About NLIU

The National Law Institute University was established by the Act No. 41 of the State Legislature of Madhya Pradesh in 1997. The National Law Institute University has earned a front line status of an institution imparting quality legal education, conducting research in cutting edge areas of law and organizing workshops, seminars and training programs. In its brief journey of about a decade, it has been able to carve out a niche for itself in academic excellence and placement of its students. The University now stands as one of the most reputed legal institutions and has been rated consistently as one of the best law Universities in the country.

Situated in the sylvan surroundings in the beautiful city of Bhopal, the National Law Institute University is a key milestone for legal education and research in India. The key objectives of the University are:

To advance and disseminate learning and knowledge of law and legal processes and their role in national development,

To develop in the students and research scholars a sense of responsibility to serve society in the field of law by developing skills in regard to advocacy, legal services, legislation and reforms in the existing laws, and

To organize lectures, seminars, symposia and conferences to promote legal knowledge and to make law and legal processes efficient instruments of social development.

NLIU has an excellent state of the art infrastructure, a dedicated and competent group of members of faculty and a beautiful green campus.

Rajiv Gandhi National Cyber Law Centre:

Rajiv Gandhi National Cyber Law Centre, a Centre of Excellence in Cyber Law (Established by Ministry of HRD, Govt. of India, New Delhi at NLIU, Bhopal). The Centre is constituted and crafted with the ambitious objectives to develop professional expertise and skilled manpower to match with contemporary challenges emerging in relation with Cyber Law and Cyber Security and Information Security. This will enable the law and IT professionals to exploit and capture efficiently opportunities and meet economic challenges being posed by the rapid global Information Technology revolution, which is influencing virtually every area of development and social activity.

Vision:

As we know information technology is a vast area and is one of the most rapidly growing domain. The growth brings with it advantages as well as disadvantages that need to be dealt with carefully in order to achieve a sound framework. In today's advancing world there is an utmost need to keep pace with the ever changing technology. Aim is to achieve a sound knowledge in the area of cyberspace and its issues. To set up a platform providing constant efforts in the understanding, implementation, legalization, propagation, creation in the information technology & cyber law domain. To inculcate sound knowledge in the students to help them in becoming the shining leaders in the area of Cyber law and Information security and Cyber security. Further, to train students to face and stand the challenges of the practical world.

Vice Chancellor's Message:

Welcome to the Rajiv Gandhi National Cyber Law Centre (RGNCLC). The centre is committed to contribute in the field of Cyber Law, Information Security and other cyberspace related issues. We, in addition to training the students, transform them into distinguished IT consultants, legal advisers, Information Security experts, technology managers, researchers, govt. officials, Police, Prosecutors and others etc, create and enhance a sense of global awareness with the ever-changing technological world. We Support the innovative Students through Incubators and technical students practice through 'Cyber Lab'.

We further accredit that the centre would advance and progress in accommodating rich knowledge in the area of Cyber Law and Information Security and to achieve universal distinction. It is my immense pleasure coupled with a public purpose that I would like to present the Rajiv Gandhi National Cyber Law Centre.

Prof. (Dr.) V. Vijayakumar

Vice Chancellor NLIU, Bhopal

Message from Dean Post Graduate Studies :

Rajiv Gandhi National Cyber Law Centre started MCLIS Program in the year 2011. Within short span of time Centre has established its Credentials as National Institutions of Excellence. The Centre has been associated with many Research and Training Program sponsored by the Ministry of Electronics and Information Technology and Department of Revenue, Govt. of India which adds to Qualitative Improvements in teaching and learning process.

I wish the Center all success and glory.

Prof. (Dr.) Rajiv Khare

Dean PG NLIU, Bhopal

Message from Chairperson, Rajiv Gandhi National Cyber Law Centre (RGNCLC)

Information Technology has been revolutionary in all the sections of society, at this stage it also becomes imperative to focus on several implications arising out and the aim is to stay on protected from all such misleads. At our centre we are indulged to articulate a framework which would armor the beneficiaries of all the junctures a step ahead. As a matter of fact, one has to adopt the technological changes taking place in the world to grow further at the same time more responsibly remain unaffected with malevolent developments. We would be delighted to be a contributing partner by adding adapt professionals in the field through excellence of our collective efforts.

“Let’s us be always a part of every success”

Dr. Atul Kumar Pandey

Chairperson RGNCLC

PROGRAM OFFERED

MASTER OF CYBER LAW AND INFORMATION SECURITY (MCLIS)

Objective:

Recent advancements in Information Technology have revolutionized almost all the arenas of human endeavor. Cyber world has delimited entire world in the form of a globalized information hub. Consequently information security issues and regulatory mechanism has developed a complex system. Our aim is to understand the dynamics of information security and cyber law matrix, techno-legal professionals with the blended skill of Law and Technology are highly required. This course aims to develop the skills to imbibe the Information Security issues at technological ground and then relate it to complex Cyber World legal problems. It gives a detailed understanding of National and International Regulatory paradigms and its mechanics regarding Cyber Law.
