

PRODUCT INFORMATION

2019 CADILLAC XT5

Tailored for comfort and designed for all occasions, the 2019 Cadillac XT5 offers versatility that makes a statement, with unmistakably Cadillac style and refinement. Featuring a suite of class-leading available safety features and all-weather, road-handling confidence, the XT5 combines effortless elegance with peace of mind.

The XT5 is built on a lightweight architecture that enhances performance, driver control and efficiency, with design elements borne out of Cadillac's acclaimed sports vehicles. The result is a crossover that's one of the lightest in its class, with agile driving dynamics and exceptional responsiveness.

Cadillac XT5 is powered by a 3.6-liter V6 engine featuring fuel-saving Active Fuel Management cylinder deactivation and stop/start technologies (EPA-est. 26 mpg highway with 2WD). It's complemented by an eight-speed automatic transmission with Electronic Precision Shift, creating more interior storage space by eliminating the conventional shift linkage.

A twin-clutch AWD system is available, engineered for strong performance in wet, snowy or icy conditions, while also equipped to reinforce vehicle stability in dry conditions. It can be disconnected from the rear axle to enhance refinement and fuel efficiency.

The XT5 boasts the latest Cadillac user experience system¹ to make it one of the most connected vehicles in its class. With intuitive, smartphone-like functionality, its dynamic platform leverages the cloud to adjust personalization, navigation and other features over time to meet the changing needs of the owner.

The 2019 Cadillac XT5 has a starting MSRP of \$42,690 (including destination).²

2019 XT5 Vehicle Highlights

- Offered in XT5, Luxury, Premium Luxury and Platinum trims
- 3.6L V6 rated at 310 hp (231 kW) with eight-speed automatic transmission

¹Infotainment system functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

²MSRP excludes tax, title, license and dealer fees. Optional equipment is extra.

³The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. To check for phone or other device compatibility, see my.cadillac.com/learn or consult your carrier.

⁴Map coverage available in the United States, Puerto Rico and Canada.

⁵Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and iTunes are trademarks for Apple Inc, registered in the U.S. and other countries.

⁶Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC.

⁷Service varies with conditions and location. Requires active service plan and paid AT&T data plan. Visit onstar.com for details and limitations.

⁸Does not detect people or items. Always check rear seat before exiting.

⁹Not compatible with all devices.

¹⁰Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See your vehicle Owner's Manual for more information.

¹¹Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
