This programme aims to provide junior staff engaged in treasury market activities with basic knowledge of the financial and treasury markets and their operating environment. It is recognized by the Treasury Markets Association (TMA) as 'Level 1 training' under its 'Professional Qualification Framework' (PQF).

Learning Outcomes

Upon completion of the programme, students should be able to:

- Apply macroeconomic theories in explaining how the financial system works;
- Analyze the key aspects of regulatory framework in treasury markets;
- Differentiate and analyze different treasury markets and their products;
- Apply the key concepts of prudent risk management; and
- Apply international best practice – the TMA Code of Conduct and Practice in work environment.

Programme Features

- This is the only course in the market which covers the whole spectrum of topics in treasury markets;
- This is the only course recognized by TMA as fulfilling 'Level 1 Training' under its Professional Qualification Framework;
- Supported by e-learning courseware which facilitates flexible learning schedule of busy practitioners.

Target Audience

Junior or aspiring practitioners in the treasury markets

Professional Recognition

Graduates of the course are eligible for admission as TMA Associate Members under the TMA's Membership Regime. A financial markets practitioner or any individual who has completed and passed the TMA Level 1 Training Programme, i.e. Professional Certificate in Treasury Markets is eligible to apply for admission as a TMA Associate Member and apply for ECFTM certification (Associate Treasury Management Professional) if he/she is currently employed by an authorized institution.
