Foreword

The production of a resource book like this always involves a long journey for the participants, filled with hard work and difficult decisions. All of us hope that each of you find this a useful resource in your work with, and involving, animals and the law.

The editors have designed this book principally to serve as an edited collection of Tennessee statutes relating to animals. Because these statutes were collected and edited, the collection is necessarily incomplete. The criteria and process used by the editors in selecting statutes of interest to our target audiences were thoughtfully conceived. However, the choices they made may differ from those that you would make. We welcome feedback from you—including suggestions for future editions—as to how we can better edit this resource to serve your needs.

Moreover, especially because this book is a selective collection of statutory law available on a specific date, readers should not rely on this book as a source of legal advice. The legislature of the State of Tennessee can and will add, modify, and repeal laws in every legislative session. Additionally, courts have the opportunity to interpret and add to the law with each new case that properly comes before them. Finally, ordinances and other rules serve to make these laws applicable and enforceable on a local level. The interaction of these sources of regulation is complex and the rules of conduct that result from that interaction are best identified and explained by attorneys licensed to practice in the State of Tennessee that are familiar with the applicable statutes, court cases, ordinances, and other rules. We urge you to seek counsel from these legal advisors in interpreting and using the statutes presented in this book; a mere reading of the statutes is not enough to ensure complete understanding.

With all that having been said, we offer you this volume for use in your work. Use this resource well, use it often; and, as requested above, do give us your feedback on its contents. We look forward to hearing from you.

Acknowledgements

Of course, it takes a collective organizational and individual effort to bring projects like this one to completion. The acknowledgements provided here only touch upon those who have been essential to the production of this resource.

However, one thing is clear. This volume is made possible by its core sponsors: The Companion Animal Initiative of Tennessee at the University of Tennessee College of Veterinary Medicine and the Animal Legal Defense Fund Student Chapter at the University of Tennessee College of Law. The two Colleges provide research funding and administrative support for this effort at a time when human and money capital are somewhat scarce. The editors are especially grateful for the ongoing support and assistance provided by the Colleges, and for the foundational work done on this book by former Companion Animal Initiative of Tennessee director Teresa Fisher, former College of Veterinary Medicine students Kara Campadonico and Clarivel Hernandez, and former College of Law students Kelli Braud, McKenna Cox, Cherie DuBois, and Anne Kemp.

§ 4-3-203 Department of Agriculture powers and duties

The department of agriculture has the power to:

- (1) Encourage and promote, in every practicable manner, the interests of agriculture, including horticulture, livestock industry, dairying, poultry raising, beekeeping, production of wool and other allied industries;
- (2) Promote and improve methods of conducting agricultural industries, with a view to increasing the production, and facilitating the distribution, of products at minimum cost;
- (3) Collect, publish and distribute statistics relating to crop production and marketing of beef, pork, poultry, fish, mutton, wool, butter, cheese and other agricultural products, so far as such statistical information may be of value to the agricultural and allied interests of the state;
- (4) Inquire into the cause of contagious, infectious and communicable diseases among domestic animals, and the means for the prevention and cure of the same;
- (5) Assist, encourage and promote the organization of farmers' institutes, horticultural and agricultural societies, the holding of fairs, stock shows or other exhibits of the products of agriculture;
- (6) Cooperate with producers and consumers in devising and maintaining economical and efficient systems of distribution, and to aid in whatever way may be consistent or necessary in accomplishing the reduction of waste and expenses in marketing;
- (7) Cooperate with the agricultural college, the experiment stations of the state university and the federal government;
- (8) Enter and inspect any rights-of-way of any highway, railway, field, orchard, nursery, fruit packing house, storeroom, depot or other place where fruits are grown or stored, and inspect fruits, trees, plants, vines, shrubs or other articles within the state, and if such plant life is infected with pests or with their eggs or larvae, or with any contagious disease injurious to plant life, abate the same as a nuisance;
- (9) Enforce all of the penal and regulatory laws of the state in the same manner and with like authority as the sheriffs of the counties; and
- (10)
 - (A) Promulgate rules and regulations necessary to effectuate the purposes, duties and responsibilities of the department. Such rules and regulations shall be promulgated in accordance with the provisions of the Uniform Administrative Procedures Act, compiled in chapter 5 of this title, except as otherwise provided by law.
 - (B) The enactment of a federal declaration of an extraordinary emergency or issuance of an emergency federal order or similar federal enactment that relates to the spread of plant or animal disease, the spread of pests from state to state, the protection of the food or feed supply, or that otherwise relates matters generally regulated by the department shall be deemed to constitute sufficient evidence of an immediate danger to the public health, safety or welfare of such a nature to justify the enactment of emergency rules for purposes of § 4-5-208(a).

§ 4-3-610 Acquiring dogs for detection of drugs

- (a) The state of Tennessee, acting through the commissioner and department of correction, is authorized to assist counties and municipalities in acquiring dogs trained to detect marijuana and other illicit substances for use in jails and workhouses for the purposes set out in § 41-1-118.
- (b) Sheriffs, police chiefs and other local law enforcement officials are encouraged to utilize the dogs provided for in subsection (a).

§ 4-5-208 Emergency rules

- (a) An agency may, upon stating its reasons in writing for making such findings, proceed

without prior notice or hearing to adopt an emergency rule, if the agency finds that:

- (1) An immediate danger to the public health, safety or welfare exists, and the nature of this danger is such that the use of any other form of rulemaking authorized by this chapter would not adequately protect the public;
 - (2) The rule only delays the effective date of another rule that is not yet effective;
 - (3) It is required by the constitution or court order;
 - (4) It is required by an agency of the federal government and adoption of the rule through ordinary rulemaking procedures described in this chapter might jeopardize the loss of a federal program or funds; or
 - (5) The agency is required by an enactment of the general assembly to implement rules within a prescribed period of time that precludes utilization of rulemaking procedures described elsewhere in this chapter for the promulgation of permanent rules.
- (b) The emergency rule shall become effective immediately, unless otherwise stated in the rule, upon a copy of the rule and a copy of the written statement of the reasons for the rule being filed with the secretary of state. The secretary of state shall post the emergency rule filing to the administrative register web site within two (4) business days of filing. An emergency rule filing shall remain on the administrative register website until the filing expires. The secretary of state shall update relevant rules to reflect the filing and the expiration of emergency rules.

The notice shall be given by United States mail, addressed to the last known address of the owner of record. The notice shall state that the owner of the property is entitled to a hearing. § 6-54-113 Removal of vegetation and debris from certain lots

(a)

(1) "Municipality," as used in this section, includes incorporated cities and towns and metropolitan governments.

(2) The authority provided in this section is permissive and not mandatory and may or may not be exercised by a municipality, as each municipality deems appropriate.

(b) If it is determined by the appropriate department or person as designated by the governing body of a municipality that any owner of record of real property has created, maintained or permitted to be maintained on such property the growth of trees, vines, grass, underbrush or the accumulation of debris, trash, litter, or garbage, or any combination of the preceding elements, so as to endanger the health, safety or welfare of other citizens or to encourage the infestation of rats and other harmful animals, the appropriate department or person shall provide notice to the owner of record to remedy the condition immediately. The notice shall be given by United States mail, addressed to the last known address of the owner of record. When an attempt at notification by United States mail fails or no valid last known address exists for the owner of record, the municipality may publish the notice in a newspaper of general circulation in the county where the property sits for no less than two (2) consecutive issues or personally deliver the notice to the owner of record. For purposes of this section, such publication shall constitute receipt of notice effective on the date of the second publication of the notice and personal delivery shall constitute receipt of notice immediately upon delivery. The notice shall state that the owner of the property is entitled to a hearing. The notice shall be written in plain language and shall also include, but not be limited to, the following elements:

(1) A brief statement of this section, which shall contain the consequences of failing to remedy the noted condition;

(2) The person, office, address and telephone number of the department or person giving notice;

(3) A cost estimate for remedying the noted condition, which shall be in conformity with the standards of cost in the community; and

(4) A place wherein the notified party may return a copy of the notice, indicating the desire for a hearing.

(c)

(1)

(A) If the person fails or refuses to remedy the condition within ten (10) days after receiving the notice, the appropriate department or person shall immediately cause the condition to be remedied or removed at a cost in conformity with reasonable standards and the cost thereof assessed against the owner of the property. The municipality may collect the costs assessed against the owner through an action for debt filed in any court of competent jurisdiction. The municipality may bring one (1) action for debt against more than one (1) or all of the owners of properties against whom such costs have been assessed, and the fact that multiple owners have been joined in one (1) action shall not be considered by the court as a misjoinder of parties. Upon the filing of the notice with the office of the register of deeds of the county in which the property lies, the costs shall be a lien on the property in favor of the municipality, second only to liens of the state, county and municipality for taxes, any lien of the municipality for special assessments, and any valid lien, right or interest in such property duly recorded or duly perfected by filing, prior to the filing of such notice. These costs shall be collected by the municipal tax collector or county trustee at the same time and in the same manner as property taxes are collected. If the owner fails to pay the costs, they may be collected at the same

- time and in the same manner as delinquent property taxes are collected and shall be subject to the same penalty and interest as delinquent property taxes.
- (B) When the owner of an owner-occupied residential property fails or refuses to remedy the condition within ten (10) days after receiving the notice, the appropriate department or person shall immediately cause the condition to be remedied or removed at a cost in accordance with reasonable standards in the community, with these costs to be assessed against the owner of the property. Subdivision (c)(1)(A) shall apply to the collection of costs against the owner of an owner-occupied residential property, except that the municipality shall wait until cumulative charges for remediation equal or exceed five hundred dollars (\$500) before filing the notice with the register of deeds and the charges becoming a lien on the property. After this threshold has been met and the lien attaches, charges for costs for which the lien attached are collectible as provided in subdivision (c)(1)(A) for these charges.
- (2) If the person who is the owner of record is a carrier engaged in the transportation of property or is a utility transmitting communications, electricity, gas, liquids, steam, sewerage or other materials, the ten-day period specified in subdivision (a)(1) shall be twenty (20) days, excluding Saturdays, Sundays and legal holidays.
- (d)
- (1) The municipal governing body or the appropriate department, or both, may make any rules and regulations necessary for the administration and enforcement of this section. The municipality shall provide for a hearing upon request of the person aggrieved by the determination made pursuant to subsection (b). A request for a hearing shall be made within ten (10) days following the receipt of the notice issued pursuant to subsection (b). Failure to make the request within this time
- (2) Any person aggrieved by an order or act of the board, agency or commission under this subsection (d) may seek judicial review of the order or act. The time period established in subsection (c) shall be stayed during the pendency of a hearing.
- (e) The provisions of this section are in addition and supplemental to, and not in substitution for, similar authority in any municipality's charter or other applicable law.
- (f) In the event a privately owned cemetery would otherwise meet the requirements of this section, and if a Boy Scout troop or other organization were to remedy the conditions existing on such property, the municipality shall be prohibited from filing a lien against such property for the value of the work performed by such organization. Such organization shall be immune from any legal action for damages, and no cause of action for civil or criminal liability may be brought by the owner of record of the cemetery or descendants of those buried in the cemetery against such organization, so long as reasonable care is taken by such organization not to violate § 46-2-105, § 46-3-108 [repealed], or any other provision of law, rule or regulation.
- (g)
- (1) As used in this subsection (g):
- (A) "Community organization" means a community-oriented organization or group including, but not limited to, a school group, church youth group, neighborhood preservation nonprofit corporation, or community support group; and
- (B) "Vacant property" means property on which no building exists or on which a building exists but any such building is no longer utilized for any business, commercial or residential purposes.
- (2) Except as provided in subsection (f), if a person fails to remedy the condition on vacant property within the time period prescribed by subsection (c), subject to any stay as provided in subsection (d), upon the adoption of a resolution by a two-thirds ($\frac{2}{3}$) vote of the municipal legislative body of any municipality located in any county having a population in excess of eight hundred thousand (800,000), according to

the 2000 federal census or any subsequent federal census, to implement this subsection (g) within any such municipality, a community organization shall be entitled to petition the municipality to enter upon such vacant property to remedy the conditions identified in subsection (b). Upon the filing of such a petition, the municipality is authorized to contract with such community organization for such purposes. The contract shall provide for the manner in which the community organization shall be compensated for remedying the conditions pursuant to such contract. Any municipality that contracts with a community organization for such purposes shall be absolutely immune from any liability to any and all persons and for damage to the vacant property for conditions remedied by the community organization. No monetary liability and no cause of action of any nature shall arise against the municipality for acts of omission or commission of such community organization for conditions remedied pursuant to such contract.

An ordinance enacted under this section shall provide for a permitting process to authorize individual restaurants to permit dogs as provided in this section and to charge applicants and authorized restaurants a reasonable permit fee as the ordinance may establish. Additionally, the ordinance shall provide that:
 - (1) No pet dog shall be present in the interior of any restaurant or in any area where food is prepared;
 - (2) The restaurant shall have the right to refuse to serve the owner of a pet dog if the owner fails to exercise reasonable control over the pet dog or the pet dog is otherwise behaving in a manner that compromises or threatens to compromise the health or safety of any person present in the restaurant;
 - (3) All public food service establishment employees shall wash their hands promptly after touching, petting or otherwise handling a pet dog. Employees shall be prohibited from touching, petting or otherwise handling pet dogs while serving food or beverages or handling tableware or before entering other parts of the public food service establishment;

 - (5) Patrons shall keep their pet dogs on a leash at all times and keep their pet dogs under reasonable control;
 - (6) Pet dogs shall not be allowed on chairs, tables or other furnishings;
 - (7) Accidents involving pet dog waste shall be cleaned immediately and the area sanitized with an approved product. A kit with the appropriate materials for this purpose shall be kept near the designated outdoor area;
 - (8) A sign or signs reminding employees and patrons of the applicable rules shall be posted on the premises in a manner and place as determined by the local permitting authority; and
 - (9) Pet dogs shall not be permitted to travel through indoor or nondesignated portions of the public food service establishment, and ingress and egress to the designated outdoor portions of the public food establishment shall not require entrance into or

(a)

- (1) The commission or each commissioner sitting individually has exclusive jurisdiction to determine all monetary claims against the state based on the acts or omissions of “state employees,” as defined in § 8-42-101, falling within one (1) or more of the following categories:
 - (A) The negligent operation or maintenance of any motor vehicle or any other land, air, or sea conveyance. In addition, the state may be held liable pursuant to this subdivision (a)(1)(A) for the negligent operation of state-owned motor vehicles or other conveyances by persons who are not state employees; provided, that such persons operated the vehicle or other conveyance with the permission of a state employee;
 - (B) Nuisances created or maintained;
 - (C) Negligently created or maintained dangerous conditions on state controlled real property. The claimant under this subdivision (a)(1)(C) must establish the foreseeability of the risks and notice given to the proper state officials at a time sufficiently prior to the injury for the state to have taken appropriate measures;
 - (D) Legal malpractice or health care liability by a state employee; provided, that the state employee has a professional/client relationship with the claimant;
 - (E) Negligent care, custody and control of persons;
 - (F) Negligent care, custody or control of personal property;
 - (G) Negligent care, custody or control of animals. Damages are not recoverable under this section for damages caused by wild animals;
 - (H) Negligent construction of state sidewalks and buildings;
 - (I) Negligence in planning and programming for, inspection of, design of, preparation of plans for, approval of plans for, and construction of, public roads, streets, highways, or bridges and similar structures, and negligence in maintenance of highways, and bridges and similar structures, designated by the department of transportation as being on the state system of highways or the state system of interstate highways;
 - (J) Dangerous conditions on state maintained highways. The claimant under this subdivision (a)(1)(J) must establish the foreseeability of the risk and notice given to the proper state officials at a time sufficiently prior to the injury for the state to have taken appropriate measures;
 - (K)
 - (i) Workers' compensation claims by state employees, including injuries incurred by national guard members, Tennessee state guard members, civil air patrol members, civil defense agency personnel and emergency forest firefighters while on active duty and in the course of that duty;
 - (ii) The commission's payment of these claims shall be in such amount and subject to such limitations as set forth in title 50, chapter 6, except the following provisions shall have no application to workers' compensation claims filed against the state: §§ 50-6-103, 50-6-104, 50-6-106(5), 50-6-118, 50-6-128, 50-6-203(a)-(e) and (g), 50-6-205(b)(2), (b)(3), (c) and (d), 50-6-208, 50-6-210(f), 50-6-211, 50-6-213, 50-6-222, 50-6-225(d), 50-6-229(b), 50-6-233, 50-6-236(c)(2)-(3) and (g), 50-6-237, 50-6-238, 50-6-239, 50-6-244, 50-6-306, 50-6-307, and title 50, chapter 6, part 4. Section 50-6-114 shall apply to workers' compensation claims against the state, except that the state is authorized to give an employee the option to use accrued sick and annual leave in lieu of receiving temporary total disability benefits. In no event shall an employee receive both accrued sick and annual leave and temporary total disability

- benefits for the period of temporary total disability. Where appropriate, the claims commission shall be considered the court or tribunal to determine claims within title 50, chapter 6. Payments shall be made and accepted without regard to fault as a cause of the injury or death;
- (iii) The subsequent injury and vocational recovery fund shall have no application to workers' compensation claims against the state of Tennessee. Payment of compensation shall not be considered a binding determination of the obligations of the employer as to future compensation payments. Likewise, the acceptance of compensation by the officer or employee is not considered a binding determination of the obligations of the employer as to future compensation payments; nor shall the acceptance of compensation by the officer or employee be considered a binding determination of the employer's rights;
- (iv) The interested parties have the right to settle all matters of compensation between themselves, but all settlements, before the settlements are binding on either party, shall be reduced to writing and shall be approved by the claims commissioner before whom the claim for compensation is entitled to be heard, or to a workers' compensation judge pursuant to § 50-6-240. Any proposed settlement presented to a claims commissioner for approval pursuant to this subdivision (a)(1)(K)(iv) shall be examined by the claims commissioner to determine whether the officer or employee is receiving, substantially, the benefits provided by the Workers' Compensation Law, compiled in title 50, chapter 6. To this end, the commissioner may call and examine witnesses. Upon such settlement being approved, an order shall be rendered by the commissioner and duly entered by the clerk;
- (v) In case any officer or employee of the state of Tennessee for whose injury or death compensation is payable under the Workers' Compensation Law shall at the time of injury be employed or paid jointly by two (2) or more employers subject to such law, such employers shall contribute to payment of such compensation in a proportion of their several wage liability to such officer or employee. The state of Tennessee is considered the primary employer and the determination of workers' compensation paid shall be pursuant to the procedures provided for state officers and employees. If one (1) or more, but not all, of such officers and employees are subject to the Workers' Compensation Law and otherwise subject to liability for compensation hereunder, then the liability of such of them as are so subject shall be to pay the proportion of the entire compensation which their portion of the wage liability bears to the wages of the officer or employee; provided, that nothing in this section shall prevent any agreement between the different employers between themselves as to the distribution of the ultimate burden of such compensation. The state of Tennessee shall pay the officer or employee under the Workers' Compensation Law and seek contribution from other contributing employers. The state of Tennessee has a right of action in the courts against the joint employers;
- (vi) Notwithstanding § 9-8-402(d) or any other law to the contrary, upon motion of the employee, the claims commission may, prior to the benefits review conference or any final hearing on the claim, order the state to initiate, continue or reinstate temporary disability benefits or to provide medical benefits to the employee pending a final decision in the case, if the claims commission determines that such an order would be appropriate in light of available information. If the commission determines it appropriate to order the state to provide medical benefits pursuant to this subdivision (a)(1)(K)(vi), the

