UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS Preferred Drug List

Frequently Asked Questions (FAQ)

Find answers here to questions you have about this **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** Preferred Drug List. You can read all of the FAQ to learn more, or look for a question and answer.

1. What drugs are on the Preferred Drug List? (We call the Preferred Drug List the “Drug List” for short.)

The drugs on Preferred Drug List that starts on page 5 are the drugs covered by **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS**. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies”.

UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS will cover all medically necessary drugs if:

- your doctor or other prescriber says you need them to get better or stay healthy,
and
- you fill the prescription at a **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** network pharmacy.

UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS may have additional steps to access certain drugs (see question #5 below).

You can also see an up-to-date drug list on our website at

<http://www.uhccommunityplan.com/va.html> or you can call Member Services at 844-284-0149 TTY 711.

2. Does the Preferred Drug List ever change?

Yes. **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** may add or remove drugs on the Preferred Drug List during the year. Generally, the Preferred Drug List will only change if:

- a cheaper drug comes along that works as well as a drug on the Preferred Drug List now, or
- we learn that a drug is not safe.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (*Prior approval* is permission from **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** before you can get a drug.)
- Add or change the amount of a drug you can get (called “quantity limits”).
- Add or change step therapy restrictions on a drug. (*Step therapy* means you must try one drug before we will cover another drug.)

Questions 3, 4, and 7 below have more information on what happens when the Preferred Drug List changes.

You can always check the up-to-date Preferred Drug List online at <http://www.uhcommunityplan.com/va.html> or you can call Member Services at 844-284-0149 TTY 711.

3. What happens when another drug comes along that works as well as a drug on the Preferred Drug List now?

If you are taking a drug that is removed because another drug that works just as well is available, we will tell you. You will get a letter letting you know about the change. We will also tell you what alternate drugs are available to you. Contact your doctor or other prescriber to make sure another drug will work for you.

4. What happens when we find out a drug is not safe?

If the Food and Drug Administration (FDA) says a drug you are taking is not safe, we will take it off the Preferred Drug List right away. We will also send you a letter telling you that. Contact your doctor or other prescriber and ask about your other options.

5. Are there any restrictions or limits on drug coverage? Or are there any required actions to take in order to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases your doctor must do something before you can get the drug. For example:

- Prior approval (or prior authorization): For some drugs, your doctor or

other prescriber must get approval from **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** before you fill your prescription. If you don't get approval, **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** may not cover the drug.

- Quantity limits: Sometimes **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** limits the amount of a drug you can get.
- Step therapy: Sometimes **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can also get more information by visiting our website at <http://www.uhcommunityplan.com/va.html>. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also call Member Services and ask us to send you information about our prior authorization and step therapy restrictions.

6. How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The Preferred Drug List on pages 5 - 172 has a column labeled "SA Criteria".

7. What happens if we change our rules on how we cover some drugs? For example, if we add prior authorization (approval), quantity limits, and/or step therapy restrictions on a drug.

We will tell you if we add prior approval, quantity limits, and/or step therapy restrictions on a drug. We will tell you before the restriction is added. This gives you time to talk to your doctor or other prescriber about what to do next.

8. How can you find a drug on the Preferred Drug List?

There are two ways to find a drug:

- You can search by medical condition.

To search by medical condition, go to pages 1 - 4. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the

category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

- You can also search for drugs alphabetically.

To search alphabetically, go to the Index of Covered Drugs starting on page 173.

Find the name of your drug. The page number where you can find the drug will be next to it.

9. What if the drug you want to take is not on the Preferred Drug List?

If you don't see your drug on the Preferred Drug List, call Member Services and ask about it. If you learn that **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** does not prefer the drug, you can do one of these things:

- Ask Member Services for a list of drugs that are similar to the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Preferred Drug List that is like the one you want to take. *Or*
- You can ask the health plan to make an exception to cover your drug. Please see question 11 for more information about exceptions.

10. What if you just joined UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS and can't find your drug on the Preferred Drug List or have a problem getting your drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 30 days you are a member of **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS**. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Preferred Drug List you can take instead, or whether to request an exception.

11. Can you ask for an exception to cover your drug?

Yes. Your doctor can ask **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** to make an exception to cover a drug that is not on the Preferred Drug List. Your doctor can also ask us to change the rules on your drug.

