments in excess of appropriations and expenditures in excess of allotments. Encumbrance accounting is used for purchase orders that are issued to ensure purchase orders plus expenditures do not exceed allotment balances. Controls are further tightened at fiscal year-end by verifying the total of purchase orders plus expenditures and any obligations (accounts payable) incurred against fiscal year appropriations, do not exceed allotments and the remaining allotments do not exceed cash in the State Treasury.

#### **Financial Controls**

An appropriation for a department, agency, or program of the State is initially contained in one of the appropriation bills enacted by the Legislature. Before any money can be disbursed pursuant to an appropriation, the department, board, bureau, commission, agency, office, or institution of the State for which the appropriation was made must submit a requisition to the Finance Department for an allotment of the amount estimated that is necessary to take on work during the period for which the allotment is to be made. Allotments are made for a certain length of time as deemed appropriate and convenient by the Department of Finance, with the approval of the Governor. No allotment shall, in any event, be for a period of longer than three months. The Department of Finance must examine each such requisition and, with the approval of the Governor, make such allotment or modification as necessary.

The State Comptroller is required to establish all allotments on the books and is prohibited from paying an agency any amount more than the allotted amount. The Department of Finance, with the approval of the Governor, may subsequently modify any allotment either upon the written request of the head of the agency concerned, Finance Director, or the Governor. After the Comptroller has recorded an allotment, the money represented may be expended or encumbered upon request of the head of the agency for which such funds have been appropriated.

State money, which has been appropriated and allotted, is subject to disbursement by the State Treasurer. Each warrant presented to the State Treasurer by the Comptroller must specify the appropriations against which it is drawn or the Treasurer will not pay the warrant. The Comptroller is responsible for keeping an account in connection with each appropriation and allotment. No warrant may be issued by the Comptroller or paid by the State Treasurer more than the available balance of the applicable account or funds on hand in the State Treasury. The State Treasurer is required to honor all warrants properly drawn by the Comptroller.

It is unlawful for any agency official to expend any appropriation for any purpose other than that for which the money was originally appropriated, budgeted, and allotted. If the Governor ascertains that funds are being spent unlawfully, the Governor has the power to suspend all appropriations and allotments to such agency or institution until such amounts diverted or wrongfully expended have been replaced. (§ 41-4-95, *Code of Alabama 1975*)

Under the Alabama Constitution, if at the end of any fiscal year, the money in the State Treasury is not sufficient for the payment of all proper claims presented to the Comptroller, then as of the end of the fiscal year, the Comptroller is required to issue warrants only for that proportion of each such claim equal to the percentage of the amount of such claim relative to the total of all claims. The courts of Alabama have interpreted this provision to require the annual financial operations of the State to be on a balanced budget and to prevent any department of the State from creating any State debt.

#### Accounting and Auditing Policies

The financial statements for the State of Alabama are reported in conformity with generally accepted accounting principles (GAAP) unless otherwise noted on the face of the statement or in the Notes to the Financial Statements. GAAP basis reporting differs considerably in some ways from the cash basis of accounting under which the State budgets and operates.

Under GAAP, the government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Agency funds, however, do not have a measurement focus. Revenues are recognized and recorded when earned and expenses are recorded when a liability is incurred for exchange and exchange-like transactions, regardless of the timing of cash flows.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this focus, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the balance sheet.

The financial statements for the State of Alabama are audited by the Department of Examiners of Public Accounts. The § 41-5A-1 through 41-5A-24, *Code of Alabama 1975* created the Department, which is charged with auditing the books, accounts, and records of all state and county offices, officers, bureaus, boards, commissions, corporations, departments, and agencies and to report on expenditures, contracts, or other audit findings to be violation of law. The Department has the authority to make audits of the accounts of all entities receiving or disbursing public funds. The majority of audit work performed by the Department consists of traditional financial and compliance audits, including Federal compliance. These audits focus on two areas: reliability and accuracy of financial statements; and compliance with laws, ordinances, regulations, and other requirements.

#### Cash Management

The Office of the State Treasurer, created by § 36-17-91 *Code of Alabama 1975*, is the bank of state government. The general duties of the Treasurer are to receive all money due to the state, deposit them in the proper accounts, and ensure funds are available to pay for expenses incurred by the State.

The State Treasurer has the responsibility for the investment of cash balances. In accordance with statutory requirements, treasury cash may be invested in Alabama bank deposits, repurchase agreements, U.S. Treasury securities, and Agency Securities.

The State Treasurer has placed considerable emphasis on cash management. In cooperation with state agencies, the receiving of funds into the State Treasury is expedited, with all excess funds earning interest. Investment earnings are deposited in the General Fund and are to be appropriated by the State Legislature for government operations. In addition to the management of the investment of these funds, the State Treasurer initiates investments for several state agencies, with the investment earnings being credited to those agencies. The office receives an average of \$50 million in daily deposits and invests over \$2.5 billion in State dollars each day.

#### Risk Management

The State manages risk through risk control and risk financing to minimize the adverse effects of certain types of losses. Risk financing includes self-insurance through three different funds:

#### State Insurance Fund

The State Insurance Fund (SIF) was established in 1923 by § 41-15-1 *Code of Alabama 1975* for the purpose of insuring direct physical loss on buildings and contents in which title in whole or in part is vested in the State of Alabama. All covered property shall be insured for no more than its replacement cost and shall be insured for no less that 80 percent of its actual cash value.

#### General Liability Trust Fund

The General Liability Trust Fund was established in 1984 to protect state employees from personal financial liability resulting from lawsuits that are based on negligence while acting within the line and scope of state employment. Claims are investigated and defended through the Office of the Attorney General. Auto liability is fully reinsured and American Southern Insurance Company, a re-insurer, handles all claims.

#### State Employee Injury Compensation Trust Fund

The State Employee Injury Compensation Trust Fund (SEICTF) was created by the Legislature on October 1, 1994, with the purpose of providing benefits to eligible state employees for job-incurred injury. Benefits under SEICTF are administered by the Risk Management division of the Department of Finance in accordance with the Alabama Administrative Code that includes all reasonable medical expense arising from a job-incurred injury, lost wages, and benefits to dependents of employees who are fatally injured on the job.

#### **Inventory Management**

The § 36-16-1 through 36-16-11, *Code of Alabama 1975* states that the State Auditor is responsible for the accounting of state personal property costing \$500 or more except for those items of personal property deemed important or sensitive enough by the Property Inventory Control Division to be included in the inventory of state property. The State Auditor is responsible and accountable for all state personal property through a central control and by coordinating with each department's appointed property manager who is responsible for the department's non-consumable personal property. The office is charged to perform an audit of the equipment in each state agency every two years.