- commission's authority shall include, but not be limited to, the authority to order specific medical treatment recommended by the treating physician, and the authority to require the state to provide the appropriate panel of physicians to the employee, including a panel of appropriate specialists. With respect to the determination of whether to order the payment of temporary disability or medical benefits, the claims commission shall decide such issues solely on the basis of the information available to the commission, without favor or presumption for or against either party;
- (L) Actions for breach of a written contract between the claimant and the state which was executed by one (1) or more state officers or employees with authority to execute the contract; provided, that the group insurance agreements created pursuant to §§ 8-27-202 and 8-27-302 shall be considered contracts for purposes of this subsection (a) in order for the commission to determine insurance claims which have been previously rejected by the state insurance committee or the local education insurance committee;
 - (M) Negligent operation of machinery or equipment;
 - (N) Negligent deprivation of statutory rights created under Tennessee law, except for actions arising out of claims over which the civil service commission has jurisdiction. The claimant must prove under this subdivision (a)(1)(N) that the general assembly expressly conferred a private right of action in favor of the claimant against the state for the state's violation of the particular statute's provisions;
 - (O) Claims for the recovery of taxes collected or administered by the state, except any tax collected or administered by the commissioner of revenue, any tax collected or administered by the commissioner of commerce and insurance pursuant to title 56, and any unemployment insurance tax collected or administered by the commissioner of labor and workforce development;
 - (P) Claims for the loss, damage or destruction of the personal property of state employees based on § 9-8-111;
 - (Q)
 - (i) Claims for injuries incurred by persons where such injury occurred while the person was a passenger in a motor vehicle operated by a state employee while such employee was acting within the scope of employment. The claimant has the burden of proving the following:
 - (a) The injuries suffered by the claimant occurred as a result of an accident involving a motor vehicle operated by a non-state employee and a motor vehicle operated by a state employee who, at the time of the accident, was acting within the scope of employment;
 - (b) The proximate cause of the accident was the negligent operation of the motor vehicle operated by the nonstate employee;
 - (c) The claimant has been unable to recover any damages from the negligent party because the negligent party was uninsured or underinsured at the time of the accident and is otherwise financially incapable of fully compensating the claimant;
 - (d) The claimant has been unable to recover sufficient amounts under the Workers' Compensation Law or from any other public or private source, including the claimant's uninsured motorist's insurance policy, to fully compensate for the injuries suffered; and
 - (e) The claimant's presence in the motor vehicle operated by the state employee was for the benefit of the state, except that this requirement shall be waived for persons who are injured while a passenger in a state-owned motor vehicle used in the state employee van pool program

- authorized in § 4-3-1105(19);
- (ii) Notwithstanding subsection (e), awards under this subdivision (a)(1)(Q) are limited to amounts recoverable under subdivision (a)(1)(K). Awards under this subdivision (a)(1)(Q) shall not be considered payments under an uninsured motorists insurance policy as provided for in title 56, chapter 7, part 12;
 - (R) Claims for libel and/or slander where a state employee is determined to be acting within the scope of employment;
 - (S)
 - (i) Claims for compensation filed under the Criminal Injuries Compensation Act, compiled in title 29, chapter 13, and § 40-24-107. Claims filed pursuant to this subdivision (a)(1)(S) shall be determined in accordance with title 29, chapter 13;
 - (ii) Notwithstanding title 29, chapter 13, to the contrary, the claims commission has exclusive jurisdiction to determine all claims filed for compensation under the Criminal Injuries Compensation Act in accordance with title 29, chapter 13; provided, that this exclusive jurisdiction shall apply only to claims for compensation filed on or after January 1, 1987. At the request of the claimant and with the consent of the court, any claim filed prior to January 1, 1987, may be transferred to the claims commission for determination of the claim;
 - (T) Actions based on § 69-1-201;
 - (U) Actions based on violations of the requirements of procurement of commodities or services under title 71, chapter 4, part 7;
 - (V) Unconstitutional taking of private property, as defined in § 12-1-202, including intentional state governmental action resulting in a taking other than the taking of real property and real property rights for the state's system of highways or the state's system of interstate highways; and
 - (W) Claims arising out of the billing, collection, or remittance of 911 surcharges.
- (2) No item enumerated in this subsection (a) shall be interpreted to allow any claim against the state on account of the acts or omissions of persons, partnerships, corporations or other entities licensed or regulated by agencies of the state, notwithstanding any negligence committed by the state in the course of performing licensing or regulatory activities. No item enumerated in this subsection (a) shall be interpreted to allow any claims against the state arising out of or resulting from:
- (A) The issuance, denial, suspension or revocation of, or by the failure or refusal to issue, deny, suspend or revoke, any permit, license, certificate, approval, order or similar authorization, except as provided for in subdivision (a)(1)(V);
 - (B) An inspection, or by reason of making an inadequate or negligent inspection of any property, except as provided for in subdivision (a)(1)(I);
 - (C) Riots, unlawful assemblies, public demonstrations, mob violence and civil disturbances; except that the claims commission shall have jurisdiction over riots and disturbances occurring on or after January 1, 1985, by persons who are in the care, custody and control of the state where the state's negligence is the proximate cause of the riot or disturbance which, in turn, is the proximate cause of the injury to the claimant or damage to the claimant's personal property;
 - (D) Acts of a defendant serving a sentence under probation coupled with periodic confinement pursuant to § 40-35-307; work release pursuant to § 40-35-315; on furlough pursuant to § 40-35-316; a community-based alternative to confinement pursuant to title 40, chapter 36; or parole pursuant to § 40-35-504, unless the defendant is in the custody of or under the control or

- supervision of a jailer, corrections officer, law enforcement officer, or other agent of the state, or unless the state was negligent in its release of the defendant; provided, that the state is liable for reasonable medical care for inmates under work release, furlough, or community-based alternatives to confinement, although the inmates are not physically in the custody and control of and under the direct personal control of a jailer, corrections officer or other law enforcement officer. The state, county, municipality or political subdivision which may employ the inmate but does not have direct supervision and control of the inmate's work release, confinement or community-based alternative to confinement is not liable for the inmate's reasonable medical treatment for injuries incurred while on such work release, community-based alternative, or other work detail. Nothing in this subdivision (a)(2)(D) shall be construed as changing the general law of comparative fault. Nothing in this subdivision (a)(2)(D) shall be construed as changing the liability for injuries caused by a person or agency due to that person's or agency's own negligence. Nothing in this subdivision (a)(2)(D) shall be construed as changing the general law on liability in subdivision (a)(1)(E); or
- (E) Any failure or malfunction occurring before January 1, 2005, which is caused directly or indirectly by the failure of computer software or any device containing a computer processor to accurately or properly recognize, calculate, display, sort, or otherwise process dates or times, if, and only if, the failure or malfunction causing the loss was unforeseeable or if the failure or malfunction causing the loss was foreseeable but a reasonable plan or design or both for identifying and preventing the failure or malfunction was adopted and reasonably implemented complying with generally accepted computer and information system design standards. Notwithstanding any other provision of the law, nothing in this subdivision (a)(2)(E) shall in any way limit the liability of a third party, direct or indirect, who is negligent. Further, a person who is injured by the negligence of a third party contractor, direct or indirect, shall have a cause of action against the contractor.
- (3) It is the intent of the general assembly that the claims commission shall only hear claims arising on or after January 1, 1985. All claims arising prior to January 1, 1985, are to be governed by the law as it was prior to that date. For purposes of jurisdiction, a claim for recovery of taxes is deemed to arise on the date of the payment under protest. However, for any claim falling within the jurisdiction of the claims commission as determined by this subdivision (a)(3) and arising before January 1, 1985, the board of claims may authorize the chair of the board to transfer any claim or classes of claims to the claims commission. No claims shall be transferred where the claimant objects. Transferred claims are subject to the same requirements and procedures as claims originally filed with the claims commission. It is the intent of the general assembly that the jurisdiction of the claims commission be liberally construed to implement the remedial purposes of this legislation. It is the intent of the general assembly that no distinctions be made between officers and employees of the state under this legislation. The availability of state records and documents concerning claims is subject to the same discovery defenses as are available to other parties. The portion of the records in possession of the division of claims and risk management containing the amount of funds reserved for each claim for the risk management fund is confidential and not subject to § 10-7-503, until the final adjudication of the claim.
- (b) Claims against the state filed pursuant to subsection (a) shall operate as a waiver of any cause of action, based on the same act or omission, which the claimant has against any state officer or employee. The waiver is void if the commission

determines that the act or omission was not within the scope of the officer's or employee's office or employment.

- (c) The determination of the state's liability in tort shall be based on the traditional tort concepts of duty and the reasonably prudent person's standard of care.
- (d) The state will be liable for actual damages only. No award shall be made unless the facts found by the commission would entitle the claimant to a judgment in an action at law if the state had been a private individual. The state will not be liable for punitive damages and the costs of litigation other than court costs. The state will not be liable for willful, malicious, or criminal acts by state employees, or for acts on the part of state employees done for personal gain. The state may assert any and all defenses, including common law defenses, which would have been available to the officer or employee in an action against such an individual based upon the same occurrence. The state may assert any absolute common law immunities available to the officer or employee, however, good faith common law immunity may not be asserted. If the claimant is successful with any claim filed with the claims commission after January 1, 1985, the state shall pay such interest as the commissioner may determine to be proper, not exceeding the legal rate as provided in § 47-14-121. In contract actions, interest may be awarded, but if the rate of interest is provided in the contract, the award of interest shall be at that rate.
- (e) For causes of action arising in tort, the state shall only be liable for damages up to the sum of three hundred thousand dollars (\$300,000) per claimant and one million dollars (\$1,000,000) per occurrence. The board of claims is authorized to purchase insurance, on a per claimant or per occurrence basis, for any class of claim. Any recovery covered by such a policy may exceed the monetary limits of this subsection (e), but only up to the policy limit.
- (f) No language contained in this chapter is intended to be construed as a waiver of the immunity of the state of Tennessee from suit in federal courts guaranteed by the eleventh amendment to the Constitution of the United States.
- (g) No language contained in this chapter is intended to be construed to abridge the common law immunities of state officials and employees.
- (h) State officers and employees are absolutely immune from liability for acts or omissions within the scope of the officer's or employee's office or employment, except for willful, malicious, or criminal acts or omissions or for acts or omissions done for personal gain. For purposes of this chapter, "state officer" or "employee" has the meaning set forth in § 8-42-101(3).
- (i)
 - (1) Claims that were timely filed against a state employee with a court of competent jurisdiction and that fall within the jurisdiction of the claims commission found in subdivision (a)(1)(A) shall be dismissed as to the state employee and transferred to the division of claims and risk management to proceed as a claim against the state; provided, that the state employee alleged to have acted negligently was, at the time of the incident giving rise to the claim, operating a private motor vehicle within the scope of the employee's office or employment, and the employee's action or inaction was not willful, malicious, criminal or done for personal gain. When a motion for transfer is made, the court shall require that notice be given the attorney general and reporter and the state shall be permitted to intervene and respond to the motion. Upon such transfer, the claim shall be considered timely filed with the division of claims and risk management and the claims commission. Such transfer shall be effected upon an order of dismissal and transfer from the court. Any such transfer must be made within one (1) year of the filing of the original complaint with the court or on or after April 22, 1998, whichever is later. Such claims shall be considered by the division of claims and risk management and the claims

commission, as provided by law. This subsection (i) shall be effective for causes of action arising on or after July 1, 1995, pending on or after April 22, 1998, and causes of action arising on or after April 22, 1998.

(2) Claims which are transferred to the division of claims and risk management pursuant to this subsection (i) shall be investigated by the division of claims and risk management, acted upon or transferred by the division, and acted upon by the claims commission pursuant to the same statutory requirements and procedures as apply to claims originally filed with the division of claims and risk management.

(j) [Repealed effective July 1, 2022. See Compiler's Note.] Notwithstanding any other provision of this chapter to the contrary, the state does not waive its sovereign immunity for any loss, damage, injury, or death arising from COVID-19, as defined in § 29-34-802(a), unless the claimant proves by clear and convincing evidence that the loss, damage, injury, or death was proximately caused by an act or omission of the state or an employee or agent of the state constituting gross negligence. The requirements of § 29-34-802(c) apply to any such cause of action when applicable.

§ 11-1-103 Cooperation with wildlife resources agency -- relationships between divisions

The several divisions located within the department of environment and conservation shall cooperate with the state wildlife resources agency, and the employees of the divisions shall lend whatever assistance is necessary to carry out the provisions of the game and fish laws. Likewise, the employees of the state wildlife resources agency shall cooperate with the other divisions in the department and lend assistance whenever it is deemed necessary by the commissioner of environment and conservation, it being the purpose to coordinate fully the activities of the state wildlife resources agency with other conservation activities in the department. In the event any controversy shall arise in the department between any of the various divisions therein as to their respective duties and functions, the commissioner shall have authority to make the final decision concerning the controversy, and to define the respective limits of authority of each division.

§ 11-3-107 Parks and recreation employees -- commissioned law enforcement officers

(a) The division of parks and recreation is authorized to employ a suitable number of persons as park rangers, ranger naturalists, park managers and in other positions, however designated or named, having qualifications established by the division of parks and recreation, and approved by the department of human resources. They will manage and supervise the operation of the state parks and other recreational areas managed or administered by the division; provided, that persons employed as park rangers as of January 1, 1986, who meet the qualifications set out by this section as it existed on January 1, 1986, shall not be denied promotion to a position as park manager or any equivalent position because of not meeting any more stringent qualifications which may be established pursuant to this subsection (a).

(b)

(1) Employees of the division of parks and recreation, when properly trained and qualified, may be commissioned by the commissioner of environment and conservation as law enforcement officers. When so commissioned, they shall have all of the police powers necessary to enforce all state laws, rules and regulations, within the state parks, state forests, state natural areas, all other state-owned areas under the jurisdiction of the division, and all recreational areas which are administered or managed by the division under lease, easement or other agreement with any public or private owner of the property. The commissioned employees of the division shall have all police powers necessary to apprehend and

arrest any person within the state, for any violation of state law or rule or regulation of the division committed on any state park or other area described above. They shall enforce the laws, rules and regulations and maintain order, for the protection of state property and the public welfare. They shall have the right to carry firearms or other arms while on duty as commissioned law enforcement officers of the division. It is the responsibility of the division to assure that law enforcement duties are pursued with the utmost awareness and care and not to the detriment of the primary responsibilities of rangers and managers, which are to provide for visitor information and education, to manage and maintain park resources and personnel and to conduct recreation programs.

- (2) The employees commissioned under subdivision (b)(1) may also provide both law enforcement and search and rescue assistance outside of the areas described in subdivision (b)(1) at the request of federal, state, or local officials if such assistance is necessary for the protection of life, health, or safety. For the purposes of rendering such assistance, the commissioned employees shall have all the powers and protections of a law enforcement officer throughout the state.
- (c)
- (1) Notwithstanding title 12, chapter 2, part 4, when the division of parks and recreation makes a determination to retire an equine from service, the park ranger, ranger naturalist, park manager or any other similar employee who has used the equine to carry out such person's duties as a law enforcement officer or as an employee of the division of parks and recreation, may take possession of the equine upon paying to the division of parks and recreation the value assigned to the equine pursuant to subdivision (c)(3).
 - (2) Upon taking possession of a retired equine pursuant to subdivision (c)(1), the park ranger, ranger naturalist, park manager or any other similar employee shall be responsible for all costs associated with maintaining such equine.
 - (3) The division of parks and recreation is authorized to promulgate rules in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5, necessary to carry out this subsection (c) including establishing a value for the equine at the time the decision is made to retire the equine from service.
- (d) The division of parks and recreation, with the approval of the department of human resources, shall establish standards of training and qualification for the commissioning of employees as law enforcement officers, and for in-service training of its commissioned employees. Training standards shall be consistent with those established by a recognized agency such as the Tennessee peace officer standards and training commission, the Jerry F. Agee Tennessee Law Enforcement Training Academy or the department of interior, national park service.

§ 11-14-102 Natural Areas Preservation -- purpose

The general assembly finds that in the countryside of Tennessee there are areas possessing scenic, scientific, including biological, geological and/or recreational values, and which are in prospect and peril of being destroyed or substantially diminished by actions such as dumping of refuse, commercialization, construction, changing of population densities or similar actions, there being either no regulations by the state or by local governments or regulations which are inadequate or so poorly enforced as not to yield adequate protection to such areas. It is the intention of the general assembly to provide protection for such areas.

§ 11-14-105 Natural Areas Preservation - Classifications

There shall be two (2) classes of areas within the meaning of this part:

- (1) Class I, scenic-recreational areas, which are areas associated with and containing waterfalls, natural bridges, natural lakes, small but scenic brooks or streams, gorges, coves, woodlands, caverns or other similar features or phenomena, which are unique in scenic and recreational value and not extensive enough for a state park but worthy of perpetual preservation; and
- (2) Class II, natural-scientific areas, which are areas associated with and containing floral assemblages, forest types, fossil assemblages, geological phenomena, hydrological phenomena, swamplands and other similar features or phenomena which are unique in natural or scientific value and are worthy of perpetual preservation.

§ 11-14-106 Natural Areas Preservation - Development permitted

- (a) The following development shall be permitted in the two (2) classes of areas:
- (1)

- (b) The commissioner shall adopt rules and regulations for each natural area, specifying the activity or activities permitted. Such permissible activities shall not be inconsistent with the purpose of perpetual preservation. If, in the discretion of the commissioner, any portion of an area is deemed to be of so fragile a nature that overuse may damage it, limitations may be placed on activities within those portions. Removal of plants, animals or geological specimens shall not be permitted except by permit issued by the commissioner. If hunting or fishing are among the activities permitted by the commissioner, the commissioner shall adopt, with the advice of the wildlife resources agency, rules and regulations to regulate such activity on the natural area in question. Such rules and regulations may be more restrictive than the rules and regulations adopted for statewide hunting and fishing by the wildlife resources agency.

- (b) Any officers, agents, or members of such society may lawfully interfere to prevent the perpetration of any act of cruelty upon any animal in that person's presence. Any person who interferes with or obstructs any officer, agent, or member in the discharge of this duty commits a Class C misdemeanor.
- (c) Any agent or officer of a society may lawfully destroy, or cause to be destroyed, any animal found abandoned or otherwise:
- (1) Which is not properly cared for, appearing, in the judgment of two (2) reputable citizens, who are experts, called to view the same in the agent's or officer's presence, to be glandered, injured or diseased past humane recovery; or
 - (2) After a holding period of not less than seventy-two (72) hours and after having made a reasonable effort to locate and notify the owners, for the purpose of animal population control. If the animal bears any notification information on an

identification tag or collar, or on a chip, if the agent or officer of the society has the use of a chip reader, the reasonable effort to locate and notify the animal's owners must be made within forty-eight (48) hours of the time that the society takes custody of the animal or, if the animal is taken into custody on a Friday, within two (2) business days of the date that the society takes custody of the animal.