- For example, we may limit the amount of a drug we will cover. If your drug has a limit, your doctor can ask us to change the limit and cover more.
- Other examples: Your doctor can ask us to drop step therapy restrictions or prior approval requirements.

12. How long does it take to get an exception?

First, we must receive some information from your doctor supporting your request for an exception. After we receive the information, we will give you a decision on your exception request within the timeframes required by the state, generally within 24 hours.

13. How can you ask for an exception?

To ask for an exception, you can do one of two things:

- Call Member Services. A Member Services representative will work with you and your doctor to help ask for an exception.
- Call your doctor and ask them to request an exception by calling the **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS Pharmacy Services** at 1-800-310-6826, or they can fax a request to <866-940-7328>.

14. What are generic drugs?

Generic drugs are approved by the Food and Drug Administration (FDA). In most instances **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** covers generic drugs first. If your doctor feels a brand name drug is medically necessary, you will need to ask your doctor to submit for prior approval.

15. What are OTC drugs?

OTC stands for "over-the-counter." **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** prefers some OTC drugs when they are written as prescriptions by your provider.

You can read the **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS Preferred Drug List** to see what OTC drugs are preferred.

- su médico u otro profesional que receta dice que los necesita para mejorarse o mantenerse en buen estado de salud,

y

- usted surte una receta en una farmacia de la red de **Commonwealth**

Coordinated Care Plus Program.

Commonwealth Coordinated Care Plus Program puede requerir pasos adicionales para tener acceso a determinados medicamentos (vea la pregunta #5 a continuación).

También puede ver una lista de medicamentos actualizada en nuestro sitio web en <http://www.uhccommunityplan.com/va.html> o llame al Departamento de Servicio al Cliente al 844-284-0149, TTY 711.

2. ¿Cambia alguna vez la Lista de Medicamentos Preferidos?

Sí. **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** puede agregar o retirar medicamentos de la Lista de Medicamentos Preferidos durante el año.

Por lo general, la Lista de Medicamentos Preferidos solo cambiará si:

- aparece un medicamento más económico que funciona igual que un medicamento que está actualmente en la Lista de Medicamentos Preferidos, o

También podemos cambiar nuestras reglas sobre los medicamentos. Por ejemplo, podríamos:

- Decidir exigir o no exigir aprobación previa para un medicamento. (*Aprobación previa* es un permiso de **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** antes de que usted pueda obtener un medicamento).
- Agregar o cambiar la cantidad de un medicamento que puede obtener (denominados "límites de cantidad").
- Agregar o cambiar las restricciones de terapia escalonada de un medicamento. (*Terapia escalonada* significa que usted debe probar un medicamento antes de que cubramos otro medicamento).

Las preguntas 3, 4 y 7 a continuación tienen más información sobre lo que sucede cuando cambia la Lista de Medicamentos Preferidos.

Siempre puede consultar la Lista de Medicamentos Preferidos actualizada en Internet en <http://www.uhccommunityplan.com/va.html> o también puede llamar al Departamento de Servicio al Cliente al 844-284-0149, TTY 711.

También le informaremos qué medicamentos alternativos están disponibles para usted. Comuníquese con su médico u otro profesional que receta para asegurarse de que otro medicamento sea adecuado para usted.

4. ¿Qué sucede cuando averiguamos que un medicamento no es seguro?

Si la Administración de Medicamentos y Alimentos (FDA) anuncia que un medicamento que usted está tomando no es seguro, lo quitaremos inmediatamente de la Lista de Medicamentos Preferidos. También le enviaremos una carta para informarle al respecto. Comuníquese con su médico u otro profesional que receta para preguntarle sobre sus otras opciones.

5. ¿Hay alguna restricción o límite sobre la cobertura de medicamentos? ¿O se requiere tomar alguna medida a fin de obtener determinados medicamentos?

Sí, algunos medicamentos tienen reglas de cobertura o tienen límites sobre la cantidad que usted puede obtener. En algunos casos, su médico debe hacer algo antes de que usted pueda obtener el medicamento. Por ejemplo:

- Aprobación previa (o preautorización): Para algunos medicamentos, su médico u otro profesional que receta debe obtener la aprobación de **UnitedHealthcare Community Plan of Virginia – Medicaid and FAMIS** antes de que usted pueda surtir su receta. Esto le da tiempo para hablar con su médico u otro profesional que receta sobre qué hacer a continuación.
