

A Florida “resident for tuition purposes” is a person who has, or a dependent person whose parent or legal guardian has, established and maintained legal residency in Florida for at least twelve (12) consecutive months preceding the first day of classes of the term for which Florida residency is sought. Residence in Florida must be a bona fide domicile rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education. To qualify as a Florida resident for tuition purposes, you must be a U.S. citizen, a foreign national in a nonimmigrant visa classification that grants you the legal ability to establish a bonafide domicile in the United States, a permanent resident alien, parolee, asylee, Cuban-Haitian entrant, or legal alien granted indefinite stay by the U.S. Citizenship and Immigration Services. Other persons not meeting the twelve-month legal residence requirements may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature pursuant to section 1009.21, Florida Statutes. All other persons are ineligible for classification as a Florida “resident for tuition purposes.” Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend upon out-of-state parents for support are presumed to be legal residents of the same state as their parents. Residency for tuition purposes requires the establishment of legal ties to the state of Florida. A student must verify that the student has broken ties to other states if the student or, in the case of a dependent student, his or her parent has moved from another state.

### QUALIFICATION

I qualify as a resident for tuition purposes, as defined by s. 1009.21, Florida Statutes, for the term for which this application is submitted. I understand that it will be necessary for me to present evidence of residency for tuition purposes, supporting my claim as a Florida resident for tuition purposes. I have read the residency information on qualifying as a dependent or independent student, and declare that:

- I am a dependent student, as defined by s. 1009.21(1)(a), Florida Statutes, in that I am eligible to be claimed as a dependent under the federal income tax code by the claimant below. The claimant is my “parent” as defined by s. 1009.21(1)(f), Florida Statutes, (i.e., either or both parents of the student, any guardian of a student, or any person in a parental relationship to the student). My parent has maintained legal residence in Florida for at least the past 12 consecutive months. As defined by section 009.21(1)(d), Florida Statutes, “legal resident’ or ‘resident’ means a person who has maintained his or her residence in this state for the preceding year, has purchased a home which is occupied by him or her as his or her residence, or has established a domicile in this state pursuant to s. 222.17.” A copy of your parent’s tax return may be requested to establish dependence.
- I am an independent person who has maintained legal residence in Florida for at least the past 12 consecutive months. I provide more than 50% of my own support. An independent student generally includes a person who is at least 24 years old, married, a graduate or professional student, a veteran, a member of the armed forces, a ward of the court, or someone with legal dependents other than a spouse, pursuant to the United States Department of Education for the purposes of federal financial aid eligibility. There may be limited cases where a person under the age of 24 years old may qualify as an independent student. Such students will be required to verify independence (*including financial independence*.) A copy your tax return may be requested to establish independence.