- (d) All fines, penalties and forfeitures imposed and collected in any county, under provisions relating to or in any way affecting animals, shall inure to the society in aid of the purpose for which it was incorporated, and no injunction shall be granted against the society or attorney or its officers or agents, except upon motion, after due notice and hearing.
- (e) Any humane society chartered by the state, into whose custody shall lawfully come any animal, shall have a lien on that animal for the reasonable value of the goods and services necessarily rendered by, or at the instance of, the society to that animal.
- (f) Upon seizure by law enforcement, custody of any animal victimized under this part shall be placed with any governmental animal control agency, law enforcement agency, or their designee. The governmental animal control agency, law enforcement agency, or their designee shall assist the animal and preserve evidence for prosecution.
- (g)
 - (1)
 - (A) Any governmental animal control agency, law enforcement agency, or their designee into whose custody any animal victimized under this part is placed, may petition the court requesting that the person from whom the animal is seized, or the owner of the seized animal, be ordered to post security.
 - (B) The security shall be in an amount sufficient to secure payment of all reasonable expenses expected to be incurred by the governmental animal control agency, law enforcement agency, or their designee in caring and providing for the animal pending disposition of the criminal charges.
 - (C) Reasonable expenses include, but are not necessarily limited to, the estimated costs of veterinary care and treatment for the animal as well as the estimated costs of boarding and otherwise caring for the animal.
 - (D) The amount of security shall be determined by the court after taking into consideration all of the facts and circumstances of the case. If the posting of security is ordered pursuant to this subsection (g), then the governmental animal control agency, law enforcement agency, or their designee may draw from the security the actual costs incurred in caring and providing for the seized animal pending disposition of criminal charges.
 - (2) If the person from whom the animal is seized is the owner of the animal and the person has not posted the security ordered pursuant to subdivision (g)(1) within ten (10) business days following the issuance of a security order, the animal shall be deemed to have been abandoned and shall be forfeited to the governmental animal control agency, law enforcement agency, or their designee for disposition in accordance with reasonable practices for the humane treatment of animals. However, if the person from whom the animal was seized is not the owner of the animal and the person has not posted the court-ordered security within fifteen (15) days, the court shall order the governmental animal control agency, law enforcement agency, or their designee to make all reasonable efforts to determine who the owner of the animal is and to notify the owner of the pending proceeding.
 - (3) No animal shall be deemed to have been abandoned and forfeited to the governmental animal control agency, law enforcement agency, or their designee until reasonable attempts to determine and notify the owner have been made. If the owner of the animal cannot be located after reasonable efforts or the owner is located and notified but does not post, within ten (10) business days, the court-

ordered security plus the costs reasonably incurred by the governmental animal control agency, law enforcement agency, or their designee for housing and caring for the animal since its seizure, the animal shall be deemed to have been abandoned and shall be forfeited to the governmental animal control agency, law enforcement agency, or their designee for disposition in accordance with reasonable practices for the humane treatment of animals.

- (4) Nothing in this subsection (g) shall be construed to prevent the voluntary, permanent relinquishment of any animal by its owner to a governmental animal control agency, law enforcement agency, or their designee in lieu of posting security. The voluntary relinquishment has no effect on the outcome of the criminal charges.

§ 44-15-101 Title – Purpose

- (a) This chapter shall be known and may be cited as the "Tennessee Apiary Act of 1995."
- (b) Honeybees are kept in beehives by beekeepers throughout the state, and many colonies of feral honeybees have established nests in hollow trees and in walls of buildings. These honeybees perform a pollination function that is essential to the propagation of many species of flowering plants in Tennessee. These flowering plants include many agricultural crops, wildflowers, and forest plants that are of great importance to all Tennesseans, and the honeybees are the major pollinator for most of these plants. Therefore, the state should take appropriate actions to help assure the continued availability of an adequate population of honeybee pollinators. Honeybees, like other animal species, are afflicted by a variety of contagious diseases and pests that can cause serious population reductions. The natural behavior of honeybees cause them to be interactive with bees from other colonies and therefore vulnerable to transmission of some diseases and pests. Therefore, persons involved in the keeping of bees in a given area can engage in beekeeping practices that will have a real and direct impact on the honeybees and beekeeping in surrounding areas. This chapter enables and provides for the development of regulatory programs for beekeeping activities in the state as may be needed to help protect honeybees from diseases, pests, and other threats that could seriously reduce the availability of the honeybee pollinators.

Any beekeeper having a colony of bees living in any beehive or other container that does not have moveable frames may be ordered by the state apiarist to transfer the bees into a hive with moveable frames within a specified period of time. The apiary inspection program will be conducted in accordance with standard procedures that are developed by the state apiarist. The state apiarist may require or supervise the treatment, destruction, or disposition of diseased bees or contaminated bee equipment or bee supplies in accordance with rules and regulations promulgated under the authority of this chapter. The appliances directly associated with that apiary shall be under quarantine and shall be subject to regulatory actions imposed by the department. The commissioner may declare a geographical area quarantine against any county, group of counties, region, or state where a regulated bee disease or pest is found in a sufficient number of apiaries that the infestation can be considered endemic. The certificate of health must show what diseases and pests were found as a result of the inspection. The state apiarist shall review the application and the health certificate and will determine whether or not an entry permit shall be granted and what conditions or requirements must be met prior to entry.

The state apiarist is allowed to use or to authorize use of confiscated property for experimental purposes. Otherwise the property may be donated to any college or university within the state that requests the property for research or educational purposes or disposed of at the discretion of the commissioner.

§ 44-15-118 Preventive measures

After inspection of infected/infested bees or fixtures, or handling diseased bees, the state apiarist or assistants, before leaving the premises on which disease is found, or proceeding to any other apiary, shall take such measures as to prevent the spread of the disease or pests by infected/infested material adhering to that person's or persons' body or clothing, or any tools or appliances used by the state apiarist or any assistants that have come in contact with infected/infested materials.

Any premises in which a licensed veterinarian operates a practice on January 1, 1997, shall be granted a temporary permit upon submission of the registration required by subsection (a), which temporary permit shall remain in effect until the premises are inspected by the board. Any premises for which a permit has been granted on or after January 1, 1997, shall be inspected by the board within sixty (60) days of any change of ownership or legal responsibility for the premises. If the board is unable to complete any inspection of the premises within the thirty- or sixty-day time periods prescribed in this subsection (b), it shall issue a temporary premises permit, which shall remain in effect until the inspection required by this section is completed.
- (c) A premises permit shall be issued if the premises meet minimum standards established by board rules and regulations as to sanitary conditions and physical plant. In lieu of the above procedures, the board may issue a premises permit upon certification by the applicant that the premises have been inspected and accredited by a recognized organization, the standards of which are found by the board to meet or exceed the minimum standards established by board rules and regulations. The supervising veterinarian shall be licensed in Tennessee. The applicant shall also include the name or names and address or addresses of the licensee or licensees who will be on-site

when the practice of veterinary medicine occurs. The applicant shall affirm that the practice of veterinary medicine shall not be provided on the premises without the physical presence of a veterinarian licensed in Tennessee. The holder of a premises permit shall notify the board of any change of ownership or legal responsibility for premises for which a permit has been issued, any change as to the supervising veterinarian for the premises and any change as to the licensed veterinarian or veterinarians who will be employed to provide veterinary medical services at the premises at least thirty (30) days prior to the effective date of the change unless the change arises from unforeseen circumstances, in which case notice shall be given within five (5) days of the effective date of the change.

The applicant shall pay the inspection fee for each additional reinspection required to determine whether any deficiencies found by the board have been brought into compliance with the minimum standards established by board rules and regulations as to sanitary conditions and physical plant.

Such mobile clinics shall also specify the locations at which such mobile clinics will operate. Such information shall be considered as part of the application for a premises permit. Any change in the locations at which the mobile clinics will operate shall be reported to the board at least thirty (30) days in advance of the effective date of the change.

- (j) The board shall be authorized to employ such persons who may be required, in its discretion, to inspect premises under the jurisdiction of the board. The board shall establish a fee schedule for inspections required under this chapter. An applicant for a premises permit shall remit to the board an application fee, which shall be equal to the license fee required of licensed veterinarians. A licensed veterinarian or an applicant for licensure as a veterinarian shall not be required to submit an additional fee for a premises permit but shall be required to submit the required inspection fee, if such licensed veterinarian or applicant also submits an application for a premises permit.
- (k) The board of veterinary examiners is authorized to issue a limited waiver to the requirement for a premises permit under this section to a veterinarian who meets the following requirements:

 - (H) Are deeds executed by the trustee of a testamentary trust or revocable living trust to implement the distribution of the real property to a trust beneficiary or beneficiaries;
- (4) In the case of quitclaim deeds, the tax shall be based only on the actual consideration given for that conveyance;
 - (5) No oath of value shall be required in any transaction that is exempt from tax;
 - (6) This tax shall be paid by the grantee or transferee of the interest in real estate, as shown on the instrument evidencing the transfer of such interest; and it shall be collected by the register of the county in which the instrument is offered for recordation;
 - (A) The grantee, the grantee's agent, or a trustee acting for the grantee shall be required to state under oath upon the face of the instrument offered for record in the presence of the register, or before an officer authorized to administer oaths, the actual consideration or value, whichever is greater, for the transfer of a freehold estate;
 - (B) The making under oath of any false statement known to be false respecting the consideration or value of property transferred shall be punishable as perjury;
 - (C) A person who obtains several deeds or other instruments of conveyance for the same transfer of one and the same tract or parcel of real estate shall pay only one (1) state tax with respect to such transfer;
 - (D) The register is forbidden to record the transfer until this tax has been paid; and
 - (7) No tax is due under this subsection (a) until the title to the property is transferred by deed.
- (b) Mortgages, Deeds of Trust and Other Instruments. Prior to the public recordation of any instrument evidencing an indebtedness, including, but not limited to, mortgages, deeds of trust, conditional sales contracts, financing statements contemplated by the Uniform Commercial Code, compiled in title 47, and liens on personalty, other than on motor vehicles, there shall be paid a tax, for state purposes only, of eleven and one half cents (11.5¢) on each one hundred dollars (\$100) of the indebtedness so evidenced.
- (1) The tax shall not be required for the recordation of judgment liens, contractors' liens, subcontractors' liens, furnishers' liens, laborers' liens, mechanics' and materialmen's liens, financing statements filed pursuant to the Uniform Commercial Code, compiled in title 47, that secure an interest solely in investment property, as defined in § 47-9-102(a) as amended by chapter 846, § 1 of the Acts of 2000, and mortgages or deeds of trust issued under the Home Equity Conversion Mortgage Act, as compiled in title 47, chapter 30, and that are labeled on the face under such chapter.
 - (2) In any case where the consideration or stipulation of indebtedness does not appear on the face of the instrument being offered for record, the recording official shall require a separate statement, to be made under oath, indicating the amount of the indebtedness so secured.
 - (3) This tax shall be paid to and collected by county registers, the secretary of state, and any other official who may receive any instrument other than for liens on motor vehicles in accordance with the motor vehicle title law of this state, for recordation in accordance with the laws of this state, and registration is forbidden until such tax

has been paid.

- (4) The incidence of the tax provided by this section is declared to be upon the mortgagor, grantor or debtor, evidenced by the instrument offered for recordation. It shall not, however, apply with respect to the first two thousand dollars (\$2,000) of the indebtedness.
- (5)
 - (A) As used in this section, "indebtedness" means the principal debt or obligation which is reasonably contemplated by the parties to be included within the terms of the agreement. "Indebtedness" does not include any amount of interest, collection expense including, but not limited to, attorney's fees and expenses incurred in preserving, protecting, improving, or insuring property which serves as collateral for the indebtedness, or any other amount, other than the principal debt or obligation, for which a debtor becomes liable unless such amount is added to the principal debt or obligation, and is used to calculate additional interest pursuant to refinancing, reamortization, amendment or similar transaction or occurrence.
 - (B) If the instrument is given to secure the performance by the mortgagor, grantor, debtor or any other person of an obligation other than the payment of a specific sum of money, and a maximum amount secured is not expressed in the instrument, such instrument shall be taxable upon the value of the property covered by the instrument, which value shall be deemed to be the indebtedness secured by such instrument for such purposes. Such instrument shall not be recorded, unless, at the time of presenting the instrument, there is filed a sworn statement by the owner of the property covered thereby of the value of the property. Such amount shall be the basis of assessing the tax imposed under this subsection (b). No subsequent change in the value of the property shall result in the imposition of additional tax.
 - (C)
 - (i) Every recorded instrument evidencing an indebtedness must contain, either on the face of the instrument or in an attached sworn statement, the following language: "Maximum principal indebtedness for Tennessee recording tax purposes is \$." The holder of the indebtedness shall state the amount of the indebtedness, and that amount shall be the basis of assessing the tax imposed by this subsection (b). Such statement may be relied upon only by the department of revenue and by the receiving official charged with the duty of recordation and collection of tax, and such statement shall not constitute notice of any kind to any other party of the amount of indebtedness secured by the instrument.
 - (ii) Notwithstanding subdivision (b)(5)(C)(i), an instrument described in subdivision (b)(5)(B) shall instead contain, either on the face of the instrument or in an attached sworn statement, the following language: "Secures obligation other than payment of specific sum — valuation statement submitted herewith."
 - (iii) Notwithstanding any other law to the contrary, an official charged with the collection of the tax imposed by this subsection (b) shall not record any instrument evidencing an indebtedness, unless it contains the statement required by this subdivision (b)(5)(C) and tax is properly paid, based upon the amount contained in that statement or in the valuation statement, as appropriate.
 - (D) When the instrument being offered for registration, recording, or filing secures, or evidences the securing of, a line of credit or other indebtedness arising from more than one (1) advance or extension of credit, the amount of which will, or

may, vary from time to time, the tax shall be computed and paid on the maximum amount of the indebtedness as stated in the instrument or the accompanying sworn statement, and the reduction or subsequent increasing of the amount of the indebtedness within such limits shall not result in additional tax.

- (6) Imposition of a transfer tax as levied under subsection (a) with respect to an instrument evidencing an indebtedness shall not operate to exonerate such instrument from the tax levied under this subsection (b), if such tax would otherwise be appropriate. Furthermore, an instrument evidencing transfer of any interest in real estate that is subject to the transfer tax shall, nevertheless, be subject to the tax levied under this subsection (b) also, when such instrument evidences an indebtedness either by showing in the instrument that a vendor's lien is retained, or by referring in the instrument to such a lien being evidenced by another instrument not being offered for public recordation.

(7)

(A)

- (i) If some of the property securing the payment of the indebtedness is located in Tennessee and some is located outside of Tennessee, as an optional method of computing the tax, the tax may be apportioned and paid on the basis of the ratio of the value of the Tennessee collateral to the value of all collateral, by applying the following mathematical formula: $\text{value of Tennessee collateral} / \text{value of total collateral} = \% \times \text{indebtedness} = \text{taxable Tennessee indebtedness}$
- (ii) If the tax is apportioned pursuant to this subdivision (b)(7), no evidence of the calculation or statement of tax shall be required in addition to the statement required by subdivision (b)(5)(C), which shall be completed with the amount resulting from the calculation made pursuant to subdivision (b)(7)(A)(i).
- (B) For purposes of the apportionment calculation allowed in subdivision (b)(7)(A)(i):
- (i) "Collateral" means any real property or personal property securing the indebtedness evidenced by the instrument to be filed or recorded;
- (ii) "Mobile goods" means goods that are mobile and that are of a type normally used in more than one (1) jurisdiction, such as trailers, rolling stock, airplanes, shipping containers, road building and construction machinery, commercial harvesting machinery and the like;
- (iii) "Taxable Tennessee indebtedness" means the amount of indebtedness on which tax is to be calculated as provided in subdivision (b)(4), with the two-thousand-dollar (\$2,000) exemption to be applied to the taxable Tennessee indebtedness;
- (iv) "Tennessee collateral" means all collateral in which a security interest, deed of trust, mortgage lien or other consensual lien is perfected by filing or recording one or more instruments in the state of Tennessee or by other methods where the laws of the state of Tennessee govern perfection; provided, however, that the Tennessee collateral of a debtor that is located in Tennessee, as determined pursuant to § 47-9-307, does not include such debtor's interests in:
- (a) Any personal property physically located outside the state of Tennessee, including goods, other than mobile goods, and any property that is of a type in which a security interest could be perfected by possession under Tennessee law if such property were located in Tennessee, such as certificated securities, chattel paper, documents, instruments and money; or
- (b) Any intangible property and mobile goods, unless such debtor's chief executive office is also located in the state of Tennessee. Any subsequent

change in the location of the debtor or any collateral, in the facts supporting the categorization of any particular collateral, or in the relative quantities or values of collateral shall not in itself result in the imposition of additional tax;

- (v) "Total collateral" means all collateral, including the Tennessee collateral; and
 - (vi) "Value" of collateral means the value that the collateral would command at a fair and voluntary sale.
- (8) In the event of an increase in the indebtedness beyond the amount stated subsequent to the filing or recordation of the instrument, the holder of the indebtedness shall pay the tax on the amount of the increase. Such a payment shall be due on the date the increase occurs, but may be made without penalty if made within sixty (60) days after the increase occurs. Thereafter, such payment may be made only upon payment of the penalty provided in subdivision (b)(12) based on the amount of the increase in the indebtedness.
- (9) Section § 67-4-206 and § 67-4-217 shall not apply to the tax imposed by this subsection (b).
- (10)
- (A) Nonpayment or underpayment of tax on an indebtedness, or failure timely to pay tax on an increase in indebtedness, shall not affect or impair the effectiveness, validity, priority, or enforceability of the security interest or lien created or evidenced by the instrument, it being declared the legislative intent that the effectiveness, validity, priority, and enforceability of security interest and liens are governed solely by law applicable to security interests and liens, and not by this title.
 - (B) Such nonpayment, underpayment, or failure to pay, until cured, shall result in the imposition of a tax lien, in the amount of any tax and penalties unpaid and owing under this subsection (b), in favor of the department of revenue as described in subdivision (b)(11), shall subject the holder of the indebtedness to a penalty as described in subdivision (b)(12), and shall subject the holder of the indebtedness to the disability described in subdivision (b)(13).
- (11) The tax lien described in subdivision (b)(10) shall arise at the time the tax is due and shall at that time attach to any property, either real or personal, tangible or intangible, subject to the instrument until:
- (A) The lien or security interest of the instrument is released with respect to any property; or
 - (B) Any property is transferred in settlement or realization of the lien or security interest, whereupon the tax lien shall automatically be released from such property and attach to any proceeds thereof. The department may not levy upon or sell any property subject to the tax lien until notice of the tax lien has been recorded pursuant to § 67-1-1403 but notwithstanding such section, the department otherwise shall not be required to record any notice of the tax lien. The tax lien shall be superior to all liens and security interest under Tennessee law, except:
 - (i) Those enumerated in § 67-1-1403(c)(2)-(4) that were recorded, filed or perfected, respectively, prior to attachment of the tax lien; and
 - (ii) County and municipal ad valorem taxes.
- (12) It is the duty of every holder of an indebtedness, including an individual, business entity of any organizational structure, or governmental entity, to collect the tax imposed by this subsection (b) from the debtor and to remit the tax as required by this subsection (b). Except as provided in subdivision (b)(8), if the holder of the indebtedness fails to pay or underpays the tax imposed by this subsection (b), the holder of the indebtedness shall be liable for a penalty, in addition to the tax, in the

amount of two hundred fifty dollars (\$250) or double the unpaid tax due, whichever is greater.