#### Compensated Absences

Employees in permanent positions accrue annual leave at a rate of four hours and twenty minutes to nine hours and forty-five minutes semi-monthly dependent upon length of service. Upon separation from service, an eligible employee is paid for the actual number of annual leave days he or she has earned, up to a maximum of sixty days, with the amount being computed on the basis of his or her daily pay rate at time of separation multiplied by the number of days leave due.

Sick leave is accrued at a rate of four hours and twenty minutes semi-monthly. Employees may accumulate up to a maximum of 150 days sick leave. Employees may be compensated for one-half of the maximum accrued sick leave only upon retirement from state service. Tier I employees must have twenty-five years of service OR be at least sixty years old and have at least ten years of service to be eligible for retirement. Tier 2 employees must be at least sixty-two years old AND have at least ten years of service to be eligible for retirement. Tier 1 State Troopers must have twenty-five years of service OR be at least fifty-two years old and have at least ten years of service to be eligible for retirement. Tier 2 State Troopers must be at least fifty-six years old AND have at least 10 years of service to be eligible for retirement. If a state employee in the classified service dies while in active service to the State, the estate of the deceased employee receives a payment of fifty percent of the accrued and unused sick leave, not exceeding 600 hours, which the employee was credited with at the time of his or her death.

#### Capital Expenditures

Alabama does not have a separate capital budget. Capital appropriations are included in the annual appropriation process. Annual budget requests include request for capital appropriations and/or appropriations for maintenance on completed projects.

Capital Expenditures are defined as renovations, repairs, major maintenance, new construction, land purchases and equipment with an anticipated life exceeding one year.

Funding sources for capital expenditures may include state, federal, local funds, and bond proceeds.

#### **Quarterly Performance Reports**

Each State agency is required, by the § 41-19-11, *Code of Alabama 1975*, to submit a performance report to the Executive Budget Office on or before November 1 for the preceding fiscal year. The Executive Budget Office summarizes the performance reports and makes these reports available on its website after each quarterly submittal as well as a final annual report. These reports include the following information:

- 1. The work accomplished and the services provided in the preceding fiscal year or any other meaningful work period
- 2. The relationship of accomplishments and services to the policy decisions and budget determinations of the Governor and the Legislature
- 3. The costs of accomplishing work and providing services, to the extent feasible, citing meaningful measures of program effectiveness and costs
- 4. The administrative improvement made in the preceding year, potential improvements in future years, and suggested changes in legislation or administrative procedures to make further improvements

#### **Evidence-Based Budgeting Process**

In the 2019 Legislative Session, Act 2019-517 was passed and created the Alabama Commission on the Evaluation of Services. This Commission was created for the purpose of advising the Legislature and the Governor regarding the evaluation of services, which may include evidence-based policy-making, within the state.

#### Joint Task Force on Budget Reform

In September 2016, the Legislature passed a joint resolution creating the Joint Task Force on Budget Reform (JTF). The task force is composed of 7 members from the House and 7 members from the Senate. This task force was established to examine the structure and design of the state budgeting process and make recommendations for long-term budget and tax system reforms. The task force evaluated and recommended changes to state budgeting practices including, but not limited to the following five categories:

- 1. Budget Process How the overall budget process can improve
- Agency Reviews Recommendations to improve transparency and accountability of state agencies
- 3. <u>Earmarking</u> Solutions to appropriate revenues better based upon needs
- 4. <u>Tax Credits, Exemptions, and Deductions</u> Determines necessary steps to ensure that tax preferences are beneficial to the state and its citizens
- 5. <u>Tax Fairness</u> Measures to reduce the tax burden on middle and lower-class citizens and improve the fairness of tax policy

The JTF made the following recommendations during the 2018 Regular Session to change current state budgeting practices by:

- 1. Requiring state entities to be more efficient with state resources and provide for a reserve fund
- 2. Requiring an ongoing review and evaluation of new and existing tax expenditures, to include but not be limited to, reporting requirements and sunset review
- 3. Mandating a legislative budget hearing two weeks prior to the beginning of the annual legislative session to ensure that members of the Legislature have access to certain fiscal information submitted by state agencies
- 4. Requiring the ongoing review and evaluation of earmarked state revenues

#### Rolling Reserve Act

The Rolling Reserve Act, which was created by Act 2011-3 and amended by Act 2015-538, establishes the maximum amount that may be appropriated from the Education Trust Fund in any fiscal year. The cap is calculated by taking the sum of total recurring revenues deposited into the ETF in the last completed fiscal year preceding the calculation year and adjusting the amount up or down by: (1) the average annual percentage change in recurring revenues for the 14 highest of the 15 completed fiscal years preceding the date on which the calculation is made; (2) if legislation is enacted that will increase recurring revenues deposited into the ETF, an amount equal to 95% of the fiscal note attached to the legislative act is added to the cap; (3) if legislation is enacted that will decrease recurring revenues deposited into the ETF, the negative impact, based on the enacted fiscal note is subtracted from the cap; (4) any nonrecurring revenue; and (5) the amount required to be appropriated from the ETF to the Prepaid Affordable College Tuition Trust Fund (PACT). The Finance Director and the Legislative Services Agency – Fiscal Division must certify their computation of the cap prior to the 3rd day of each Regular Legislative Session.

The Act further requires that revenues received in excess of the appropriation cap be used first to pay back any outstanding transfers from the Education Trust Fund Rainy Day Account until the account has been repaid in full. Any remaining funds shall be transferred to the ETF Budget Stabilization Fund and the ETF Advancement and Technology Fund.

#### Alabama Open Meetings Act

Alabama Open Meetings Act, created by § 36-25A-1, *Code of Alabama 1975*, provides the citizens greater access to state and local government. This law guarantees that Alabama's citizens have open access to agencies, boards, commissions, and other governmental bodies which conduct the people's business. In addition, all votes on matters before a governmental body must be made during the open or public portion of a meeting and voice votes are allowed. No votes can be taken in executive sessions and a governmental body may not vote by secret ballot.

#### **Budget Stabilization Fund**

An amount up to 1% of the previous fiscal year's Education Trust Fund appropriations is transferred from the ending balance of the Education Trust Fund to the Budget Stabilization Fund annually until the Fund reaches 7.5% of the previous year's appropriations from the Education Trust Fund. Funds in the Budget Stabilization Fund are used to: (1) prevent proration in the Education Trust Fund and (2) provide emergency funding for repairs from damages to a public school from a natural disaster in which the Governor declared a state of emergency. (§ 29-9-4, *Code of Alabama 1975*)

#### Advancement and Technology Fund

After the required transfer into the Budget Stabilization Fund, the remaining ending balance in the Education Trust Fund is transferred to the ETF Advancement and Technology Fund to be appropriated through an independent supplemental appropriation bill. The balance of the Fund must equal or exceed \$10 million in order to be appropriated. These funds are allocated to K-12 entities and higher education institutions and can be used for: (1) repairs or deferred maintenance of public education facilities; (2) classroom instructional support under the Foundation Program; (3) insuring facilities; (4) transportation for K-12 local boards of education; (5) the acquisition and or purchase of education technology and equipment; and (6) school security measures. (§ 29-9-4, *Code of Alabama 1975*)

#### Education Trust Fund Rainy Day Account

Amendment 803 to the Constitution of Alabama 1901 established the current Education Trust Fund Rainy Day Account within the Alabama Trust Fund through oil and gas capital payments. The maximum amount available for withdrawal equals 6.5% of the ETF appropriations for the prior fiscal year less any amounts previously withdrawn that have not been repaid. The Account's repayment deadline is six years.

#### State General Fund Rainy Day Account

Amendment 803 to the Constitution of Alabama 1901 created the State General Fund Rainy Day Account as a part of the Alabama Trust Fund. At no time may the amount withdrawn from this Account exceed 10% of General Fund appropriations for the previous fiscal year less any amounts previously withdrawn which have not been repaid. The Legislature must replenish the Account within 10 years after withdrawal.

#### General Fund Budget Reserve Act

The General Fund Budget Reserve Act, created by Act 2020-115, establishes the General Fund Budget Reserve Fund. Beginning on October 1, 2020 and on October 1 of each fiscal year thereafter, 20% of the ending balance in the General Fund from the previous fiscal year that was unanticipated and unappropriated by the Legislature as a beginning balance in the current fiscal year shall be dedicated to the fund. The Director of Finance shall transfer 20% of this balance by November 15 of each year and shall be made each year when the balance in the General Fund Budget Reserve Fund at the end of a fiscal year is less than \$100 million.

The bill authorizes withdrawals to be made from the General Fund Budget Reserve Fund only in the event of proration in the General Fund. The Governor must certify to the state Comptroller and notify the Legislature that proration would occur in the General Fund. Any amount in excess of the amount necessary to avoid proration shall be repaid within 30 days after the end of the fiscal year in which withdrawals are made.

In addition, amounts in the General Fund Budget Reserve Fund may be withdrawn through an independent supplemental appropriation bill enacted with a recorded vote of at least two-thirds of the membership of each legislative chamber to provide funding necessary for any of the following: (1) to offset a reduction in estimated revenues to the General Fund for the current fiscal year; (2) to fund state employee pay raises or bonuses; (3) to provide funding for unanticipated obligations. However, no funds may be appropriated until the balance of the General Fund Budget Reserve Fund at the end of the previous fiscal year equals or exceed \$50 million.

#### **Operating Funds**

The government for the State of Alabama operates primarily from six major funds:

#### General Fund

Revenues credited to the General Fund are used for the ordinary expenses of the executive, legislative, and judicial departments of state government, for other functions of government, for debt service on certain general obligation bond issues, and for capital outlay. Taxes from over 40 sources are deposited into the General Fund, with the largest sources being the insurance company premium tax, interest on the Alabama Trust Fund, sales and use tax on automobiles, leasing and rental tax, profits from the sale of abandoned property, court costs, lodging tax, cigarette tax, ad valorem tax, use tax, and Alabama Alcoholic Beverage Control Board profits.

#### **Education Trust Fund**

The Education Trust Fund is the largest operating fund of the State. Revenues credited to the Education Trust Fund are used for the support, maintenance, and development of public education in Alabama, debt service and capital improvements relating to educational facilities, and other functions related to educating the state's citizens. Nine tax sources are allocated to the ETF, the largest of which are the income tax, sales tax, utility tax, and use tax.

#### Public Road and Bridge Fund

The Public Road and Bridge Fund is the general operating fund for the Department of Transportation and receives all state revenues for that Department, all federal aid reimbursements, and all miscellaneous receipts.

#### Alabama Medicaid Fund

This is the major operating fund of the Alabama Medicaid Agency. Funding sources for this fund include tobacco settlement funds, intergovernmental transfers from other state agencies providing services to Medicaid eligible clients, public hospital transfers, nursing home and pharmacy provider taxes, and federal matching funds.

#### Mental Health Fund

This is the major operating fund of the Department of Mental Health. It is funded by the Special Mental Health Trust Fund, a special fund that is comprised of receipts from certain public utilities taxes, contractors' gross receipts tax, distillers and whiskey tax profits, insurance premium taxes, and federal funds. This fund also receives annual appropriations from the State General Fund and the Education Trust Fund.

#### Public Welfare Trust Fund

This is the major operating fund of the Department of Human Resources. It is mainly funded by the whiskey tax and the Alabama Alcoholic Beverage Control board profits, sales tax, ad valorem tax, beer tax, as well as federal funds. This fund also receives annual appropriations from the State General Fund and the Education Trust Fund.

#### Revenues

The State of Alabama differs from other states in that approximately 91% of total revenue appropriated is earmarked, although this percentage can change from year to year. The revenues appropriated in the Education Trust Fund are earmarked for education purposes. All earmarked revenues, including Federal Funds, are displayed in the receipts section on the individual agency pages. The State General Fund is the only fund that includes unearmarked revenue which accounts for approximately 9% of the total amount appropriated. Below are revenue sources that make up 88% of the total revenue deposited into the State General Fund for FY20, along with descriptions of other revenue sources that are collected by the State. The total General Fund revenue deposited for FY 20 was \$2,299,176,801. The total Education Trust Fund revenue deposited for FY 20 was \$7,439,571,740. Any obligations that were incurred before September 30 may be paid through November 30.

#### Ad Valorem Taxes

A general property tax that is levied on real and personal property within the State. For assessment, four separate classes of property have been established and a separate assessment ration has been assigned to each class. The amount of ad valorem tax payable is determined by applying the applicable tax rate to the assessed value of the property in question. Ad Valorem Taxes are collected by the tax collectors in the various counties of the State, remitted to the State Treasury, and distributed to the Public-School Fund, the Public Welfare Trust Fund, Alabama Veterans' Assistance Fund and the State General Fund.

#### Alcoholic Beverage Control Board Revenue

The §28-3A-3, *Code of Alabama 1975* requires that distillers, manufactures, importers, wholesalers, and retailers obtain licenses and pay associated filing fees for the privilege of alcoholic beverage distribution within the state. Licenses, fees, liquor, beer, and wine taxes are collected by the ABC Board. These collections, as well as the profits of the ABC Board, are distributed to the State General Fund; Education Trust Fund; the Public Welfare Trust Fund; the Special Mental Health Trust Fund; ABC Board Fund; municipalities; counties; and specific appropriations. The last increase of 5% in the markup for bottle sales of liquor was approved by the ABC Board on June 14, 2017.