- (13) The holder of an indebtedness evidenced or secured by an instrument upon the recording or filing of which tax is owing under this section may not maintain an action on such indebtedness, other than an action limited to the enforcement of the holder's security interest or lien, against the debtor until such nonpayment is cured. If such an action is commenced and a cure is not effected within a time limit set by the court, the debtor may obtain a dismissal of such action, without prejudice to refiling in the event of a subsequent cure of nonpayment. Notwithstanding the terms of the instrument, if a cure is not effected until after the filing of a motion or pleading in which the holder's noncompliance with this subsection (b) is raised, the holder may not thereafter charge the debtor with the costs of curing such noncompliance.
- (c) Any oath required in subsections (a) and (b) shall not be introduced as evidence in any proceeding conducted in connection with any condemnation action for the purpose of indicating the value of such real property.
- (d) Reports and Payment of Tax to the Commissioner.
 - (1) The county register and other officials charged with the collection of taxes imposed under this section shall report all collections to the department on forms prescribed by the commissioner, in the same manner and under the same conditions as county clerks collect and report revenue under parts 2-6 of this chapter.
 - (2)
 - (A) For collecting and reporting taxes levied under this section, county registers shall be entitled to retain as commission five percent (5%) of the taxes so collected.
 - (B) Notwithstanding subdivision (d)(2)(A) or any other law to the contrary, fifty-two percent (52%) of the five percent (5%) commission provided by subdivision (d)(2)(A) shall be remitted to the state treasurer and credited to the general fund of the state.
 - (3) The county registers shall also be entitled to receive as a fee for issuing each receipt for taxes imposed in this section the sum of one dollar (\$1.00), to be paid when the tax receipt is issued. The fee, however, shall not be applicable nor collectible by any state officials charged with the collection of taxes imposed under this section.
- (e) Instruments made pursuant to mergers, consolidations, sales or transfers of substantially all of the assets in this state of corporations, pursuant to plans of reorganization, are exempt from this section.
- (f)
 - (1) The recording and rerecording of all transfers of realty in which a municipality is the grantee or transferee and all instruments evidencing an indebtedness in which a municipality is the holder or owner of the indebtedness shall be exempt from this section. The recording and rerecording of all instruments evidencing an indebtedness of any health and educational facility corporation formed pursuant to title 48, chapter 101, part 3 shall also be exempt from this section.
 - (2) For the purposes of this subsection (f), "municipality" means the state of Tennessee or any county or incorporated city or town, utility district, school district, power district, sanitary district, or other municipal, quasi-municipal, or governmental body or political subdivision in this state, and any agency, authority, branch, bureau, commission, corporation, department or instrumentality thereof now or later authorized to be created.
 - (3) The recording or rerecording of any transfer of realty to or from any municipality and any evidence of indebtedness of or to any municipality, as defined in

subsection (a), prior to May 11, 1971, and otherwise validly made, is declared to be valid and effective, notwithstanding any failure to pay the tax formerly imposed by this section, and any such recording or rerecording is ratified, approved and confirmed, and no tax shall be imposed or collected on account of any such recording or rerecording.

(g) Wetland Acquisition Fund.

- (1) Three and one fourth cents (3.25¢) of the tax levied by subsection (a) shall be credited to a special agency account in the state general fund known as the 1986 wetland acquisition fund; provided, that such funds shall not be obligated or expended to acquire any interest in real property through condemnation or the power of eminent domain. Expenditures from such fund shall only be made to implement and effectuate the purposes of title 11, chapter 14, part 4. The fund may be expended to maintain and enhance state-owned property that is under the agency's jurisdiction. Funds deposited in such fund shall not revert at the end of any fiscal year, and all interest accruing on investments and deposits of the fund not otherwise expended shall be returned to and made a part of the fund.
- (2) Notwithstanding any provision of this section to the contrary, the commissioner of finance and administration, with the written approval of the executive director of the Tennessee wildlife resources agency, is authorized, subject to legislative appropriation, to transfer funds from the 1986 wetland acquisition fund to the Tennessee heritage conservation trust fund, created in title 11, chapter 7, part 1. For the purposes of § 11-7-103(h), "other available sources" also shall not include any funds transferred to the Tennessee heritage conservation trust fund from the 1986 wetland acquisition fund pursuant to this subdivision (g)(2).

(h) Exception for Certain Facilities.

- (1) With respect to any facility as defined in subdivision (h)(2)(A):
 - (A) The taxes paid under subsection (a) shall not exceed one hundred thousand dollars (\$100,000) in the aggregate; and
 - (B) The taxes paid under subsection (b) shall not exceed five hundred thousand dollars (\$500,000) in the aggregate.
- (2)
 - (A) As used in this subsection (h), "facility" means any real or personal property that is constructed, acquired or developed for the principal purpose of manufacturing, processing, fabricating or assembling any manufactured products and includes, but is not limited to, all or any part of or any interest in any land and building, including office, administration or other buildings, any improvement to the facilities and all real and personal properties, including, but is not limited to, equipment and machinery deemed necessary in connection with the facility, whether or not now in existence.
 - (B) As used in this subsection (h), "related indebtedness" means indebtedness relating to or incurred to finance a portion of or otherwise in connection with a facility, which shall be evidenced by instruments, including, but not limited to, mortgages, deeds of trust, conditional sales contracts, financing statements contemplated by the Uniform Commercial Code, compiled in title 47, and liens on personalty, notwithstanding the fact that portions of such indebtedness may be held by different holders, owners, trustees or other secured parties (holders) of indebtedness or portions of indebtedness relating to the facility.
- (3) In order to qualify for the exception provided under this subsection (h), prior to the public recordation of any instrument evidencing a transfer of an interest in realty or of any instrument evidencing a related indebtedness under this section, the grantee or transferee of the interest in such realty or the holder of related indebtedness must submit a sworn statement declaring the amount of tax paid for recording instruments

by or on behalf of the person, corporation, or other entity that owns, leases or otherwise operates the facility, referred to in this subsection (h) as the taxpayer, under both subsection (a), with respect to the transfer of realty pertaining to the facility, and subsection (b), with respect to related indebtedness, and a copy of each receipt for the taxes paid for recording such instruments or other evidence of such payments. No tax will be due, if the taxes paid by or on behalf of the taxpayer for recording such instruments pursuant to subsections (a) and (b) relating to the facility and any related indebtedness equal an aggregate amount of one hundred thousand dollars (\$100,000) or five hundred thousand dollars (\$500,000), as the case may be. If less than the aggregate amount of one hundred thousand dollars (\$100,000) or five hundred thousand dollars (\$500,000), as the case may be, in taxes for recording instruments pursuant to subsections (a) and (b) relating to the facility and any related indebtedness has been paid by or on behalf of the taxpayer prior to the proposed recordation of any instrument evidencing a transfer of an interest in realty or related indebtedness, the grantee or transferee of an interest in such realty or the holder of related indebtedness must pay or cause to be paid the amount of tax due, calculated in accordance with this section, which amount shall be no more than the difference between one hundred thousand dollars (\$100,000) or five hundred thousand dollars (\$500,000), and the aggregate amount of such taxes paid by or on behalf of the taxpayer for recording instruments pertaining to the facility and any related indebtedness pursuant to subsections (a) and (b). In no event, however, shall the aggregate amount of taxes paid for recording instruments relating to transfers of an interest in realty under subsection (a) and related indebtedness under subsection (b) exceed one hundred thousand dollars (\$100,000) or five hundred thousand dollars (\$500,000) by or on behalf of the taxpayer.

(i) Local Parks Land Acquisition Fund.

(1) One and three fourths cents (1.75¢) of the tax levied by subsection (a) shall be credited to a special agency account in the state general fund known as the local parks land acquisition fund. The moneys in this fund shall be used only for grants to county and municipal governments to implement and carry out the purposes set forth in subdivision (i)(3); provided, that the commissioner of environment and conservation may allocate not more than three and one-half percent (3.5%) of the moneys in this fund for the administration of the fund. Funds deposited in such fund shall not revert at the end of any fiscal year, and all interest accruing on investments and deposits of the fund not otherwise expended shall be returned to and made a part of the fund.

(2)

(A) The commissioner of environment and conservation, the commissioner of agriculture and the director of the wildlife resources agency shall jointly establish priorities for the appropriate allocation of funds, deposited in the local parks land acquisition fund. No project shall receive any such funds unless each such official has approved such expenditure. Such officials shall consider applications from county and municipal governments throughout the state.

(B) At least sixty percent (60%) of the funds allocated annually shall go to municipal governments.

(3) County and municipal governments may use the funds allocated under this section for the purchase of land for parks, natural areas, greenways, and for the purchase of land for recreation facilities. Such funds may also be used for trail development and capital projects in parks, natural areas, and greenways.

(4)

(A) Any county or municipal government that receives a grant under this section must match the grant with an equal amount of money for each project. The

matching money provided by the local government may be used to purchase additional land or to develop facilities on the land that is purchased with the grant. Rather than providing matching money, the local government may provide as its match a tract of land not previously used for park or recreational purposes that will be dedicated entirely for park or recreational purposes after receipt of the grant and that is independently appraised as having the same, or greater, value as the amount of the state grant.

- (B) Rather than providing matching money, the local government may also provide as all or part of its match volunteer services, materials, and equipment that are donated to the local government by a third party at the time the state grant is made, that are used for trail construction or other development on the tract of land for which the state grant is sought, and that are valued in a manner specified by the department.
- (5) If an application from a county or municipal government has been submitted for a grant from the local parks land acquisition fund and the county or municipal government subsequently purchases the land or constructs the trail for which the grant was sought before the grant is acted upon, the grant may still be awarded as a reimbursement; provided, that the application was submitted by the local government no more than twelve (12) months prior to the award of the grant.
- (6) The commissioner of environment and conservation, the commissioner of agriculture and the director of the wildlife resources agency may promulgate regulations to implement this subsection (i).
- (7) No funds deposited in the local parks land acquisition fund from the tax levied by subsection (a) shall be obligated or expended to acquire any interest in real property through condemnation or the power of eminent domain.
- (j) State Lands Acquisition Fund.
 - (1) One and one half cents (1.5¢) of the tax levied by subsection (a) shall be credited to a special agency account in the state general fund known as the state lands acquisition fund. Expenditures from such fund shall be made only to implement and carry out the purposes set forth in subdivision (j)(2). Funds deposited in such fund shall not revert at the end of any fiscal year, and all interest accruing on investments and deposits of the fund not otherwise expended shall be returned to and made a part of the fund.
 - (2)
 - (A) The commissioner of environment and conservation shall expend the funds which are deposited in the state lands acquisition fund only for the acquisition of land for any area designated as an historic place as evidenced by its inclusion on the National Register of Historic Places, state historic areas or sites, state parks, state forests, state natural areas, boundary areas along state scenic rivers, the state trails system, and for the acquisition of easements to protect any of the foregoing state areas. Such funds may also be used for trail development in the foregoing areas. Such funds may also be used for the redevelopment, renovation and restoration of historic theaters owned by a governmental entity or a not-for-profit corporation or its controlled affiliate and listed on the National Register of Historic Places. Such funds may also be used for capital projects, including improvements and maintenance, at state parks.
 - (B) No funds deposited in the state lands acquisition fund from the tax levied by subsection (a) shall be obligated or expended to acquire any interest in real property through condemnation or the power of eminent domain.
 - (3) The first three hundred thousand dollars (\$300,000) deposited in the state lands acquisition fund shall be transferred and credited to the compensation fund created under § 11-14-406-. Following the procedure set forth in that section, the

commissioner of finance and administration shall annually reimburse each city and county the amount of lost property tax revenue resulting from any purchase of land by the department of environment and conservation which renders such land tax exempt. The next two hundred fifty thousand dollars (\$250,000) deposited in the state lands acquisition fund in each fiscal year shall be transferred and credited to the Tennessee Civil War or War Between the States site preservation fund created under § 4-11-112. Funds allocated to the preservation fund shall be used exclusively as provided in § 4-11-112.

- (4) The commissioner of environment and conservation, the commissioner of agriculture and the director of the wildlife resources agency shall jointly establish priorities for the appropriate allocation of funds deposited in the state lands acquisition fund. No project shall receive any such funds unless each such official has approved such expenditure. The commissioner of environment and conservation, the commissioner of agriculture and the director of the wildlife resources agency may promulgate regulations to implement this subsection (j).
 - (5) Acquisition pursuant to this subsection (j) of property classified under chapter 5, part 10 of this title, shall not constitute a change in the use of the property, and no rollback taxes shall become due solely as a result of such acquisition.
 - (6) Notwithstanding any provision of this section to the contrary, the commissioner of finance and administration, with the written approval of the commissioner of environment and conservation, is authorized, subject to legislative appropriation, to transfer funds from the state lands acquisition fund to the Tennessee heritage conservation trust fund, created in title 11, chapter 7, part 1. For the purposes of § 11-7-103(h), "other available sources" also shall not include any funds transferred to the Tennessee heritage conservation trust fund from the state lands acquisition fund pursuant to this subdivision (j)(6).
- (k) Revenue Stream. The moneys deposited in the 1986 wetlands acquisition fund and the moneys deposited in the state lands acquisition fund may be used as the revenue stream to pay the principal of and interest on revenue bonds that are sold by the state of Tennessee to generate funds to fulfill the purposes for which the moneys deposited in each of these funds may be used.
- (l) Agricultural Resources Conservation Fund.
- (1) One and one half cents (1.5¢) of the tax levied by subsection (a) shall be credited to a special agency account in the state general fund known as the agricultural resources conservation fund. Expenditures from such fund shall be made only to implement and carry out the purposes set forth in subdivision (l)(2). Funds deposited in such fund shall not revert at the end of any fiscal year, and all interest accruing on investments and deposits of the funds not otherwise expended shall be returned to and made a part of the fund.
 - (2) The commissioner of agriculture shall expend the funds that are deposited in the agricultural resources fund for purposes of landowner assistance, to address point and nonpoint source water quality issues, as well as nuisance problems, including, but not limited to, odor, noise, dust and similar concerns. The commissioner of environment and conservation, commissioner of agriculture and the director of the wildlife resources agency shall jointly establish priorities for the appropriate allocation of funds deposited in the agricultural resources conservation fund. No project shall receive any such funds unless each such official has approved such expenditure. The commissioner of agriculture may promulgate regulations to implement this subsection (l).
 - (3) Expenditures from the agricultural resources conservation fund shall be made for the promotion and implementation of agricultural management practices that conserve and protect natural resources associated with agricultural production,

including, but not limited to, soil, water, air, plants and animals. The commissioner of agriculture may spend up to five percent (5%) of the annual appropriations from this fund on education of landowners, producers and managers concerning conservation and protection practices. No more than ten percent (10%) of the annual appropriation from this fund may be used for management costs associated with technical assistance to accomplish the purposes of the fund and/or the administration of the fund. It is the intent of the general assembly that the highest priority of the agricultural resources conservation fund is to abate and prevent nonpoint source water pollution that may be associated with agricultural production; therefore, the commissioner of agriculture may spend no more than fifteen percent (15%) of the annual appropriations from the fund for the combined purposes of preventing or remedying air, noise, dust, and odor pollution, or similar nuisance type environmental problems associated with agricultural production. The commissioner of agriculture may expend agricultural resources conservation funds as matching dollars to secure additional funding to fulfill the purposes for which the fund was established.

- (4) The commissioner of agriculture shall seek advice from the commissioner of environment and conservation in determining the most effective ways to abate nonpoint pollution from agricultural activities.
- (m) Transfers to Other Funds. Beginning in fiscal year 2015-2016 and in each subsequent fiscal year, fifty percent (50%) of the total growth in collections of the tax levied by subsection (a) over the previous fiscal year and deposited to the funds enumerated in subsections (g), (i), (j), and (l) shall be transferred and credited as follows:
 - (1) Sixty-four percent (64%) of the growth funds shall be transferred and credited to the Tennessee Civil War or War Between the States site preservation fund created by § 4-11-112, to be used exclusively as provided in § 4-11-112; and
 - (2) Thirty-six percent (36%) of the growth funds shall be transferred and credited to historic property land acquisition fund created by § 4-11-113, to be used exclusively as provided in § 4-11-113.
- (n) Reports of Expenditures.
 - (1)
 - (A) By February 1 of every odd-numbered year, the commissioner of environment and conservation shall file with the energy, agriculture and natural resources committee of the senate and the agriculture and natural resources committee of the house of representatives a report detailing expenditures made from the state lands acquisition fund and grants made to local governments from the local parks land acquisition fund.
 - (B) By February 1 of every odd-numbered year, the fish and wildlife commission shall file with the energy, agriculture and natural resources committee of the senate and the agriculture and natural resources committee of the house of representatives a report detailing expenditures made from the wetlands acquisition fund.
 - (C) By February 1 of every odd-numbered year, the commissioner of agriculture shall file with the energy, agriculture and natural resources committee of the senate and the agriculture and natural resources committee of the house of representatives a report detailing expenditures made from the agricultural resources conservation fund.
 - (2)
 - (A) Once every five (5) years, beginning in 1996, the commissioner of environment and conservation and the fish and wildlife commission shall reevaluate their land acquisition goals and priorities and shall incorporate their findings and conclusions into a written plan. This plan shall be submitted to the energy,

agriculture and natural resources committee of the senate and the agriculture and natural resources committee of the house of representatives, which shall conduct public hearings on the plan.

- (B) Once every five (5) years, beginning in 2002, the commissioner of agriculture shall reevaluate the progress and accomplishments of the agricultural resources conservation fund and shall incorporate the conclusions and recommendations of such reevaluation into a written plan. This plan shall be submitted to the energy, agriculture and natural resources committee of the senate and the agriculture and natural resources committee of the house of representatives, which shall hold public hearings on the plan.

- (o) Management Policies. The commissioner of environment and conservation and the fish and wildlife commission shall establish policies for the management of land acquired with funds from the state lands acquisition fund and the wetlands acquisition fund, which policies shall be designed to foster a good relationship with nearby private landowners and to prevent adverse impacts on adjoining property. These policies shall be publicized to nearby private landowners.