#### **Insurance Company Licenses and Premium Tax**

A varying license tax, depending on the type of insurance, is levied for the privilege of providing insurance within the State and a varying premium tax is imposed on the amount of premiums written by an insurer. Proceeds from the Insurance Premium Tax are distributed among the State General Fund, the Special Mental Health Trust Fund and the Insurance Department Fund. Proceeds from licenses and fees are distributed equally to the Insurance Department Fund and the State General Fund, except for application fees for agent licenses and appointments and fees for service representatives' licenses, which are deposited to the Insurance Department Fund. (§ 27-4-2 and 27-4A-5, *Code of Alabama 1975*)

#### Use Tax

An excise tax on the storage, use or other consumption of tangible personal property, machines used in mining, quarrying, compounding, processing, and manufacturing of tangible personal property; automotive vehicles, motorboats, truck trailers, semi-trailers, or house trailers and mobile home set-up materials and supplies; farm machinery or equipment; and the above property when used in the performance of a contract. This tax is paid on items purchased outside Alabama for consumption or use inside the state, unless the property is imported from a state having reciprocal agreement with Alabama, and a tax equal to or greater than the Alabama tax was paid in the other state. If the amount of the tax paid to the other state is less than the Alabama tax, then the difference must be paid to Alabama. The distribution of use tax on automobiles to the General Fund is provided in the § 40-23-61(c), *Code of Alabama 1975*. Remote use tax is distributed as follows: 75% to the General Fund and 25% to the Education Trust Fund. Any remaining amounts are distributed as follows: 53% to the State General Fund and 47% to the Education Trust Fund as provided in § 40-23-85, *Code of Alabama 1975*.

#### Cigarette Tax

A privilege and use tax on tobacco is levied on the sale, storage, or distribution of cigarettes by wholesalers and retailers and use by consumers. Beginning October 1, 2015, a rate of 33.75 mills was applied per cigarette which equates to \$.675 per pack of 20 cigarettes. A majority of the proceeds is distributed to the State General Fund, with the remainder going to the Public Welfare Trust Fund, the Special Mental Health Trust Fund, the State Parks Development Authority, the State Parks Fund, the State Industrial Development Authority, and for the purpose of acquiring and constructing mental health facilities in the State. (§ 40-25-40 through 40-25-47, *Code of Alabama* 1975)

#### Sales and Use Tax – Automobiles

The § 40-23-2(4), *Code of Alabama 1975* establishes a sales tax rate of 2% and the § 40-23-61(c), *Code of Alabama 1975* establishes a use tax rate of 2% from the sale of automobiles, truck trailers, semitrailers, house trailers or mobile home set-up materials with 42% of the amount of revenue collected deposited into the State General Fund and 58% deposited into the Education Trust Fund. The § 40-23-101, *Code of Alabama 1975* establishes the sales tax rate of 2% and the § 40-23-108, *Code of Alabama 1975* established a use tax rate of 2% on the sale of motorboats. The amount of revenue deposited into the State General Fund from the sale of motorboats is 50% and the other 50% is deposited into the Education Trust Fund.

#### Alabama Trust Fund

The Alabama Trust Fund is a perpetual trust which was established in June 1985 with an initial trust capital of \$333,583,680 from cash bonus payments and royalties paid to the state from offshore oil and gas leases. The trust capital was augmented from time to time by the deposit of proceeds of any offshore oil and gas payment (including royalty payments) received after August 14, 1984. The lands division of the Department of Conservation and Natural Resources received 4% of the original lease payment of\$347,483,000 and receives 1% of any payments made subsequent to August 14, 1984. Beginning in fiscal year 2013, the Alabama Trust Fund receives 32% of the balance of oil and gas capital payments received by the state; however, this amount will be reduced by an amount necessary to make an additional transfer to the Capital Improvement Trust Fund to pay debt service and 33% is distributed pursuant to the annual spending plan. The remaining 35% is transferred to: (1) the County and Municipal Government Capital Improvement Trust Fund (7%); and (2) the

Alabama Capital Improvement Trust Fund (28%). Beginning in fiscal year 2013, 33% of the royalties received in the previous fiscal year plus 5% of the average market value of invested assets in the Alabama Trust Fund as of the end of the three fiscal years prior to the beginning of the fiscal year are distributed as follows: (1) 1% (up to a maximum of \$5 million) to the Senior Services Trust Fund; (2) 10% to the County Government Capital Improvement Trust Fund; (3) 10% to the Municipal Government Capital Improvement Fund; (4) 10% (up to a maximum of \$15 million) to the Forever Wild Land Trust and the remainder to the State General Fund.

#### Leasing and Rental Tax

A privilege tax is levied upon persons engaged in leasing or renting tangible personal property, including the renting or leasing of automotive vehicles, trucks, semi-trailers, or house trailers and the renting or leasing of linens and garments. The proceeds remaining after payment of administrative and enforcement expenses are deposited into the State General Fund. (§ 40-12-222 and 40-12-227, *Code of Alabama 1975*)

#### **Abandoned Property**

This revenue source is not a tax but a provision for the orderly disposition of unclaimed or abandoned property. Every person or entity holding funds or other property, tangible or intangible, presumed abandoned must file a report with and deliver the property to the Treasurer. This property includes but is not limited to, monies kept on deposit in financial institutions, travelers' checks, money orders, debit cards, or other payment instruments, safe deposit box contents, monies owed to policyholders by insurance companies, utility deposits, and corporate stocks, securities and dividends held by brokers and fiduciaries. The Treasurer is required to attempt to notify the apparent owners of abandoned property in a cost-effective manner. All abandoned property (other than money and securities) delivered to the State Treasurer is sold to the highest bidder at public sale within three years after its delivery (unless the treasurer determines that the probable cost of sale exceeds the value of the property). (§ 35-12-70 through 35-12-96, *Code of Alabama 1975*)

#### **Court Costs**

The § 12-19-152, *Code of Alabama 1975* states that a percentage of the fines collected in misdemeanor and felony cases in district and circuit courts are remitted to the State General Fund. The General Fund also receives a percentage of all fines collected by the municipal courts for non-traffic and traffic violations as well as docket fees and bail bond fees. In DUI cases, for the first offense the State General Fund receives \$150, for the second offense \$400, and for the third offense \$900.

#### **Lodgings Tax**

A privilege tax is levied upon every person or firm that rents or furnishes lodgings or accommodations for a period less than 180 days for a fee. A 5% tax rate is charged for accommodations in the counties comprising the Alabama mountain lakes geographic area: Blount, Cherokee, Colbert, Cullman, DeKalb, Etowah, Franklin, Jackson, Lauderdale, Lawrence, Limestone, Madison, Marion, Marshall, Morgan, and Winston. A 4% tax rate is charged for accommodations in all other Alabama counties. 20% of the 5% levy collected in Alabama mountain lakes area counties, after deduction of cost for collection, is distributed as follows: (1) 50% to the Alabama Mountain Lakes Association for the promotion of tourism and travel and (2) 50% to the respective counties for the promotion of tourism, recreation, and conventions. The balance of the tax collected in mountain lakes area counties, as well as the entire proceeds from the 4% levy collected in all other Alabama counties, is distributed to the State General Fund and to the Bureau of Tourism and Travel in a 75% to 25% ratio, respectively. (§ 40-26-1 and 40-26-20, *Code of Alabama 1975*)

#### Interest on State Deposits

Interest earned by the State Treasurer through the investment of State funds is credited to the State Treasury and, unless otherwise provided for by law, is credited to the State General Fund. (§ 41-14-1 through 41-14A-14, *Code of Alabama 1975*)

#### Oil and Gas Production and Privilege Tax

The Oil and Gas Privilege Tax is an annual privilege tax on all persons engaged in the business of producing or severing oil or gas from the soil or water, or from beneath the soil or water. Well units are taxed at a percentage of the gross value of the oil or gas at the point of production. However, offshore well units producing at a depth greater than 8,000 feet below mean sea level are taxed at a percentage of gross proceeds attributable to the offshore production. The privilege tax rate varies.

After deducting the cost of collection, 90% of the proceeds from the annual tax for offshore production are distributed to the General Fund and the remaining 10% is distributed to the county in which the oil or gas was severed. Proceeds from onshore production are distributed as follows:

- i. 25% to the State General Fund
- ii. 75% as follows:
  - 1. 66.67% to the following:
    - a. 25% to the counties in which the oil or gas was severed
    - b. 10% to the municipalities in which the oil or gas was severed
    - c. \*Of the first \$150,000 remaining, or any part thereof, 50% to the State General Fund, 42.5% to the county in which the oil or gas was severed and 7.5% to the cities therein on a population basis.
    - d. \*Of the balance, 84% to the State General Fund, 14% to the county in which the oil or gas was severed and 2% to cities therein on a population basis.
  - 2. 16.67% to the State General Fund
  - 3. 16.67% to the county in which the oil or gas was severed

The first \$9.5 million of collections from this tax required to be deposited to the State General Fund during each quarter of the fiscal year is credited to the Alabama State Docks Facilities Contingency Trust Fund. Up to \$9.5 million annually may be used by the State Port Authority for operations and/or bond expenses, upon verification by the Director of Finance that such use of these funds is necessary. On the 30th day of each month of each fiscal year, any funds remaining in the Contingency Trust Fund which have not been designated as required by the Port Authority are deposited to the State General Fund. As of the end of FY 2020, the Port Authority had not required the use of any of the Contingency Trust Fund monies, so that all of the \$9.5 million has been deposited to the State General Fund each year.

The Oil and Gas Production Tax is a tax on the production of oil or natural gas severed from any well or wells in Alabama. A 2% tax rate is levied on the gross value of the oil or gas at the point of production. The tax on offshore production, produced from depths greater than 8,000 feet below sea level is computed at the rate of 1.66% of the gross proceeds from offshore production. The entire proceeds from this tax are deposited into the State General Fund.

#### Mortgage Record Tax

A license or privilege tax of \$0.15 for each \$100 of indebtedness, for filing a mortgage, deed of trust, contract of conditional sale, or similar instrument given to secure payment of any debt incurred in connection with the conveyance or transfer of any real or personal property in the State, or any security agreement or financing statement provided for by the Alabama Uniform Commercial Code. After deducting the cost of collections for the county probate judge, the net proceeds are deposited into the State General Fund (two-thirds) and into the county treasuries (one-third). (§ 40-22-1 through 40-22-12, *Code of Alabama 1975*)

#### Simplified Sellers Use Tax

A tax authorized in lieu of sales and use taxes otherwise due by or on behalf of Alabama customers who have purchased items from an eligible seller who participates in The Simplified Sellers Use Tax Remittance Program that were shipped or otherwise delivered into Alabama by the eligible seller. An 8% tax rate is applied to the sales price of any tangible personal property sold or delivered into Alabama by an eligible seller participating in the program. After deducting the cost of collection, 50% to State Treasury allocated (1) 75% to the State General Fund and (2) 25% to the Education Trust Fund; and 50% to local governments allocated (1) 40% to each county on a population basis and (2) 60% to each municipality on a population basis. (Prior to January 1, 2019, collections were distributed as follows: (1) 50% to State Treasury, (2) 25% to counties, and (3) 25% to municipalities). (§ 40-23-190 through 40-23-199, *Code of Alabama 1975*)

#### Public Utilities License Tax

A license tax of 2.2% on each dollar of gross receipts for the preceding year is imposed for operating a public utility (except railroads, express companies, telephone, and telegraph companies). After a deduction for costs of collections, 15% of the net receipts are deposited into the State General Fund and 85% into the Special Mental Health Trust Fund. (§ 40-21-51 and 40-21-62, *Code of Alabama 1975*)

#### Driver's License Fees

County probate judges or license commissioners collect fees for four-year driver's licenses and learner's permits. License duplicates, reinstatement, and examination fees are collected by the Alabama Law Enforcement Agency. Each county retains \$1.50 per license issued. The balance is deposited into the State General Fund to be appropriated for public safety use except for \$20.75 of the \$36.25 license fee for a regular license, nondrivers identification card, or learner's license is deposited to the Public Safety Fund for the Alabama Law Enforcement Agency and \$0.50 is allocated and appropriated to the Alabama Veterans Living Legacy Trust Fund. Examination fees are deposited to the General Fund. There is an exam fee of \$5.00 for an original driver's license, temporary instruction and learner's permit, and motor driven cycle operator's license. (§ 32-6-1, 32-6-6.1 and 32-6-21, *Code of Alabama 1975*)

#### Tobacco Tax (Excluding Cigarettes)

A tax on sale, storage or distribution of tobacco or tobacco products by wholesalers and retailers and use by consumers. This tax is paid to the state through the use of stamps by the seller, who is acting as an agent of the state for the collection and payment of the tax to the state. The seller collects the tax from the consumer or user. The tax rates vary for different types of tobacco. After deduction of the cost of

collection, the remaining proceeds are deposited into the State General Fund. (§ 40-25-2a, 40-25-29, and 40-25-47, *Code of Alabama 1975*)

#### Privilege License Tax

This is an assessment on persons or firms, corporations, companies, associations, receivers, or trustees engaged in certain businesses, vocations, or professions. The rate of the tax varies according to the type of business, as outlined in the § 40-12-40 through 40-12-180, *Code of Alabama 1975*. After deducting the cost of collection, the receipts are distributed to the State General Fund unless there is a corresponding county tax levied, then distribution is 50% to the State General Fund and 50% to the respective counties where such receipts are collected.