For purposes of this subdivision (a)(6)(A), the following provisions shall apply:
 - (i) “Farming” is the growing of crops, nursery products, timber or fibers, such as cotton, for human or animal use or consumption; the keeping of horses, cattle, sheep, goats, chickens or other animals for human or animal use or consumption; the keeping of animals that produce products, such as milk,

- eggs, wool or hides for human or animal use or consumption; or the leasing of the land to be used for the purposes described in this subdivision (a)(6)(A);
- (ii) For this purpose, the activity of the entity shall be considered farming only if at least sixty-six and sixty-seven hundredths percent (66.67%) of its income, including capital gains from the sale of land and other assets used in farming, is derived from farming and at least sixty-six and sixty-seven hundredths percent (66.67%) of its assets, valued at original cost to the entity, are used by the owner or by the owner's lessee or sharecropper for farming. In the event that an asset's original cost to the entity cannot be determined, or there is no original cost to the entity, for purposes of this subdivision (a)(6)(A), the property shall be valued at its fair market value at the time of acquisition by the entity;
 - (iii) A "personal residence" or "personal residences," as used in subdivision (a)(6)(A), includes acreage contiguous to the dwelling;

§ 67-5-212 Property Tax – exemptions- religious, charitable, scientific, educational institutions - Assessment Act

(a)

- (1) There shall be exempt from property taxation the real and personal property, or any part of the real and personal property, owned by any religious, charitable, scientific, or nonprofit educational institution that is occupied and actually used by the institution or its officers purely and exclusively for carrying out one (1) or more of the exempt purposes for which the institution was created or exists. There shall further be exempt from property taxation the real and personal property, or any part of the real and personal property, owned by an exempt institution, but occupied and actually used by:
 - (A) Another religious, charitable, scientific, or nonprofit educational institution or its officers purely and exclusively for carrying out one (1) or more of the exempt purposes for which the occupying institution was created or exists;
 - (B) An exempt institution that originated as part of a single exempt institution and that continues to use the property for the same religious, charitable, scientific, or nonprofit educational purposes, whether by charter, contract, or other

- agreement or arrangement; or
- (C) The United States government, the state of Tennessee, or any agency or political subdivision thereof.
- (2) In determining the exemption applicable to a post-secondary educational institution, there shall be a presumption that the entire original campus of an institution chartered before 1930 is an historical and integral entity, and is exempt so long as no particular portion of such campus is used for nonexempt purposes.
- (3)
- (A) The property of such institution shall not be exempt, if:
- (i) The owner, or any stockholder, officer, member, or employee of such institution shall receive or may be lawfully entitled to receive any pecuniary profit from the operations of that property in competition with like property owned by others that is not exempt, except reasonable compensation for services in effecting one (1) or more of such purposes, or as proper beneficiaries of its strictly religious, charitable, scientific, or educational purposes; or
- (ii) The organization thereof for any such avowed purpose be a guise or pretense for directly or indirectly making any other pecuniary profit for such institution, or for any of its members or employees, or if it be not in good faith organized or conducted exclusively for one (1) or more of these purposes.
- (B) The real property of any such institution not so used exclusively for carrying out thereupon one (1) or more of such purposes, but leased or otherwise used for other purposes, whether the income received therefrom be used for one (1) or more of such purposes or not, shall not be exempt; but, if a portion only of any lot or building of any such institution is used purely and exclusively for carrying out thereupon one (1) or more of such purposes of such institution, then such lot or building shall be so exempt only to the extent of the value of the portion so used, and the remaining or other portion shall be subject to taxation.
- (4) No church shall be granted an exemption on more than one (1) parsonage, and an exempt parsonage may not include within the exemption more than three (3) acres.
- (5) For property owned by a corporation organized for the exclusive purpose of holding title to property for use by any organization that itself qualifies for exemption under this section, only such property of the corporation, or such parts thereof, as would be entitled to an exemption under this section if owned directly by such organization shall be exempt from property taxation.
- (b)
- (1) Any owner of real or personal property claiming exemption under this section or § 67-5-207, § 67-5-213, § 67-5-219, or as otherwise required by law, shall file an application for the exemption with the state board of equalization on a form prescribed by the board and supply such further information as the board may require to determine whether the property qualifies for exemption. No property that is subject to these application requirements shall be exempted from property taxes unless the application has been approved in writing by the board. An application shall be deemed filed on the date it is received by the board or, if mailed, on the postmark date. The applicant shall provide a copy of the application with any supporting materials to the assessor of property of the county in which the property is located. An application for exemption pursuant to this section or any other section referring to these procedures shall be treated as an appeal for purposes of § 67-5-1512.
- (2) The board shall make an initial determination granting or denying exemption through its staff designee, who shall send written notice of the initial determination to the applicant and the assessor of property. Written notice includes notification by

electronic means and notice may be preserved in digital or electronic format. Either the assessor of property or the applicant may appeal the initial determination to the board and shall be entitled to a hearing prior to any final determination of exemption. The assessor shall retain copies of any approved exemptions in paper, electronic, or digital format. Upon approval of exemption, it is not necessary that the applicant reapply each year, but the exemption shall not be transferable or assignable and the applicant shall promptly report to the assessor any change in the use or ownership of the property that might affect its exempt status. The board may by rule impose a filing fee for processing applications for exemption. Such filing fee shall not exceed one hundred twenty dollars (\$120) and shall be proportionate to the value of the property at issue. For purposes of this section, "filing" means one (1) submission that may include multiple parcels, including real and personal property, with a clear nexus to one (1) exemption determination.

(3)

- (A) Any institution claiming an exemption under this section that has not previously filed an application for and been granted an exemption for a parcel must file an application for exemption with the state board of equalization by May 20 of the year for which exemption is sought. If the application is approved, the exemption will be effective as of January 1 of the year of application or as of the date the exempt use of such parcel began, whichever is later. If application is made after May 20 of the year for which exemption is sought, but prior to the end of the year, the application may be approved but will be effective for only a portion of the year determined as follows:
 - (i) If application is filed within thirty (30) days after the exempt use of the property began, exemption will be effective as of the date the exempt use began; or
 - (ii) If application is filed more than thirty (30) days after the exempt use began, the exemption will be effective as of the date of application.
- (B) If a religious institution acquires property that was duly exempt at the time of transfer from a transferor who had previously been approved for a religious use exemption of the property, or if a religious institution acquires property to replace its own exempt property, then the effective date of exemption shall be three (3) years prior to the date of application, or the date the acquiring institution began to use the property for religious purposes, whichever is later. The purpose of this subdivision (b)(3) is to provide continuity of exempt status for property transferred from one exempt religious institution to another in the specified circumstances. For purposes of this subdivision (b)(3), property transferred by a lender following foreclosure shall be deemed to have been transferred by the foreclosed debtor, whether or not the property was assessed in the name of the lender during the lender's possession.
- (C) In any county having a metropolitan form of government and a population in excess of five hundred thousand (500,000), according to the 2010 federal census or any subsequent federal census, if a nonprofit educational institution which is a medical college acquires one (1) or more parcels of land or portions thereof for the purpose of carrying out one (1) or more of the exempt purposes for which the institution was created or exists, the institution may claim and file an application for exemption under this section or § 67-5-213, and the effective date of such exemption shall be up to three (3) years prior to the date of application, or the date the institution began to use the property for exempt purposes, whichever is later. This subdivision (b)(3)(C) shall apply to properties acquired before May 25, 2017, so that such properties are not subject to taxation under this chapter while owned by the exempt educational institution

and used for one (1) or more of the exempt purposes for which the institution was created or exists; provided, however, that nothing in this subdivision (b)(3)(C) requires a county to refund any taxes that were collected prior to May 25, 2017.

- (D) In any county with a population of not less than four hundred thirty-two thousand two hundred (432,200) nor more than four-hundred thirty-two thousand three hundred (432,300), according to the 2010 federal census or any subsequent federal census, or within a municipality located within such county, if a nonprofit children's hospital changes the use of one (1) or more parcels of land or portions thereof for the purpose of carrying out one (1) or more of the exempt purposes for which the institution was created or exists, the institution may claim and file an application for exemption under this section or § 67-5-213, and the effective date of such exemption shall be up to three (3) years prior to the date of application, or the date the institution began to use the property for exempt purposes, whichever is later. In determining the date that a qualifying institution begins using property for an exempt purpose, subsection (g) applies to the full extent of both improvements and underlying real property so that the entire property, to the extent that the full value of underlying land and any improvements thereon, is considered to be occupied and used by the qualifying institution or its officers purely and exclusively for the institution's purposes from and after the commencement of construction of improvements. This subdivision (b)(3)(D) applies to properties acquired before May 15, 2018, so that such properties are not subject to taxation under this chapter while owned by the qualifying institution and used for one (1) or more of the exempt purposes for which the institution was created or exists, and any property taxes paid on such property that were collected prior to May 15, 2018, shall be refunded.
- (4) All questions of exemption under this section shall be subject to review and final determination by the board; provided, that any determination by the board is subject to judicial review by petition of certiorari to the appropriate chancery court. All other provisions of law notwithstanding, no property shall be entitled to judicial review of its status under this statute, except as provided by the Uniform Administrative Procedures Act, compiled in title 4, chapter 5, and only after the exhaustion of administrative remedies as provided in this section.
- (5) The state board of equalization may revoke any exemption approved under this section, either in whole or in part, if it determines that the exemption was approved on the basis of fraud, misrepresentation, or erroneous information, that the current owner of the property does not qualify for exemption, or that the property is not actually being used for an exempt purpose. Property is not actually being used for an exempt purpose if the property is not currently in use, has been abandoned, is not suitable for human habitation, or is being used for a nonexempt purpose. The executive secretary of the board may initiate proceedings for revocation on the executive secretary's own motion or upon the written complaint of any person upon a determination of probable cause. Revocation shall not be retroactive, unless the order of revocation incorporates a finding of fraud or misrepresentation on the part of the applicant or failure of the applicant to give notice of a change in the use or ownership of the property as required by this section.
- (c) As used in this section, "charitable institution" includes any nonprofit organization or association devoting its efforts and property, or any portion thereof, exclusively to the improvement of human rights and/or conditions in the community.

- wildlife held.
- (6) The mesh size or distance between bars shall be sufficiently small to prevent the escape of the animal being held.
 - (7) Restraint by tethering cannot be used as a means to hold an inherently dangerous animal in captivity, except for elephants within a perimeter fence or trained elephants under the immediate supervision of a qualified trainer or handler.
 - (8) All animals shall be kept in cages that meet the following minimum criteria, or shall be housed in buildings in which the strength of the walls, and the restraints affixed to all windows, doors and other means of entry or exit in effect meet such minimum criteria:

No structures that could provide potential escape routes may be present near the fence of an open top cage;
 - (ii) All cages for cougars and cheetahs shall be constructed as specified in subdivision (g)(8)(A)(i) except that minimum strength shall be of eleven and one-half (11½) gauge steel chain link or equivalent;

All cages shall be constructed of and be covered at the top with eleven and one-half (11½) gauge steel chain link or equivalent, with tension bars and metal clamps to prevent the escape of the animal; provided, that animals may be held in facilities without a top where the sides of the cage are a minimum of nine feet (9') high with the top three feet (3') of fencing turned in at a forty-five degree (45°) angle;
 - (C) Elephants, rhinoceros, hippopotamus and African buffalo.
 - (i) Construction materials shall consist of steel bars, masonry block or equivalent. If masonry block construction is used, the holes in the blocks must be filled with steel reinforced concrete to provide sufficient strength;
 - (ii) Restraints consisting of a barrier system of moats or other structures as are commonly accepted as suitable to restrain and contain these animals in paddocks or corrals may be used in lieu of a cage;
 - (D) Poisonous animals. Poisonous animals shall be kept in a cage or in a glass enclosure sufficiently strong, and, in the case of a cage, of small enough mesh to prevent the animals' escape. The cage or glass enclosure must be kept inside an outer cage, or glass enclosures must be kept locked at all times. No person except the permittee or such person's authorized employee shall open any cage or other container that contains poisonous animals. Persons keeping poisonous animals shall have in their possession antivenin for each species possessed;

 - (7) Poisonous reptiles shall only be transported in a strong, closely woven cloth sack, tied or otherwise secured. This sack shall then be placed in a box. The box shall be of strong material in solid sheets, except for small air holes, which shall be screened. - (c) Except as provided in regulations issued by the commission, it is unlawful for any person to take, attempt to take, possess, transport, export, process, sell or offer for sale or ship nongame wildlife. Subject to the same exception, it is also unlawful for any common or contract carrier knowingly to transport or receive for shipment nongame wildlife.

§ 70-8-105 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – endangered or threatened species list

- (a) On the basis of investigation on nongame wildlife provided for in § 70-8-104 and other available scientific and commercial data, and after consultation with other state fish and wildlife agencies, appropriate federal agencies, and other interested persons and organizations, but not later than April 5, 1975, the fish and wildlife resources commission shall by regulation propose a list of those species or subspecies of wildlife indigenous to the state that are determined to be endangered and threatened within this state, giving their common and scientific names by species and subspecies. This list shall be made available to the public.
- (b) The commission shall conduct a review of the state list of endangered species within not more than two (2) years from its effective date and every two (2) years thereafter, and may amend the list by such additions or deletions as are deemed appropriate. The executive director shall submit to the governor a summary report of the data used in support of all amendments to the state list during the preceding biennium and shall make a current list available to the public.
- (c) In the event the United States' List of Endangered Native Fish and Wildlife, (50 CFR, Part 17, Appendix D), is modified subsequent to April 5, 1974, by additions or deletions, such modifications whether or not involving species or subspecies indigenous to the state may be accepted as binding if, after the type of scientific determination described in subsection (a), the wildlife resources commission by regulation accepts such modification for the state. Any such regulation shall be effective upon promulgation.

§ 70-8-106 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – management programs -- exceptions to regulations

- (a) The executive director shall establish such programs, including acquisition of land or aquatic habitat, as are deemed necessary for management of nongame and endangered or threatened wildlife. The executive director shall utilize all authority vested in the agency to carry out the purposes of this section.
- (b) In carrying out programs authorized by this section, the executive director may enter into agreements with federal agencies, political subdivisions of the state, or with private persons for administration and management of any area established under this section or utilized for management of nongame and endangered or threatened wildlife.
- (c) The governor shall review other programs administered by the governor and, to the extent practicable, utilize such programs in furtherance of the purposes of this section. The governor shall also encourage other state and federal agencies to utilize their authorities in furtherance of the purposes of this section.
- (d) The executive director may permit, under such terms and conditions as may be prescribed by regulation, the taking, possession, transportation, exportation or

shipment of species or subspecies of wildlife that appear on the state list of endangered or threatened species, on the United States' List of Endangered Native Fish and Wildlife (50 CFR, Part 17, Appendix D), as amended and accepted in accordance with § 70-8-105(c), or on the United States' List of Endangered Foreign Fish and Wildlife (50 CFR, Part 17, Appendix A), as such list may be modified hereafter, for scientific, zoological, or educational purposes, for propagation in captivity of such wildlife or for other species purposes.

- (e) Upon good cause shown, and where necessary to alleviate damage to property or to protect human health and safety, endangered or threatened species may be removed, captured or destroyed but only pursuant to a permit issued by the executive director and by or under the supervision of an agent of the agency; provided, that endangered or threatened species may be removed, captured, or destroyed without permit by any person in emergency situations involving an immediate threat to human life. Provisions for removal, capture, or destruction of nongame wildlife for the purposes set forth above shall be set forth in regulations issued by the executive director pursuant to § 70-8-104(a).

§ 70-8-107 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – rulemaking authority

The fish and wildlife commission shall issue such regulations as are necessary to carry out the purposes of this part.

§ 70-8-108 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – penalties for violations -- searches and seizures – forfeitures – Exception for black vultures

- (a) Any person who violates the provisions of § 70-8-104(c) or any regulations issued under § 70-8-104, or fails to procure or violates the terms of any permit issued thereunder, commits a Class B misdemeanor.
- (b) Any person who fails to procure or violates the terms of any permit issued under § 70-8-106(d) and (e) commits a Class A misdemeanor.
- (c) Any officer employed and authorized by the executive director or any peace officer of the state or of any municipality or county within the state has the authority to conduct warrantless searches as provided by law, and to execute a warrant to search for and seize any equipment, business records, merchandise or wildlife taken, used, or possessed in connection with a violation of any section of this part. Any such officer or agent may, without a warrant, arrest any person who such officer or agent has probable cause to believe is violating, in the presence or view of the officer or agent, any such section, or any regulation or permit provided for by this part. An officer or agent who has made an arrest of a person in connection with any such violation may search such person or business records at the time of arrest and seize any wildlife, records, or property taken, or used, in connection with any such violation.
- (d) Equipment, merchandise, wildlife, or records seized under the provisions of subsection (c) shall be held by an officer or agent of the agency pending disposition of court proceedings, and upon conviction be forfeited to the state for destruction or disposition as the executive director may deem appropriate; provided, that prior to forfeiture, the executive director may direct the transfer of wildlife so seized to a qualified zoological, educational, or scientific institution for safekeeping, the costs of the transfer to be assessable to the defendant. The executive director is authorized to issue regulations to implement this subsection (d).
- (e)
 - (1) Notwithstanding subsections (a) and (b), it is not an offense for any person to disturb the habitat of, alter, take, attempt to take, possess, transport, export,

process, sell or offer for sale, or ship a black vulture, also known by the name *Coragyps atratus*, in this state.

- (2) No state funds or personnel, or other state resources, may be used to enforce any prohibition against the disturbance of the habitat of, alteration, taking, attempting to take, possession, transporting, exporting, processing, selling or offering for sale, or shipment of a black vulture.
- (3) Nothing in this subsection (e) prohibits the agency from using state funds or personnel, or other state resources, to assist landowners in acquiring federal depredation permits for black vultures.

§ 70-8-109 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – construction of provisions; importation from other states; validity and application of part

- (a) None of the provisions of this part shall be construed to apply retroactively or to prohibit importation into the state of wildlife that may be lawfully imported into the United States or lawfully taken or removed from another state or to prohibit entry into the state or possession, transportation, exportation, processing, sale or offer for sale or shipment of any wildlife whose species or subspecies is deemed to be threatened with statewide extinction in this state but not in the state where originally taken, if the person engaging in the importation demonstrates by substantial evidence that such wildlife was lawfully taken or removed from such state; provided, that this subsection shall not be construed to permit the possession, transportation, exportation, processing, sale or offer for sale or shipment within this state of wildlife on the United States' List of Endangered Native Fish and Wildlife, compiled in 50 CFR, Part 17, Appendix D, as amended and accepted in accordance with § 70-8-105(c), except as permitted in § 70-8-106(d). All importations are subject to applicable state laws and regulations.
- (b) If any provision of this part or the application of this part to any person or circumstance is held invalid, the remainder of this part, and the application of such provision to other persons or circumstances, shall not be affected thereby. This part shall not be construed as superseding any applicable federal statute.

§ 70-8-110 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – funding; donations

- (a) The cost of programs established under this part shall be borne by the general fund or other sources. The federal cost share of approved programs P.L. 93-205, 87^[1]_[SEP] Stat. 889, § 6(d)(2)(i) and (ii); 16 U.S.C. § 1535(d)(2)(i) and (ii)), for endangered species shall not exceed sixty-six and two thirds percent (66²/₃%) of the costs stated in the cooperative agreement. The federal share may be increased to seventy-five percent (75%) whenever two (2) or more states having a common interest in one (1) or more endangered or threatened species, the conservation of which may be enhanced by cooperation of such states, enter jointly into an agreement with the executive director.
- (b) The executive director is specifically authorized to accept from interested persons, firms, and corporations cash donations or donations of property to be converted to cash pursuant to the terms of the donor to be designated for the nongame and endangered species programs or to be designated for any other programs intended to effectuate the purposes of this part. At the discretion of the donor, cash donations or donations of property to be converted to cash pursuant to the terms of the donor may be made to the watchable wildlife fund. Evidence of the donations shall be by the issuance by the executive director of nongame certificates to the donors.
- (c) Watchable wildlife endowment fund.
 - (1) Recognizing the growing number of nonconsumptive users of wildlife along with

their interest and willingness to make donations in support of such programs, there is hereby created a fund called the "watchable wildlife endowment fund" to aid in the future funding of programs designed to perpetually benefit watchable wildlife and to aid in their nonconsumptive use by the public.

- (2) Moneys shall be deposited to the fund as provided in this section and shall be invested for the benefit of the fund pursuant to § 9-4-603, § 9-4-608, or § 9-4-612. Moneys in the fund shall not revert to the general fund of the state, but shall remain available and appropriated exclusively for the purposes set forth in this section.
- (3) This fund may be funded by donations as provided for in this section.
- (4) No expenditure shall be made from the principal of the fund. No expenditures shall be made from the interest earned until the combination of principal and interest reaches five hundred thousand dollars (\$500,000). Thereafter, interest earned shall be available for expenditures to aid in carrying out the purposes of this fund.
- (5) This fund is not intended to be the exclusive fund for holding donations authorized in this section and is not intended to affect any presently existing or future funds or means of holding and distributing moneys received through cash donations or through cash received from property donated and converted to cash pursuant to the terms of the donor. It is intended to provide the donor with an additional means of directing the use of the donor's donations.

§ 70-8-111 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – authorization to enter agreements

The executive director is authorized to enter into cooperative agreements with other states and the federal government for the establishment and maintenance of programs for the conservation of nongame, endangered or threatened species of wildlife.

§ 70-8-112 Tennessee Nongame and Endangered or Threatened Wildlife Species Conservation Act – species similar to endangered species

The executive director may, by regulation, and to the extent the executive director deems advisable, treat any species as an endangered species or threatened species even though it is not listed, if the executive director finds that:

- (1) Such species so closely resembles in appearance, at the point in question, a species that has been listed pursuant to such section that enforcement personnel would have substantial difficulty in attempting to differentiate between the listed and unlisted species;
- (2) The effect of this substantial difficulty is an additional threat to an endangered or threatened species; and
- (3) Such treatment of an unlisted species will substantially facilitate the enforcement and further the policy of this part.

APPENDIX TWO: The Federal Court System: Functions & Jurisdictions

The Federal Court System: When you should file in federal court

There are federal courts located in every state. Tennessee has three separate federal districts located in West, Middle, and East Tennessee. Tennessee is part of the Sixth Circuit, along with Kentucky, Ohio, and Michigan. Generally, in order for a case to be heard in federal court, the case must meet certain threshold requirements.

First, under the U.S. Constitution, federal courts exercise only judicial powers. This means that federal judges may interpret the law only by resolving actual legal disputes. A court cannot attempt to correct a legal problem just because it thinks one exists, nor can it answer a hypothetical legal question. Instead, an actual person or persons must be damaged by another or by a law. This person or persons must then bring a legal action in order to redress his or her wrong.

Second, assuming there is an actual case, the plaintiff in a federal lawsuit must have legal “standing” to ask the court for a decision. “Standing” refers to the requirement that the plaintiff suffer an actual harm by the defendant or by an applicable law.

Third, the case must present a type of dispute that the questionable law was designed to address. The case must also involve a complaint that the court has the power to remedy. In other words, the court must be authorized, under the Constitution or a federal law, to hear the case and grant appropriate relief to the plaintiff.

Finally, the case must present an ongoing problem that the court is permitted to resolve. The harm cannot be theoretical or without merit. Moreover, the federal courts only can decide the types of cases allowed by Congress under, or otherwise identified in, the Constitution. The details of federal jurisdiction are complex and beyond the scope of this brief description.

However, federal courts hear two main types of cases: (1) cases involving federal law questions, and (2) cases involving diversity jurisdiction.

a. Federal Question Jurisdiction: A case that involves a question of federal law may be filed in a federal court. In general, federal courts may decide cases that involve the U.S. government, the U.S. Constitution, federal laws, or controversies between states or between the United States and foreign governments.

b. Diversity Jurisdiction: A case may be filed in federal court based on diversity of citizenship, where the parties are citizens of different states, or citizens of the United States and another country. To make sure the court is fair to the out-of-state party, the U.S. Constitution allows these cases to be heard in federal court.

****Only Diversity Jurisdiction cases involving more than \$75,000 in potential damages for each plaintiff may be filed in federal court. Claims below that amount must be pursued in state court.**

Additionally, any Diversity Jurisdiction case, regardless of the amount of money involved, may be brought in a state court rather than a federal court. For a more complete explanation of who may file in federal court and when, see Rules 8, 12, and 17(b) of the Federal Rules of Civil Procedure.

Although federal courts are located in every state, they are not the only forum available

to those who want to file suit. In fact, the great majority of legal disputes in American courts are addressed in the state courts. For example, state courts have jurisdiction over virtually all divorce and child custody matters, probate and inheritance issues, real estate questions, and juvenile matters, and they handle most criminal cases, contract disputes, traffic violations, and personal injury cases. (See Appendix One.)

The Federal Courts: How They Work

Trial Courts: The United States District Courts are the general trial courts in the federal court system. There also are two special federal trial courts that have the authority to hear certain types of cases throughout the country: the Court of International Trade and the United States Court of Federal Claims.

1. **District Court:** Within limits set by Congress and the Constitution, the district courts have jurisdiction to hear nearly all categories of federal cases, including both civil and criminal matters. There are ninety-four federal judicial districts, including at least one district in each state, the District of Columbia, and Puerto Rico. Each district also includes a United States Bankruptcy Court. Three territories of the United States — the Virgin Islands, Guam, and the Northern Mariana Islands — have district courts that hear federal cases, including bankruptcy cases.
2. **Court of International Trade:** The Court of International Trade addresses cases involving international trade and customs issues only.
3. **The United States Court of Federal Claims:** The United States Court of Federal Claims has jurisdiction over most claims for money damages against the United States, disputes over federal contracts, unlawful “takings” of private property by the federal government, and a variety of other claims against the United States.

Appellate Courts: The ninety-four judicial districts are organized into twelve regional circuits, each of which has a United States Court of Appeals. A thirteenth Court of Appeals hears cases involving certain specialized matters.

1. **Court of Appeals:** A Court of Appeals hears cases appealed from the district courts located within its circuit, as well as appeals from decisions of federal administrative agencies. There are twelve regional branches of the Court of Appeals.
2. **Court of Appeals for the Federal Circuit:** The Federal Circuit Court of Appeals can hear specialized cases from anywhere in the country, such as those involving patent laws and cases decided by the Court of International Trade and the United States Court of Federal Claims. There is only one Court of Appeals for the Federal Circuit.

The United States Supreme Court

The United States Supreme Court consists of the Chief Justice of the United States and eight associate justices. The United States Supreme Court may decide which cases it wishes to hear, as long as it abides by certain guidelines established by Congress. The United States Supreme Court only hears a fraction of the cases it is asked to decide each year. Those cases may begin in the federal or state courts, and they usually involve important questions about the U.S. Constitution or federal law. (See *“Understanding the Federal Courts,”* www.uscourts.gov/understand03/index.html)

APPENDIX THREE: Federal Animal Protection Statutes

Airborne Hunting Act 16 U.S.C. §742j-1 (2008)

The Airborne Hunting Act criminalizes shooting any bird, fish, or other animal while in an aircraft, using an aircraft to harass any bird, fish, or other animal, or knowingly participating in these activities. People employed or authorized by either the state or federal government to administer or protect “land, water, wildlife, domesticated animals, human life, or crops” are exempted from this statute.

Animal Damage Control Act 7 U.S.C. §8351 (2008)

This statute authorizes the Secretary of Agriculture to conduct wildlife services programs concerning injurious animal species and to take any action necessary to conduct those programs. It also authorizes the Secretary of Agriculture to enter agreements with states, individuals, public and private agencies, and others in order to control mammals and birds that are a nuisance or harbor zoonotic diseases. Urban rodent control is exempted from the scope of this program.

Animal Enterprise Terrorism 18 U.S.C. §43 (2008)

This statute criminalizes using or conspiring to interstate or foreign commerce or the mail to physically disrupt animal enterprises. Criminal disruptions include loss of property (including animals and records), criminal trespass, harassment, and intentionally placing a person in fear of death or serious bodily injury. The statute also delineates types of penalties, which include fines, imprisonment, and restitution.

Animal Fighting Prohibition Enforcement Act of 2007 18 U.S.C §49 (2014)

This statute amends the federal criminal code to impose a fine or prison term of up to five years on someone who violated with Animal Welfare Act by doing any of the following: (1) sponsoring or exhibiting an animal in an animal fighting venture; (2) buying, selling, transporting, delivering, or receiving for purposes of transportation, in interstate or foreign commerce, any dog or other animal for participation in an animal fighting venture; and (3) using the mails or other instrumentality of interstate commerce to promote or further an animal fighting venture; and (4) buying, selling, delivering, or transporting sharp instruments for use in animal fighting venture. Someone who knowingly attends an animal fight can be fined or imprisoned for up to one year. Furthermore, someone who causes someone under the age of 16 to attend an animal fight can be fined and imprisoned for up to 3 years.

Animal Welfare Act 7 U.S.C. §2131-2159 (2014)

This statute criminalizes (felony) knowingly creating, selling, or possessing a depiction of animal cruelty (maiming, mutilating, torturing, wounding, or killing an animal if illegal under state or federal law) and intending to use the depiction for commercial gain in interstate or foreign commerce. However, depictions with “serious religious, political, scientific, educational, journalistic, historical, or artistic value” are exempt. A US District Court and a US Appeals Court ruled that this statute was unconstitutional in *U.S. v. Stevens*.

Bald and Golden Eagle Protection Act 16 U.S.C. §668-668d (2008)

This act creates both civil and criminal liability for knowingly, or with wanton disregard for the consequences, engaging in the taking, possessing, transporting, exporting, importing, selling, purchasing, bartering or offering to sell, purchase, or barter any American or golden eagle, alive or dead, or any part of a nest or egg. Furthermore, this act abrogates the right of Indian tribes to take bald and golden eagles for religious

purposes, so that such taking is illegal unless the Secretary of the Interior has determined that “it is compatible with the preservation” of the species.

Depictions of Animal Cruelty 18 U.S.C. §48 (2008)

This statute criminalizes (felony) knowingly creating, selling, or possessing a depiction of animal cruelty (maiming, mutilating, torturing, wounding, or killing an animal if illegal under state or federal law) and intending to use the depiction for commercial gain in interstate or foreign commerce. However, depictions with “serious religious, political, scientific, educational, journalistic, historical, or artistic value” are exempt. A US District Court and a US Appeals Court ruled that this statute was unconstitutional in *U.S. v. Stevens*. The US Supreme Court agreed to hear the case in April 2009.

Dog and Cat Protection Act of 2000 19 U.S.C. §1308 (2008)

This statute creates civil and criminal liabilities for importing or exporting any dog or cat fur product, introducing such products into interstate commerce, and advertising or offering to sell such products in interstate commerce.

Endangered Species Act 16 U.S.C. §1531-44 (2008)

This act attempts to preserve species in recognition of their “esthetic, ecological, educational, historical, recreational, and scientific value to the Nation.” The act allows the Secretary of the Interior, and in some cases the Secretary of Commerce, to determine which species are threatened or endangered (“any species which is in danger of extinction throughout all or a significant portion of its range”), to designate the critical habitats of these species, and to create protective regulations and recovery plans. The Secretary of the Interior is generally charged with the establishment and implementation of recovery plans, although such duties fall to the Secretary of Agriculture with respect to the National Forest System. Such conservation measures could include land acquisition and management, while the act also generally prohibits the possession, transportation, delivery, or sell of threatened or endangered species in interstate or foreign commerce. Furthermore, the act requires the federal government to cooperate with the several states “to the maximum extent practicable” to conserve threatened and endangered species.

Fair Housing Act 42 U.S.C. §3604 (2008)

This statute requires that all public and private housing (with exceptions) allow Seeing Eye dogs, even if the housing otherwise has a “no pets” policy. Federal Law Enforcement Animal Protection Act of 2000 18 U.S.C. §1368 (2004).

Federal Law Enforcement Animal Protection Act of 2000 18. U.S.C. §1368 (2008)

This statute criminalizes willful and malicious harm to any police animal, or any conspiracy or attempt to do the same. Such activity results in one year of imprisonment, unless the police animal suffers serious bodily injury, in which case the penalty is ten years of imprisonment.

Fish and Wildlife Conservation Act 16 U.S.C. §2901-12 (2008)

This act focuses on nongame wildlife, which have been neglected because past programs focused instead on commercially important species. The act requires states to create detailed conservation plans for “nongame fish and wildlife” that must be approved by the Secretary of the Interior. The act also allots reimbursement to the states.

Fish and Wildlife Coordination Act 16 U.S.C. §661-667 (2008)

This act authorizes the Secretary of the Interior to assist and cooperate with federal agencies and public and private organizations to develop, protect, rear, and stock all species of wildlife and to protect their habitats in order to control losses from disease and minimize the damage of overpopulation. Both the US Fish and Wildlife Service and the Department of the Interior must be consulted whenever a body of water is to be diverted in order to determine the possible losses and benefits to wildlife. The act also focuses on administering certain lands and wildlife refuges in order to conserve, maintain, and manage the wildlife thereon.

Horse Protection Act 15 U.S.C. §1821-31 (2008)

Finding that “the soring of horses is cruel and inhumane,” this act prohibits shipping, delivering, receiving, selling, or showing a sore horse. A horse is considered sore if: a blistering, irritating, chemical, or other agent has been applied to any limb; any limb has been burned, cut, or lacerated; or a tack, screw, or nail has been injected into any limb. The act sets up an inspection system for horse shows, exhibitions, and auctions. The Secretary of Agriculture enforces this act. Common or contract carriers are exempt unless they had reason to believe that the horse that they carried was sore.

Humane Slaughter Act 7 U.S.C. §1901-1906 (2008)

This act requires slaughter houses to employ humane techniques in the slaughter of cattle, calves, horses, mules, sheep, swine, and other livestock. A technique is considered to be humane if the animal is “rendered insensible to pain by a single blow or gunshot or an electrical, chemical or other means that is rapid and effective.” The Secretary of Agriculture is authorized to foster research to develop new methods of humane slaughter. Religious slaughter, including the requisite handling or preparation of livestock for religious purposes, is exempted from this act.

Lacey Act 18 U.S.C. §41-49 (2008)

This act prohibits hunting, trapping, disturbing, or injuring wildlife on any land set aside as a sanctuary, refuge, or breeding ground for that wildlife, while also prohibiting the destruction of U.S. property in such lands and waters. It also outlaws the importation of any species that the Secretary of the Interior has declared to be injurious to humans, agriculture, horticulture, or wildlife. The act prohibits polluting watering holes on public land for the purpose of trapping, killing, wounding, or maiming animals. It is also illegal to damage or interfere with the operation of an animal enterprise via interstate or foreign commerce or the mail. The act also refers to specific species, such as by prohibiting the transportation, delivery, sell, or purchase of water hyacinths and prohibiting the use of aircraft or motor vehicles to hunt, capture, or kill any wild and unbranded horse or burro.

National Agricultural Research, Extension, 7 U.S.C. §3191-3202 (2008) and Teaching Policy Act of 1977

This act promotes the general welfare through “the improved health and productivity of domestic livestock, poultry, aquatic animals,” and other animals essential to the food supply; improves horse health; facilitates effective treatment of animal and poultry diseases; improves ways to control organisms and residue in human food of animal origin; improves housing and management for well being of livestock; minimizes losses of livestock and poultry because of transportation; controls animal diseases to protect humans; improves animal birth control; and improves animal health and the general welfare of animals.

Sikes Act 16 U.S.C. §670a-670o (2008)

This act authorizes the Secretary of the Interior, the Director of the United States Fish and Wildlife Service, and the head of each state's Fish and Wildlife Agency to enact conservation and rehabilitation programs for natural resources. The first part of the act describes such programs on military installations, with the cooperation of the Secretary of Defense, while the second part of the act creates similar programs on public lands. The act deals with issues such as hunting and the creation of recreational sites that provide access for disabled veterans.

Tariff Act of 1930 19 U.S.C. §1527 (2008)

This section of the Tariff Act of 1930 prohibits importing into the United States any wild mammal or bird, alive or dead, or any part or product of any wild mammal or bird, if the laws or regulations of the wild mammal or bird's country of origin restrict its "taking, killing, possession, or exportation to the United States," unless accompanied by a certification from the United States Consul that the mammal or bird "has not been acquired or exported in violation of the laws or regulations of such country." Anything imported in violation of this statute is subject to seizure and forfeiture under customs laws. This statute excludes importation prohibited by any other law, items imported for science or education, and importation of certain migratory game birds brought into the country by sportspeople returning from hunting trips.

Twenty-Eight Hour Law 49 U.S.C. §80502 (2008)

This law requires that animals being transported on any type of vehicle or vessel must not be confined for more than 28 consecutive hours without being unloaded for food, water, and rest.

The law applies in interstate travel and travel between the U.S. and its territories and possessions. Sheep may be confined for as long as 36 consecutive hours. Animals may be confined for more than 28 hours if: unloading must be postponed due to accidental or unavoidable causes; or the custodian of the animals makes a written request for an extension to 36 hours. The law also makes an exception for animals that are transported in a way that provides food, water, space, and opportunities to rest.

Wild Bird Conservation Act of 1992 16 U.S.C. §4901-4916 (2008)

This act attempts to protect "wild-caught exotic birds" in order to meet international treaty obligations concerning endangered species and to respect and protect habitats in foreign nations. The United States assists conservation and management programs in the foreign nations that are points of origin for exotic birds. The act also limits or prohibits the importation of certain species of wild birds into the United States, while capture and transportation methods are monitored to insure that wild birds are treated humanely.

APPENDIX FOUR: TN Court System: Functions and Jurisdictions

Tennessee Court System: When you file in State Court

The great majority of legal disputes in American courts are handled in state courts. State courts have the exclusive power to exercise control over certain cases in certain geographical and subject areas. This power is known as *jurisdiction*. For example, state courts have jurisdiction over virtually all divorce and child custody matters, probate and inheritance issues, real estate questions, and juvenile matters. State courts also handle most criminal cases, contract disputes, traffic violations, and personal injury cases in the state of Tennessee.

Tennessee Court System: How it Works

(a) Courts of Limited Jurisdiction

Courts of Limited Jurisdiction are funded at the county level and only can hear certain types of cases. Below are examples of Courts of Limited Jurisdiction:

- a. **Juvenile Court** handles cases dealing with juvenile mental health, paternity, and cases involving minors that are alleged to be delinquent, unruly, dependent, and neglected. If a county has no Juvenile Court, the General Sessions Court hears cases involving juveniles. In some cases, Juvenile Court may also have concurrent, or simultaneous, jurisdiction with Circuit, Chancery, and Probate Courts. This means that both the Juvenile and other courts have the ability to hear the same case.
- b. **General Sessions Court** deals with cases about mental health, preliminary hearings in civil matters, domestic relations, estate/probate, small claims, misdemeanors, Driving While Intoxicated/Driving Under the Influence, traffic, and some juvenile matters. This court's jurisdiction varies from county to county, depending on local ordinance.
 - i. **Civil Jurisdiction** is restricted by certain monetary limits and types of actions determined by local ordinance.
 - ii. **Criminal Jurisdiction** is limited to preliminary hearings in felony cases and trials in misdemeanor cases where the defendant waives the right to a grand jury investigation and a trial in either Circuit Court or Criminal Court.
 - iii. **Juvenile Jurisdiction** cases are heard in General Sessions Court, except in those counties where the legislature has established a separate Juvenile Court.
- c. **Municipal Court, or "city court,"** hears minor criminal cases. Approximately three hundred Tennessee cities have a Municipal Court. A Municipal Court's jurisdiction is limited to violations of city ordinances, most commonly and traffic violations. Many crimes involving animals are heard by Municipal Courts.