#### Business Privilege Tax (Corporation Tax)

A privilege tax on every corporation, limited liability entity, and disregarded entity doing business in Alabama or registered under the laws of Alabama. The tax is based on the taxpayer's net worth in Alabama. The tax rate is determined by the taxpayer's taxable income apportioned and allocated to Alabama, and ranges from \$0.25 to \$1.75 per \$1,000 of net worth. For financial institutions, the tax is based on the financial institution's total deposits in Alabama and ranges from \$0.125 to \$0.225 per \$1,000 of deposits. After deduction of the amount appropriated to the Department of Revenue as its costs of collection, the balance of the tax is distributed as follows: (1) Each county receives the amount that it received from the franchise tax collections during the fiscal year ending September 30, 1999. This amount is increased by 0.75% each year beginning in the fiscal year ending September 30, 2000. (2) Each county and each local ad valorem tax recipient agency of funds within each county receives the amount that it received from the domestic corporation assessment of shares tax during the fiscal year ending September 30, 1999. This amount is increased by 0.75% each year beginning in the fiscal year ending September 30, 2000. (3) The balance is distributed to the State General Fund. (§ 40-14A- 22 and 40-14A-26, *Code of Alabama 1975*)

#### Income Tax (Net Personal and Net Corporate Income)

Personal income is taxed at a maximum of 5% after specified exemptions and deductions (including federal income taxes paid). Corporate income remaining after the subtraction of statutory deductions (including federal income taxes paid) is taxed at the rate of 6.5%. After deducting costs of collection, refunds, allocations for the State General Fund, the Soldier's Relief Fund, and the Public School Fund, the net proceeds are deposited into the Education Trust Fund for payment of public school teachers' salaries. (§ 40-18-1 through 40-18-446, *Code of Alabama 1975*)

#### Excise Tax on Gasoline and Diesel Fuel

On March 5, 2019, Governor Kay Ivey called the Alabama Legislature to a special session to consider legislation that would increase state fuel taxes as part of the Governor's Rebuild Alabama Infrastructure Plan. Since the last increase in 1992, the State of Alabama has levied a flat excise tax of 18 cents-pergallon for gasoline and 19 cents-per-gallon for diesel. The Rebuild Alabama Act (Act 2019-2) raises fuel taxes by 10 cents-per-gallon over three years, with indexed pricing every other year thereafter.

Effective August 31, 2019:

Additional \$0.06 gasoline tax to \$0.24 total Additional \$0.06 diesel tax to \$0.25 total

#### Effective October 1, 2020:

Additional \$0.02 gasoline tax to \$0.26 total Additional \$0.02 diesel tax to \$0.27 total

#### Effective October 1, 2021:

Additional \$0.02 gasoline tax to \$0.28 total Additional \$0.02 diesel tax to \$0.29 total

#### Effective October 1, 2023 and on July 1 of every other year thereafter:

The gasoline and diesel excise tax rate will be adjusted by the percentage change in the yearly average of the National Highway Construction Cost Index and rounded to the nearest whole cent, with the increase or decrease of the rate not exceeding \$0.01 per gallon.

The Department of Revenue retains 0.25% of the proceeds from the additional excise tax for its cost of collection. Then, up to \$750,000 of the additional gasoline excise tax and up to \$230,000 of the additional diesel excise tax is distributed first to the Alabama Highway Finance Corporation for the payment of principal and interest on any bonds issued to finance improvements to the ship channel that provides access to the Alabama State Docks.

### The Economy of the State – January 2021

#### Overview:

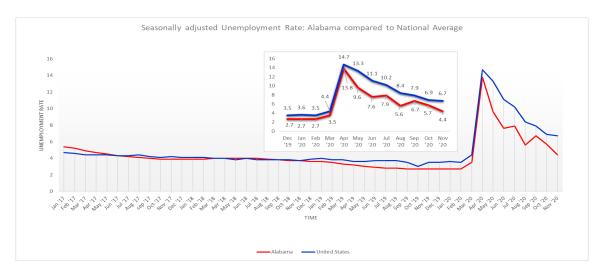

During 2020 there were substantial decreases in Alabama's Gross Domestic Product (GDP), income, and jobs, as well as a steep increase in the unemployment rate. While these factors took a toll on Alabama's economy, the state is now trending to make a full recovery. It is estimated that the state's economy should grow by 2.2% in 2021.

	2020	2021	2022
Personal Income	2.5%	4.3%	4.2%
Unemployment Rate	6.3%	4.9%	4.4%
Real GDP	-2.4%	1.6%	1.5%
Non-Agricultural Employment	-3.9%	2.9%	2.3%

#### **ECONOMIC OUTLOOK**

#### **Unemployment Rate**:

The Coronavirus Disease (COVID-19) pandemic has brought unprecedented challenges to the state and the nation. In particular, we have seen the effects of the pandemic in unemployment in every state, industry, and demographic group in the United States. As the U.S. unemployment rate spiked in April 2020 to 14.8%, Alabama experienced the same sudden surge with the rate increasing from 2.7% in February 2020 to 13.8% in April 2020. In the months following, there has been a steady decline in the unemployment rate in both the state and the U.S. The unemployment rate in Alabama, despite the spike, has managed to stay under the national average.

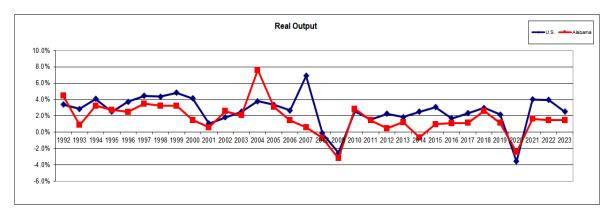

#### Real Gross Domestic Product:

Alabama had an overall loss in GDP of \$7.7 billion in 2020 (-3.7% decrease). The greatest loss being realized in the following sectors:

Services (24%)
Manufacturing (17%)
Real Estate (10%)
Wholesale (8%)
Retail (8%)
Construction Industries (8%)

#### Alabama Labor Market:

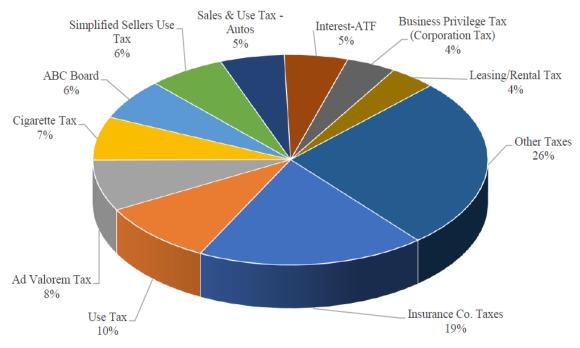

Prior to the current downturn, the Alabama's labor market performance was robust and strong. Payroll employment registered positive trends from May 2012 to March 2020. The performance of the labor market for 2019 averaged at 41,000 additional jobs per month. This figure far exceeded the growth experienced during the earlier years and very close to the steady state growth trend. The trend, however, was reversed in March and April of 2020. The State lost 200,000. As of November 2020, Alabama Department of Labor reports that a cumulative total of 800,00 Alabamians have applied for unemployment benefits.