(b) Trial Courts

The Tennessee state trial courts consist of the Probate Court, Chancery Court, Circuit Court, and Criminal Court. Tennessee's ninety-five counties are divided into thirty-one judicial districts. As provided in the state constitution, each judicial district contains a Circuit Court and Chancery Court. About one-third of the judicial districts feature specialized Criminal Courts, and a few districts have separate Probate Courts to handle wills and estates. Trial Courts are the lowest level of court review for most cases, but

some cases may begin in Courts of Limited Jurisdiction. (See Courts of Limited Jurisdiction, above.)

- a. **Probate Court** hears cases on estates, wills, conservatorships, and guardianships. These courts do not exist in every county. If a county does not have a Probate Court, these cases are handled in Circuit Court.
- b. **Chancery Court** hears domestic relations and civil cases. Generally, presiding Chancellors will hear and decide cases before the Chancery Court, but jury trials are available in certain cases.
- c. **Circuit Court** hears domestic relations, civil, and, in some jurisdictions, criminal cases. Circuit Courts also hear appeals from Courts of Limited Jurisdiction.
- d. **Criminal Court** hears only criminal cases. The Criminal Court also may hear misdemeanor appeals from lower courts. Criminal Courts do not exist in all Tennessee counties. In counties lacking a Criminal Court, the Circuit Court hears criminal cases at the trial level.

(c) Intermediate Appellate Courts

The Court of Appeals and Court of Criminal Appeals review civil and criminal decisions made by the Trial Courts.

- a. **The Court of Appeals** hears civil appeals. Additionally, the court holds oral argument in administrative agency, and juvenile appeals. Currently composed of twelve judges, the Court of Appeals hears most appeals of civil cases from lower courts. The Court of Appeals meets in Knoxville, Nashville, and Jackson. Normally, the Court of Appeals hears cases in panels of three judges. Because it is strictly an appellate body, the Court of Appeals does not take testimony or admit evidence. It merely reviews the records of lower courts to determine whether there is reversible error. In reviewing lower court proceedings, the Court of Appeals is guided by the briefs submitted by attorneys which appear before it to make arguments orally and answer questions from the judges. Like most court proceedings, these oral arguments are open to the public. Cases are decided in private conferences, but the court releases its decision to the public in the form of a written opinion. Decisions of the Court of Appeals may be appealed to the Tennessee Supreme Court, but that court hears appeals only at its discretion. Thus, the decision of the Court of Appeals is final in most instances.
- b. **The Court of Criminal Appeals** hears capital, criminal, and juvenile appeals. These matters include felony and misdemeanor convictions, as well as postconviction petitions. Composed of twelve judges, the Court of Criminal Appeals operates in essentially the same way as its civil counterpart (the Court of Appeals), but its jurisdiction is limited to criminal actions.

(d) The Tennessee Supreme Court

The Tennessee Supreme Court is the highest court in the state. The majority of the Supreme Court's caseload comes from appeals from lower state court decisions. Also known as the "Court of Last Resort," the Tennessee Supreme Court consists of five justices who hear civil and criminal appeals. The Tennessee Supreme Court also has a special panel that hears only Worker's Compensation cases. The Tennessee Supreme

Court has the final word on all questions of state law. The state constitution requires that the Tennessee Supreme Court meet in Knoxville, Nashville, and Jackson. While sitting in each of these cities, the Tennessee Supreme Court hears appeals from its respective division of the state. The creation of the intermediate appellate courts to handle routine civil and criminal appeals has enabled the Tennessee Supreme Court to concentrate on the most important issues of state law. The only cases that may bypass the intermediate level are those in which the principal question is whether a state statute or a local ordinance is constitutional. There is often a special need for a speedy decision in cases involving state taxes, the right to hold or retain public office, or issues of constitutional law. In such cases, the Tennessee Supreme Court may decide to hear a case even without a decision by the Court of Appeals as long as one of the parties to the case requests Tennessee Supreme Court review. The only cases in which the Tennessee Supreme Court *must* grant review are those involving the death penalty, disciplinary actions against attorneys, and tenure of teachers. Thus, for the most part, the Tennessee Supreme Court has control over its agenda. In addition to supervising how other judges interpret state law, the Tennessee Supreme Court plays an important role in supervising the administration of the state court system. To this end, the Tennessee Supreme Court determines the rules of procedure for itself and all the other state courts.

APPENDIX FIVE: Tennessee Sentencing Guidelines

The Tennessee Sentencing Guidelines consist of statutes and related comments that help judges decide what sentences to give defendants if they are found guilty in a Tennessee court of law. Sections of the Tennessee Sentencing Commission's Comments have been included only where the Editors deemed them necessary.

Tenn. Code Ann. §40-35-101 (2008): Short Title

This chapter shall be known and may be cited as the "Tennessee Criminal Sentencing Reform Act of 1989."

SENTENCING COMMISSION COMMENTS:

. . . [A]ll felony offenses are classified based on severity of offense with letter designations: the most serious felonies graded as Class A and the least serious as Class E. Misdemeanors are similarly graded. The substantive criminal code revision sets forth the class of each felony or misdemeanor based on the nature of the offense. One attribute of this classification system is to treat like offenses the same for punishment purposes. Thus, all theft and theft related offenses are "graded" based on the amount of property taken.

The classification of offenses also permits the construction of a sentencing grid so that the potential sentence for each offender can be rapidly ascertained. Each felony class carries a maximum and minimum sentence. Thus, a Class A felony can be punished from between 15 and 60 years. See §40-35-112. The 15 to 60 year span is divided into three ranges called Range I, Range II and Range III. The "range" determination is based upon the number of prior convictions which, in turn, determines the potential span for that particular offender. Thus, a Range I sentence for a Class A felony is 15 to 25 years. A Range II sentence for a Class A felony is 25 to 40 years, and a Range III sentence is from 40 to 60 years. . .

Tenn. Code Ann. §40-35-102 (2008): Purpose of chapter

The foremost purpose of this chapter is to promote justice, as manifested by § 40-35-103. In so doing, the following principles are adopted:

- (1) Every defendant shall be punished by the imposition of a sentence justly deserved in relation to the seriousness of the offense;
- (2) This chapter is to assure fair and consistent treatment of all defendants by eliminating unjustified disparity in sentencing and providing a fair sense of predictability of the criminal law and its sanctions;
- (3) Punishment shall be imposed to prevent crime and promote respect for the law by:
 - (A) Providing an effective general deterrent to those likely to violate the criminal laws of this state;
 - (B) Restraining defendants with a lengthy history of criminal conduct;
 - (C) Encouraging effective rehabilitation of those defendants, where reasonably feasible, by promoting the use of alternative sentencing and correctional programs that elicit voluntary cooperation of defendants; and
 - (D) Encouraging restitution to victims where appropriate;
- (4) Sentencing should exclude all considerations respecting race, gender, creed, religion, national origin and social status of the individual;
- (5) In recognition that state prison capacities and the funds to build and maintain them are limited, convicted felons committing the most severe offenses, possessing criminal histories evincing a clear disregard for the laws and morals of society and evincing failure of past efforts at rehabilitation shall be given first priority regarding

sentencing involving incarceration; and

(6)

- (A) A defendant who does not fall within the parameters of subdivision (5), and who is an especially mitigated or standard offender convicted of a Class C, D or E felony, should be considered as a favorable candidate for alternative sentencing options in the absence of evidence to the contrary; however, a defendant's prior convictions shall be considered evidence to the contrary and, therefore, a defendant who is being sentenced for a third or subsequent felony conviction involving separate periods of incarceration or supervision shall not be considered a favorable candidate for alternative sentencing;
- (B) As used in subdivision (6)(A), "separate periods of incarceration or supervision" means that the defendant serves and is released or discharged from a period of incarceration or supervision for the commission of a felony prior to committing another felony;
- (C) If a defendant with at least three (3) felony convictions is otherwise eligible, that defendant may still be considered a favorable candidate for any alternative sentencing that is within the jurisdiction of and deemed appropriate by a drug court;
- (D) A court shall consider, but is not bound by, the advisory sentencing guideline in this subdivision (6).

Tenn. Code Ann. §40-35-103 (2008): Sentencing considerations

To implement the purposes of this chapter, the following principles apply:

- (1) Sentences involving confinement should be based on the following considerations:
 - (A) Confinement is necessary to protect society by restraining a defendant who has a long history of criminal conduct;
 - (B) Confinement is necessary to avoid depreciating the seriousness of the offense or confinement is particularly suited to provide an effective deterrence to others likely to commit similar offenses; or
 - (C) Measures less restrictive than confinement have frequently or recently been applied unsuccessfully to the defendant;
- (2) The sentence imposed should be no greater than that deserved for the offense committed;
- (3) Inequalities in sentences that are unrelated to a purpose of this chapter should be avoided;
- (4) The sentence imposed should be the least severe measure necessary to achieve the purposes for which the sentence is imposed;
- (5) The potential or lack of potential for the rehabilitation or treatment of the defendant should be considered in determining the sentence alternative or length of a term to be imposed. The length of a term of probation may reflect the length of a treatment or rehabilitation program in which participation is a condition of the sentence;
- (6) Trial judges are encouraged to use alternatives to incarceration that include requirements of reparation, victim compensation, community service or all of these; and
- (7) Available community-based alternatives to confinement and the benefits that imposing such alternatives may provide to the community should be considered when the offense is nonviolent and the defendant is the primary caregiver of a dependent child.

Tenn. Code Ann. §40-35-104 (2008): Sentencing alternatives

(a) A defendant convicted of a felony or a misdemeanor in this state shall be sentenced in accordance with this chapter.

- (b)
- (1) A defendant who is convicted of a felony after November 1, 1989, and who is sentenced to a total sentence of at least one (1) year but not more than three (3) years, shall not be sentenced to serve the sentence in the department of correction, if the legislative body for the county from which the defendant is being sentenced has either contracted with the department, or has passed a resolution that expresses an intent to contract for the purpose of housing convicted felons with such sentences. If the sentencing court concludes that incarceration is the appropriate sentencing alternative, the defendant must be sentenced to the local jail or workhouse and not to the department.
 - (2) A defendant who is convicted of a felony after November 1, 1989, and who is sentenced to at least one (1) year but not more than six (6) years, shall not be sentenced to serve the sentence in the department of correction if the defendant is being sentenced from a county with a population of not less than four hundred seventy-seven thousand eight hundred eleven (477,811), according to the 1980 federal census or any subsequent federal census, and the legislative body for the county has contracted with the department or has passed a resolution that expresses an intent to contract for the purpose of housing convicted felons with such sentences. If the sentencing court concludes that incarceration is the appropriate sentencing alternative, the defendant must be sentenced to the local jail or workhouse and not to the department.
- (c) The following sentencing alternatives in any appropriate combination are authorized for defendants otherwise eligible under this chapter:
- (1) Payment of a fine either alone or in addition to any other sentence authorized by this subsection (c);
 - (2) Payment of restitution to the victim or victims either alone or in addition to any other sentence authorized by this subsection (c);
 - (3) A sentence of confinement that is suspended upon a term of probation supervision that may include community service or restitution, or both;
 - (4) A sentence of periodic confinement that may be served in a local jail or workhouse in conjunction with a term of probation;
 - (5) A sentence of continuous confinement to be served in a local jail or workhouse in conjunction with a term of probation;
 - (6) A sentence of continuous confinement in a local jail or workhouse;
 - (7) Work release in accordance with § 40-35-315;
 - (8) A sentence of continuous confinement in the department of correction if the conviction is for a felony and the sentence is at least one (1) year, unless:
 - (A) The sentence is prohibited by subsection (b); or
 - (B) The defendant is convicted of a violation of § 39-14-103, involving property valued at less than two thousand five hundred dollars (\$2,500), and the defendant is sentenced as an especially mitigated offender as defined in § 40-35-109 or a standard offender as defined in § 40-35-105; or
 - (9) A community-based alternative to incarceration as a condition of probation, such as participation in a day reporting center program, a recovery and treatment program, or another appropriate community-based program. A defendant may be ordered to participate in a recovery and treatment program only if such a program is indicated by the results of a clinical assessment.
- (d) This chapter does not deprive a court of any authority conferred by law, including, but not limited to, § 40-35-313, to decree a forfeiture of property, suspend or cancel a license, remove a person from office or impose costs and other monetary obligations if specifically authorized by law.

- (e) This chapter does not prevent a court from imposing a sentence of death specifically authorized by law.
- (f) The court shall strongly consider utilizing available and appropriate sentencing alternatives for any defendant who, as appropriately documented, including through a validated risk and needs assessment under § 40-35-207(a)(10), has a behavioral health need, such as a mental illness as defined in § 33-1-101, or is chemically dependent as defined in § 16-22-103. The court has sole discretion whether to utilize available sentencing alternatives under this subsection (f).

(b) These classifications shall be used for sentencing after November 1, 1989, if the offense was committed on or after July 1, 1982, and prior to November 1, 1989, except first degree murder, which shall be punished by death or life imprisonment.

SENTENCING COMMISSION COMMENTS

This section classifies felony offenses in title 39 which were in existence prior to November 1, 1989. This classification of prior offenses serves two purposes. First, prior felonies are used to determine whether and to what extent a defendant's sentence should be enhanced. Since felonies have only recently been classified, this section designates the appropriate grade of the pre-November 1, 1989 conviction for purposes of the classification determination. For example, if a defendant is convicted of aggravated arson and has pre-November 1, 1989 convictions for second degree murder and aggravated rape, it is necessary to ascertain the classification of those prior convictions to determine whether the defendant's aggravated arson sentence can be enhanced into Range II or Range III. Second degree murder and aggravated rape are

classified as Class A felonies. Under the criteria for sentencing as a persistent offender in § 40-35-107, the defendant must receive a Range III sentence.

Second, persons sentenced on or after November 1, 1989, for an offense committed between July 1, 1982 and November 1, 1989, must be sentenced under the provisions of this chapter. See, § 40-35-117(b). The new definitions and classifications cannot be utilized for offenses which occurred prior to November 1, 1989, because, in many instances, the elements of the offense are completely different. Consequently, except for first degree murder pursuant to § 39-11-117(b), this section sets forth the felony classification which is to be utilized for those offenses which occurred prior to November 1, 1989, when the sentencing takes place after that date. For example, if a defendant is convicted for the offense of first degree burglary which occurred prior to November 1, 1989, but the defendant is sentenced after that date, then this table of classification discloses that first degree burglary is punished as a Class C felony. As noted in § 40-35-111(b)(3), a Class C felony carries a sentence of not less than 3 nor more than 15 years. The precise sentence within that classification depends on the defendant's prior record which determines whether the defendant will be sentenced within Range I, II, or III.

The classification of prior offenses in this section determines sentencing for those offenses which were in existence prior to November 1, 1989, as set forth in title 39. It should be noted, however, that first degree murder is classified as a Class A felony in this section. However, pursuant to § 39-11-117(b), this classification is only utilized where the first degree murder conviction is part of the prior record of a defendant being sentenced for a subsequent offense. In all instances, both prior to November 1, 1989, and after that date, first degree murder is punished as a capital offense.

The offenses contained in titles other than title 39 have been amended directly by altering the punishment with specified felony or misdemeanor classifications. Since the elements of those offenses have not been changed, the punishment for those offenses can be ascertained by referring directly to the particular statute itself.

These classifications shall be used for sentencing after November 1, 1989, if the offense was committed on or after July 1, 1982, and prior to November 1, 1989, except first degree murder, which shall be punished by death or life imprisonment.

Tenn. Code Ann. §40-35-119 (2008): Classification of prior unclassified felony offenses

Any prior felony offense committed between July 1, 1982, and November 1, 1989, which has not been classified pursuant to § 40-35-118 or otherwise, is a Class E felony.

MITIGATING FACTORS

The following statutes detail how a sentence may be reduced due to circumstances making a crime less severe. The statutes also explain who may have his or her sentences reduced.

Tenn. Code Ann. §40-34-108: Maximum reduction of sentence

- (a)
 - (1)
 - (A) Notwithstanding any other law to the contrary, no sentence credits authorized by § 41-21-236 or any other provision of law, or no sentence contract authorized by this chapter or any other provision of law shall have the effect of reducing the amount of time an inmate must serve before the inmate's earliest release eligibility date, undiminished by the sentence credits, by more than thirty-five percent (35%).
 - (B) For inmates sentenced for offenses committed on or after January 1, 1988, no sentence credits or no sentence contract shall have the effect of reducing the amount of time an inmate must serve before the inmate's earliest release eligibility date, undiminished by the sentence credits, by more than thirty percent (30%).
 - (2) The sentencing commission shall review the effect of these provisions as part of its duties under law.
- (b) As used in this section, "sentence credits" includes any credit, whether called such or not, that results in a reduction of the amount of time an inmate must serve on the original sentence or sentences. This section shall not be applicable when the powers granted pursuant to title 41, chapter 1 are in effect to reduce prison overcrowding.

Tenn. Code Ann. §40-35-109: Especially mitigated offender

- (a) The court may find the defendant is an especially mitigated offender, if:
 - (1) The defendant has no prior felony convictions; and
 - (2) The court finds mitigating, but no enhancement factors.
- (b) If the court finds the defendant an especially mitigated offender, the court shall reduce the defendant's statutory Range I minimum sentence by ten percent (10%), or reduce the release eligibility date to twenty percent (20%) of the sentence, or both reductions. If the court employs both reductions, the calculation for release eligibility shall be made by first reducing the sentence and then reducing the release eligibility to twenty percent (20%).
- (c) If the defendant is found to be an especially mitigated offender, the judgment of conviction shall so reflect.
- (d) The finding that a defendant is or is not an especially mitigated offender is appealable by either party.

SENTENCING COMMISSION COMMENTS:

As noted in the comments to § 40-35-101, sentences have been divided into one of three ranges. The sentencing ranges are governed by the presence or absence of prior convictions. If a defendant has little or no prior criminal record, such defendant would normally be sentenced within Range I as a standard offender. See § 40-35-105. However, there are instances where the trial judge may desire to depart from even the minimum sentence for a Range I offender and impose lesser penalties. In such instances, the judge may designate the defendant as an "especially mitigated offender" under the provisions of this section. If the judge designates the defendant for this category, the judge has the option of reducing the minimum sentence by 10 percent or reducing the release eligibility date to 20 percent or both options. [. . .]

Tenn. Code Ann. §40-35-113 (2008): Mitigating factors

If appropriate for the offense, mitigating factors may include, but are not limited to:

- (1) The defendant's criminal conduct neither caused nor threatened serious bodily injury;
- (2) The defendant acted under strong provocation;
- (3) Substantial grounds exist tending to excuse or justify the defendant's criminal conduct, though failing to establish a defense;
- (4) The defendant played a minor role in the commission of the offense;
- (5) Before detection, the defendant compensated or made a good faith attempt to compensate the victim of criminal conduct for the damage or injury the victim sustained;
- (6) The defendant, because of youth or old age, lacked substantial judgment in committing the offense;
- (7) The defendant was motivated by a desire to provide necessities for the defendant's family or the defendant's self;
- (8) The defendant was suffering from a mental or physical condition that significantly reduced the defendant's culpability for the offense; however, the voluntary use of intoxicants does not fall within the purview of this factor;
- (9) The defendant assisted the authorities in uncovering offenses committed by other persons or in detecting or apprehending other persons who had committed the offenses;
- (10) The defendant assisted the authorities in locating or recovering any property or person involved in the crime;
- (11) The defendant, although guilty of the crime, committed the offense under such unusual circumstances that it is unlikely that a sustained intent to violate the law motivated the criminal conduct;
- (12) The defendant acted under duress or under the domination of another person, even though the duress or the domination of another person is not sufficient to constitute a defense to the crime; and
- (13) Any other factor consistent with the purposes of this chapter.