#### **Debt Summary**

Pursuant to Section 213 of the Constitution of Alabama of 1901, as amended by Amendment 26 (the "Constitutional Budget Amendment") the State is prohibited from incurring debt, and the only method by which general obligation debt of the State can be incurred is by an amendment of the Constitution. Although conventions proposed by the legislature and approved by the electorate may be called for the purpose of amending the Alabama Constitution, all amendments historically have been adopted through a procedure which required them to be proposed by a favorable vote of three-fifths of all members of each house of the legislature and approved by a majority of voters of the State voting in a statewide election. The Supreme Court of Alabama has held that the debt prohibition contained in the Constitutional Budget Amendment does not apply to obligations incurred for current operating expenses payable during the current fiscal year, debts incurred by separate public corporations functioning as instrumentalities of the State, or State debt incurred to repel invasion or suppress insurrection. The State may also make temporary loans not exceeding \$300,000 to cover deficits in the State Treasury. Limited obligation debt may be authorized by the Legislature without an amendment to the Constitution. The State has followed the practice of financing certain capital improvement programs (principally for highways, education and improvements to the State docks) through the issuance of limited obligation bonds payable solely out of certain taxes and other revenues specifically pledged for their payment and not from the general revenues of the State. Such limited obligation bonds are not general obligations of the State, and the full faith and credit of the State are not pledged to the payment thereof.

## 3,699,562,000 Total Outstanding

(1) Final Maturity in the State's Fiscal Year

The Legislature (through enabling legislation) and the Governor (by executive order) have created public corporations and authorities of the State for the purpose of financing certain projects and programs such as public highways, public education facilities, judicial facilities, student loans, industrial site preparation grants and surveys, single and multi-family housing, economic development and industrial recruitment, wastewater collection treatment and related facilities, and agricultural development loans. The obligations of such public corporations and authorities are not obligations of the State but are limited obligations of the issuer, payable solely from the revenues pledged for the obligations of each such issuer including, in some cases, earmarked tax revenues and, in other cases, revenues from the projects or programs financed.

On November 7, 2000, the Alabama voters ratified Amendment 666 that authorized the creation of the Alabama Capital Improvement Trust Fund and the payment of debt service on certain general obligation bonds. Up to 28% of all Oil and Gas Capital payments received into the Alabama Trust Fund are transferred to the Capital Improvement Trust Fund for the payment of debt service on general obligation bonds. Amendment 880 sets the limit for outstanding aggregate principal of general obligation bonds at \$750 million. Alabama's general obligation bond rating is AA+/Aa1/AA by Fitch, Moody's Investors Service, and Standard & Poor's, respectively.

AGENCY DESCRIPTION: The Legislature is one of the three major branches of state government created by the State Constitution. The Legislature is primarily responsible for exercising the lawmaking power of the state. Some of its general powers include the power to tax, make appropriations, propose constitutional amendments, participate in the impeachment process, establish or abolish governmental units and agencies subject to certain constitutional limitations, investigate governmental operations, hold hearings, and create corporate bodies. Unlike most other state agencies, the powers of the Legislature are not specifically listed in the Constitution or Code. Rather, the Constitution assumes that the general lawmaking power rests with the Legislature, and hence, most of the constitutional provisions are in the nature of restrictions on that lawmaking power rather than specific grants of power.

AGENCY DESCRIPTION: As of October 1, 1997, Act 97-658 provided that the Office of the Speaker of the House of Representatives shall be separate and distinct from the Legislature, any state agency, entity, or official (Code of Alabama 1975, Section 29-4-60). Also effective at that same time, funds were appropriated directly to the Office of the Speaker of the House for its operations. Previously, funds for this purpose had been appropriated to the Legislature.

AGENCY DESCRIPTION: The Court of Civil Appeals is a Constitutional unit of the Judicial Branch of state government. Our Constitution grants litigants the absolute right to appeal from decisions of the trial courts. As such, the court does not control its work load but works with whatever work load is generated from the trial of civil cases in Alabama.

AGENCY DESCRIPTION: The Court of Criminal Appeals has exclusive appellate jurisdiction over all appeals in criminal cases, including violation of city ordinances, all appeals from post conviction actions, and original jurisdiction of all extraordinary petitions involving criminal cases. Numerous petitions are filed by inmates, as by attorneys. Title 13A, Code of Alabama 1975, adds offenses to those existing at its effective date, as do the subsequent acts of our legislature. An appeal is mandatory in every capital case where the death penalty is imposed. Rule 28(A)(2), Rules of Juvenile Procedure, provides for appeals to the Court of Criminal Appeals in proceedings in which a child is alleged to be delinquent and in proceedings involving an order transferring a child to an adult court for criminal prosecution. An important factor this year will be the fact that persons who are denied parole by the Board of Pardons and Paroles can seek certiorari review of those actions in the Montgomery Circuit Court and can appeal that judgment to this Court. With the Governor's intensified effort to have 5,000 to 6,000 non-violent inmates released on parole this year, this Court anticipates a substantial increase in the number of these appeals.

AGENCY DESCRIPTION: Supplies needed funds to provide not more than one hundred fifty scholarships (\$750 each) for children of Alabama veterans of all wars who are in need. Selects children from applications submitted showing their parent's service record (honorable discharge), student's school record, and character witnesses (3) for the student. Awards money which aids students in the purchase of books and pays part of their fees for a state-supported college or university of their choice. Carefully considers by scholarship committees all applications and selects those most qualified and in most need of financial assistance. (Alabama Code Sections 16-31-1 through 16-31-4.)

AGENCY DESCRIPTION: Safeguards life, health, and property and promotes general public welfare by requiring that only properly qualified persons be permitted to engage in general contracting. Requires all contractors of projects of \$50,000, except single family dwelling, to be licensed by application and approval after scrutiny by the Board. Reviews the experience record, technical qualifications, and financial responsibility of the applicants. Protects citizens by ensuring that persons allowed to construct both public and private facilities be responsible and qualified to ensure proper responsible completion that would not collapse or otherwise fail, causing the possible loss of life as well as financial loss.

AGENCY DESCRIPTION: Examines state-chartered credit unions at least annually to insure safety of share accounts of members and solvency of the credit union for continued operation. Processes applications for new credit union charters and for the expansion of field memberships from existing credit unions which require an investigative survey to determine the needs of the area of membership to be served. Acts on merger requests. Establishes regulations and policies for credit unions.

AGENCY DESCRIPTION: Community and Economic Development Division: Serves as the lead Division in the development and management of programs that will support community and economic development and ameliorate the causes of poverty. Law Enforcement Planning and Development: Develops, through effective planning, programs as mandated by Federal laws and guidelines; develops and awards grants to projects approved by the Governor's Advisory Council on Delinquency Prevention, the Bureau of Justice, Victims of Crime Act, Anti-Drug Abuse Act, National Highway Traffic Safety Administration, and Family Violence Programs; and administers funds and monitors active grants for compliance. Energy Management: Provides leadership and assistance to the citizens and organizations of the State of Alabama through the development of science and technology, and the management of energy and coastal resources for economic prosperity. Surplus Property: Screens all property declared excess within the State of Alabama and other property made available by the Federal government through military bases and VA hospitals; makes this property available at a small service charge to public agencies and certain non-profits. Office of Water Resources: Provides for the planning, coordination, development and management of the state's water resources.

AGENCY DESCRIPTION: Implements and oversees Alabama's federally funded AmeriCorps\* State Programs. AmeriCorps is the national service program also known as the domestic peace corps established in 1993 by President Clinton and a bipartisan coalition of congressional leaders. Its primary goals are to engage Americans of all ages in community services projects focusing on education, human needs, public safety or the environment; stimulate volunteerism and to develop

citizenship. The Governor's Office of Volunteer Services insures that programmatic and fiscal activities comply with federal requirements and encourages continuous quality improvement through monitoring.

AGENCY DESCRIPTION: Governs the largest National Register site east of the Mississippi River in the U. S., approximately 3,800 acres. "This large, magnificently beautiful natural area is a history buff's delight---4 thousand years ago, Blakeley was the site of an Indian civilization--in the 18th century it was the site of a French colonial settlement and the French relocation of the Apalachee Indian Nation--During the early 1800's, Blakeley was a booming waterfront town and the first port of entry for the newly formed State of Alabama. Once larger than Mobile and the first County Seat for Baldwin before two yellow fever epidemics and high land prices wiped the town out---The last major battle of the Civil War was fought along these shores and today Civil War fortifications still wind their way through Blakeley's picturesque woods. Breastworks, remains of earthen forts, old rifle pits, redoubts and battery sites, Indian middens and mounds, archaeological ruins of old streets, businesses and houses dot this beautiful, 3,800 acre National Register site.

AGENCY DESCRIPTION: Licenses and regulates the residential and remodeling industries in the state of Alabama. Licenses most residential contractors and remodelers when the cost of the undertaking exceeds \$10,000. Allows an aggrieved party to recover actual or compensatory damages as a result of the conduct of a licensee in violation of the law, Section 34-14a-16. Authorizes county commissions to adopt building laws and ordinance codes which shall apply to the unincorporated areas of the county and to the corporate limits of any municipality upon the consent of their governing body. Provides that county commissions may employ building inspectors and require fees for services to enforce codes. Exempts counties with populations of 30,000 or less from licensure requirements.

AGENCY DESCRIPTION: Administers a probation and parole system. Prescribes the conditions of parole and determines whether a parolee who has violated any of these conditions should be revoked or continued on parole. Provides probation services for those courts having probationary powers. Grants pardons with restoration of civil and political rights to those persons who have shown evidence of rehabilitation and the ability to live as good citizens. Maintains Headquarters and 74 field offices to provide services to the courts and immediate supervision and re-entry services to offenders released on probation and parole.

AGENCY DESCRIPTION: Administers functions and programs to promote, improve and protect the physical fitness of the residents of Alabama, meaning good or improved habits and programs relating to recreation, exercise, sports and use of leisure time. Maintains liaison with the State Department of Education, local boards of education, private/parochial schools, and physical fitness groups within the various governmental subdivisions of the state, as well as comparable agencies in other states and in the federal government. Consults with and advises these groups about programs of physical fitness and collects, assembles, and disseminates information by publication, advertisement, conferences, workshops, programs, lectures, and other means. Serves as a catalyst to obtain the support of professionals, citizen volunteers, nationally known experts, celebrities, the news media, public and private agencies and facilities, special grants and in-kind services, which has generated approximately \$2,000,000 in value.

AGENCY DESCRIPTION: Title 33 of the Code Of Alabama gives Alabama State Port Authority the responsibility of acquiring, constructing, operating and promoting the deep-water seaport at Mobile and inland ports along the navigable waterways of the state of Alabama. The Port Authority is required by Generally Accepted Accounting Principles, the Governmental Accounting Standards Board, the Governmental Finance Officers Association and the Department of Examiners of Public Accounts to use Enterprise Fund Accounting Standards for its financial reporting. This system is a full accrual, profit center oriented system rather than a cash basis object code system. Therefore, the entire financial reporting system is incompatible with the governmental accounting system based upon a receipts and expenditure basis of accounting. The appropriation request of \$3.5 million dollars for the 2021-2022 year is conditional, contingent upon the availability of funds and upon the financial needs of the department. This conditional appropriation is considered very important by the bond rating agencies and the bond investment community. Therefore, we respectfully request the inclusion of this request in the budget.

#### SPACE SCIENCE EXHIBIT COMMISSION

AGENCY DESCRIPTION: Operates the U.S. Space Camp/Space Academy by the U.S. Space and Rocket Center's Educational Division. Provides sound program structure and curriculum materials which enhance and extend the science and math education trainees normally receive in school. Offers programs such as Space Camp for students in grades 4-6, a five-day program including the history of space exploration and simulated space shuttle missions; Aviation Challenge for students in grades 7-11, which includes land and water survival training and basic training in high-performance jet simulators; Space Academy for grades 10-12 and college freshmen, an eight-day program which allows trainees to experience in-depth training similar to that received by NASA flight crews and ground teams; Space Academy for educators, which is a five-day program offered in the summer to help teachers with curriculum and space science experiments for classroom use; and 4-H minicamps. Immerses students in a high-technology environment and challenges them to yield discoveries about space and aviation technology. Provides college credit through UAH for participants in the advanced program (Space Academy Level II) and three hours of graduate level credit in science or education through UAH for the Educator's Space Orientation course.

AGENCY DESCRIPTION: The purpose of the Alabama Tax Tribunal is the increase public confidence in the fairness of the state tax system. The Tax Tribunal hears appeals of tax matters from the Department of Revenue as well as from certain participating counties and cities. The Tribunal replaces the Administrative Law Division and the Administrative Law Judge within the Department of Revenue. The Tribunal is separate and independent from the Department of Revenue.

AGENCY DESCRIPTION: Devotes its resources toward promoting and marketing the Tenn-Tom and its economic and transportation benefits. Assists states, local communities, and private business in carrying out plans for development of the waterway without duplicating their efforts or responsibilities. Works closely with the federal agencies and Congress to ensure that the waterway is properly operated and maintained, which will cost about \$20 million annually in federal funds.