SENTENCING COMMISSION COMMENTS:

[. . .] It should be observed that the list is not exclusive and the final portion of this section provides that the trial judge may consider "any other factor consistent with the purposes of this chapter." There has been a tendency to perceive mitigating factors as "statutory" and "non-statutory" in the sense that the latter are somehow of less significance than the former. The commission believes that appropriate sentencing determinations should be made on the basis of all relevant information presented to the trial judge. [. . .]

ENHANCEMENT FACTORS

The following statutes define and categorize certain offenders for the purposes of sentencing. Generally, the more often the person breaks the law, the longer the sentence. If the enhancement factors are especially severe, bail may be revoked.

Tenn. Code Ann. §40-35-105 (2008): Standard offender

- (a) A "standard offender" is a defendant not sentenced as:
- (1) A multiple offender, as defined by § 40-35-106;

 - (3) A career offender, as defined by § 40-35-108;
 - (4) An especially mitigated offender, as defined by § 40-35-109; or
 - (5) A repeat violent offender, as defined by § 40-35-120.

- (b) The sentence for a standard offender is within Range I.
- (c) If the judgment of conviction does not include a sentence range, it shall be returned to the sentencing court to be completed.

Tenn. Code Ann. §40-35-106: Multiple offender

- (a) A multiple offender is a defendant who has received:
 - (1) A minimum of two (2) but not more than four (4) prior felony convictions within the conviction class, a higher class, or within the next two (2) lower felony classes, where applicable; or
 - (2) One (1) Class A prior felony conviction if the defendant's conviction offense is a Class A or B felony.
- (b) In determining the number of prior convictions a defendant has received:
 - (1) "Prior conviction" means a conviction for an offense occurring prior to the commission of the offense for which the defendant is being sentenced;
 - (2) All prior felony convictions, including those occurring prior to November 1, 1989, are included;
 - (3)
 - (A) A finding or adjudication that a defendant committed an act as a juvenile that would constitute a felony if committed by an adult and that resulted in a transfer of the juvenile to criminal court pursuant to § 37-1-134, or similar statutes of other states or jurisdictions, shall not be considered as a prior conviction for the purposes of this section unless the juvenile was convicted of a felony in a criminal court;
 - (B) Notwithstanding subdivision (b)(3)(A), a finding or adjudication that a defendant committed an act as a juvenile that would constitute a Class A or Class B felony if committed by an adult shall be considered as a prior conviction for the purposes of this section, regardless of whether the juvenile was transferred to criminal court pursuant to § 37-1-134, or similar statutes of other states or jurisdictions;
 - (4) Except for convictions for which the statutory elements include serious bodily injury, bodily injury, threatened serious bodily injury or threatened bodily injury to the victim or victims, or convictions for the offense of aggravated burglary under § 39-13-1003, convictions for multiple felonies committed within the same twenty-four-hour period constitute one (1) conviction for the purpose of determining prior convictions; and
 - (5) Prior convictions include convictions under the laws of any other state, government or country that, if committed in this state, would have constituted an offense cognizable by the laws of this state. In the event that a felony from a jurisdiction other than Tennessee is not a named felony in this state, the elements of the offense shall be used by the Tennessee court to determine what classification the offense is given.
- (c) A defendant who is found by the court beyond a reasonable doubt to be a multiple offender shall receive a sentence within Range II.
- (d) The finding that a defendant is or is not a multiple offender is appealable by either party.

Tenn. Code Ann. §40-35-107 (2008): Persistent offender

- (a) A "persistent offender" is a defendant who has received:
 - (1) Any combination of five (5) or more prior felony convictions within the conviction class or higher, or within the next two (2) lower felony classes, where applicable; or

 - (3) A finding or adjudication that a defendant committed an act as a juvenile that would constitute a felony if committed by an adult, and which resulted in a transfer of the juvenile to criminal court pursuant to § 37-1-134, or similar statutes of other states or jurisdictions, shall not be considered as a prior conviction for the purposes of this section unless the juvenile was convicted of a felony in a criminal court;
 - (4) Except for convictions for which the statutory elements include serious bodily injury, bodily injury, threatened serious bodily injury, or threatened bodily injury to the victim or victims, convictions for multiple felonies committed within the same twenty-four-hour period constitute one (1) conviction for the purpose of determining prior convictions; and
 - (5) "Prior convictions" includes convictions under the laws of any other state, government or country which, if committed in this state, would have constituted an offense cognizable by the laws of this state. In the event that a felony from a jurisdiction other than Tennessee is not a named felony in this state, the elements of the offense shall be used by the Tennessee court to determine what classification the offense is given.
- (c) A defendant who is found by the court beyond a reasonable doubt to be a persistent offender shall receive a sentence within Range III.
- (d) The finding that a defendant is or is not a persistent offender is appealable by either party.

Tenn. Code Ann. §40-35-108 (2008): Career offender

- (a) A career offender is a defendant who has received:
 - (1) Any combination of six (6) or more Class A, B or C prior felony convictions, and the defendant's conviction offense is a Class A, B or C felony;

 - (B) Notwithstanding subdivision (b)(3)(A), a finding or adjudication that a defendant committed an act as a juvenile that would constitute a Class A or Class B felony if committed by an adult shall be considered as a prior conviction for the purposes of this section, regardless of whether the juvenile was transferred to criminal court pursuant to § 37-1-134, or similar statutes of other states or jurisdictions;
 - (4) Except for convictions for which the statutory elements include serious bodily injury,

- bodily injury, threatened serious bodily injury or threatened bodily injury to the victim or victims or convictions for the offense of aggravated burglary under § 39-13-1003, convictions for multiple felonies committed within the same twenty-four-hour period constitute one (1) conviction for the purpose of determining prior convictions; and
- (5) "Prior convictions" includes convictions under the laws of any other state, government or country that, if committed in this state, would have constituted an offense cognizable by the laws of this state. In the event that a felony from a jurisdiction other than Tennessee is not a named felony in this state, the elements of the offense shall be used by the Tennessee court to determine what classification the offense is given.
- (c) A defendant who is found by the court beyond a reasonable doubt to be a career offender shall receive the maximum sentence within the applicable Range III.
- (d) The finding that a defendant is or is not a career offender is appealable by either party.

- (e) In determining the number of prior convictions a defendant has received:
- (1) “Prior conviction” means a defendant serves and is released from a period of incarceration for the commission of an offense or offenses so that a defendant must:
 - (A) To qualify under subdivision (a)(1) and (a)(2), have served two (2) separate periods of incarceration for the commission of at least two (2) of the predicate offenses designated in subdivision (b)(1) or (b)(2) before committing an offense designated in subdivision (b)(1);
 - (B) To qualify under subdivision (a)(3) and (a)(4), at least one (1) separate period of incarceration for the commission of a predicate offense designated in subdivision (c)(1) or (c)(2) before committing an offense designated in subdivision (c)(1); or
 - (C) To qualify under subdivision (a)(5) and (a)(6), at least one (1) separate period of incarceration for the commission of a predicate offense designated in subdivision (d)(1) or (d)(2), with the exception of the prior offense of robbery by use of a deadly weapon as listed in § 40-35-118(a), before committing an offense designated in subdivision (d)(1);
 - (2) “Separate period of incarceration” includes a sentence to a community correction program pursuant to chapter 36 of this title, a sentence to split confinement pursuant to § 40-35-306 or a sentence to a periodic confinement pursuant to § 40-35-307. Any offense designated as a violent offense pursuant to subsection (b), (c) or (d) that is committed while incarcerated or committed while the prisoner is assigned to a program whereby the prisoner enjoys the privilege of supervised release into the community, including, but not limited to, work release, educational release, restitution release, medical furlough or that is committed while on escape status from any correctional institution shall be considered as a separate period of incarceration;
 - (3) A finding or adjudication that a defendant committed an act as a juvenile that is designated a predicate offense under subsection (b), (c) or (d) if committed by an adult, and that resulted in a transfer of the juvenile to criminal court pursuant to § 37-1-134, or similar statutes of other states or jurisdictions, shall not be considered a prior conviction for the purposes of this section unless the juvenile was convicted of the predicate offense in a criminal court and sentenced to confinement in the department of correction; and
 - (4) “Prior convictions” include convictions under the laws of any other state, government or country that, if committed in this state, would have constituted a predicate offense in subsection (b), (c) or (d) if there are separate periods of incarceration in the other state as required by subdivision (e)(1). If a felony from a jurisdiction other than Tennessee is not a named predicate offense specified in subsection (b), (c) or (d) in this state and if the elements of the felony are the same as a designated predicate offense, it shall be considered a prior conviction; provided, that there are separate periods of incarceration in the other state as required in subdivision (e)(1).

- (f) The court shall refuse to accept a plea agreement that fails to recommend that a defendant with a sufficient number of designated prior convictions be sentenced as a repeat violent offender. If the judge refuses to accept the plea agreement, this does not prevent the district attorney general, in accordance with Rule 7 of the Tennessee Rules of Criminal Procedure, from amending the indicted offense to an offense that is not designated as a violent offense in subsection (b) or (c).
- (g) The court shall sentence a defendant who has been convicted of any offense listed in subdivision (b)(1), (c)(1) or (d)(1) to imprisonment for life without possibility of parole if the court finds beyond a reasonable doubt that the defendant is a repeat violent offender as defined in subsection (a).
- (h) The finding that a defendant is or is not a repeat violent offender is appealable by either party.
- (i)
 - (1)
 - (A) A charge as a repeat violent offender shall be tried within one hundred eighty (180) days of the arraignment on the indictment pursuant to Rule 10 of the Tennessee Rules of Criminal Procedure unless delay is caused by:
 - (i) The defendant;
 - (ii) An examination for competency;
 - (iii) A competency hearing;
 - (iv) An adjudication of incompetency for trial;
 - (v) A continuance allowed after a court's determination of the defendant's physical incapacity for a trial; or
 - (vi) An interlocutory appeal.
 - (B) A continuance may be granted to any party, including the court, for good cause shown.
 - (2) The district attorney general shall file a statement with the court and the defense counsel within forty-five (45) days of the arraignment pursuant to Rule 10 of the Rules of Criminal Procedure that the defendant is a repeat violent offender. The statement, which shall not be made known to the jury determining the guilt or innocence of the defendant, shall set forth the dates of the prior periods of incarceration, as well as the nature of the prior conviction offenses. If the notice is not filed within forty-five (45) days of the arraignment, the defendant shall be granted a continuance so that the defendant will have forty-five (45) days between receipt of notice and trial.
 - (3) Failure to comply with this subsection (i) does not require release of a person from custody or a dismissal of charges.

SPECIAL OFFENSES

Many times, the Sentencing Commission will set out special punishments for crimes it considers especially offensive or problematic, such as gang activity. Knowledge of this information may be useful if, for instance, the person involved in an animal crime is also a member of a gang and has prior such offenses that may or may not involve animals. In this case, a harsher punishment than that originally available may be sought.

Introduction

The controversies surrounding animal fighting are in no way new to the state of Tennessee. In order to appreciate how far reaching an impact there may be, it is important to consider the history underlying this issue. Understanding exactly what animal fighting means to the people and animals involved is also imperative.

Over the next few pages, this article will attempt to shed light on animal fighting. In addition to providing background and a legal perspective, proposals will be presented for consideration in an attempt to solve Tennessee's current issues. Although many issues affecting fighting animals are the same, there are distinct issues that vary between fighting cocks and dogs. For this reason, these two common species will be presented separately at times.

Cockfighting: A Brief Explanation

Cockfighting is described by The Humane Society of the United States as "a centuries-old blood sport in which two or more specially bred birds, known as gamecocks, are placed in an enclosure to fight, for the primary purposes of gambling and entertainment.

The fights can last over half an hour and often result in the death of one, if not both, of the birds involved.¹ Even birds that are not killed in the course of the fight suffer extreme pain and injuries. Punctured lungs, broken bones, and gouged eyes are not uncommon in the ring.² Many of these injuries are the result of gaffs, steel spikes affixed to the birds' legs to cause extra damage.³

The harm caused by cockfighting extends beyond the birds. Law enforcement officials have linked cockfighting rings to gambling and illegal drugs.⁴ It is especially disturbing to note that young children are often present at these fights, engendering a conception of animals as worthless and insignificant.⁵ Although cockfighting has long been part of many cultures, this cultural importance can often be overplayed. In a 1997 survey conducted in Arizona, only 34% of Anglos disagreed that "cockfighting is an important part of Hispanic culture." Conversely, 70% of Hispanics disagreed with the statement.⁶ Additionally, 95% of Hispanics polled felt that cockfighting was "cruel and inhumane."⁷ This survey demonstrates a clear misunderstanding in the cultural value of cockfighting but may also represent an inherent prejudice. Latin cultures are not the only ones with a

reputation for cockfighting. Culture within the Southeastern United States also reflects the presence of such events. The most obvious sign may be the fact that the University of South Carolina still uses the gamecock as its mascot.

Cockfighting is currently a criminal offense in all 50 states and the District of Columbia. Severity of punishment differs widely from state to state. Some states provide for punishment of cockfighting, possession of birds for fighting, being present as a spectator at a fight, and possession of implements used for cockfighting all as felonies. Other states view some of these as misdemeanors, including cockfighting itself. Hawaii, Georgia, Idaho, Mississippi, and Alabama consider cockfighting the only crime in the list above.⁸ The state of Tennessee considers cockfighting a Class A Misdemeanor, although this may soon be changing as discussed later in the article.

Dog Fighting: A Brief Explanation

Dog fighting is similar in many respects to cockfighting. Two dogs, most frequently Pit Bulls, are placed in a ring and made to fight until one is unable to continue. These fights often result in serious injury and/or death. Even if the losing dog is not killed, they are often shot or abandoned by their owners.⁹ Even winning dogs frequently suffer severe damage to their eyes, ears, nose, and mouth. Dogs that are seen as “useless” because of the injuries they have suffered are also shot, abandoned, or otherwise disposed of.

Like cockfighting, dog fighting is also linked to gambling rings and illegal drugs. Fights provide ample opportunity for such activities to take place in a secluded, often secretive environment. There have also been links between dog fighting and street gang activities, a major issue in large urban areas.¹⁰ Although dog fighting does not share as many of the long-standing cultural influences of cockfighting, it is slowly being popularized within American pop culture. This connection seems especially true with the culture surrounding rap music. Jay-Z’s video for “99 Problems” contains images associated with dog fighting.¹¹ His video is not the only example. Artist DMX named his album, *Grand Champ*, in honor of fighting dogs.¹² The cover of the album portrays a Pit Bull showing marked signs of aggression. DMX had previously pled guilty to animal cruelty charges stemming from 13 neglected Pit Bulls in his possession.¹³

Dog fighting is currently a felony in all 50 states and the District of Columbia. Like cockfighting, severity of punishments varies widely between individual states. Although all states treat dog fighting as a crime, being a spectator to a fight or possession of dogs meant for fighting might be a misdemeanor or legal altogether. Both Montana and Hawaii provide no punishment for being a spectator at a dog fight.¹⁴ Tennessee provides for punishment of dog fighting and possession of fighting dogs as a Class E Felony, but being a spectator is defined as merely a Class C Misdemeanor, the lowest classification in Tennessee’s statutory system.

Why Can't We Stop Animal Fighting Now?

One of the most glaring issues in animal fighting today is the lack of prosecutions taking place in Tennessee. This is true in spite of the fact that animal fighting incidents are on the rise in rural and urban areas alike.¹⁵ There are several problems, both social and political in nature, that have contributed to this problem.

One major problem with regulation within the state of Tennessee involves the inability of humane officers to effectively carry out their duties. Although Tennessee does provide these officers with the ability to intervene in crimes and arrest perpetrators, they are made to do this without the benefit of being armed.¹⁶ As previously stated, animal fighting is linked to illegal gambling, drug distribution, and gang activity. Because of these connections, participants in animal fighting are often dangerous criminals in other respects. To deprive humane officers of the protection or force needed to affect such arrests is to effectively negate all their powers.

Another major obstacle to enforcement rests in the laws themselves. Criminal statutes relating to animal fighting vary widely from state to state. This causes not only confusion among citizens and law enforcement officials, but it also provides criminally-minded individuals with an opportunity to circumvent unfavorable laws. These issues frequently occur within an individual state as well. In Tennessee, dog fighting is punished as a Class E Felony.¹⁷ Sentencing guidelines provide that this sort of crime should be punished with a prison sentence of not less than 1 year.¹⁸ In contrast, cockfighting is considered a Class A Misdemeanor, one step lower in Tennessee's statutory scheme than dog fighting.¹⁹ Consequently, cockfighting does not carry as harsh a punishment.²⁰ Beyond this, crimes such as being a spectator at such a fight, possession of fighting animals, or possession of implements carry even lower criminal penalties.²¹

These relatively low penalties pose another problem for enforcement. Large sums of money, often in the tens of thousands range, can change hands during animal fighting events.²² Because the fines, sentences, and enforcement related to animal fighting laws are relatively low, individuals are provided with the possibility of a high reward for very little risk. Just for perspective, stealing an equivalent amount of money could be as high as a Class B Felony, some three classifications higher than the highest classification for any type of animal fighting found in Tenn. Code Ann. 39-14-203.²³

The Impact Does Not End With Injured Animals

The consequences of animal fighting extend beyond the physical injuries suffered by the animals. As previously cited, animal fighting rings have been linked with illegal gambling, drugs, and gang activity.²⁴ Despite the inherent evil posed by fighting animals, these effects are equally as disturbing. Fighting rings circulate large sums of

money that help to fund these other illegal activities. This helps to create a subculture where violence, animal cruelty, drug use, and moral complacency are readily accepted.

Animal fighting also has other effects on the animals involved. This is seen most commonly with the Pit Bulls that are a favorite of dog fighters. Pit Bulls have suffered physical pain in the ring and severe damage to their reputation within the community. They are often thought of as overly aggressive, which has led to two distinct problems for the breed.

One serious issue with Pit Bulls, namely those who were previously fighting dogs, is that they are difficult to place for adoption with humane services. These animals have often been so rigorously trained to fight that they are rendered incapable of normal social behavior. This frequently leads to these animals being put down. This is not always the case thankfully. In the recently publicized case of Michael Vick, only one of the 47 surviving dogs was euthanized.²⁵ This was the result of the judge ruling that all the dogs should be evaluated individually, in the face of expert opinion that they should all be put down.²⁶

Another serious problem arising from dog fighting that is currently affecting Tennessee is the proposal of so-called "Dangerous Dog Laws." These laws typically ban the possession and/or breeding of a certain breed of dog, almost always including the aforementioned Pit Bull. Although these laws criminalize the possession of dogs used for fighting, they also limit the freedom of dog owners who wish to own one of the breeds merely for pleasure and companionship. It is farfetched to believe these ordinances would have any effect of dog fighting. Fighting is itself a criminal offense of a more severe nature than possession. There is also the same issue of enforcement and prosecution by the state that limits the effectiveness of current animal fighting statutes.

There may also be some disparate impact on other pet owners. Theft of dogs, cats, and other small pets is a common practice amongst dog fighters.²⁷ These animals are used as "bait" to assist in training the dogs to kill another animal. The frequency of these financial and emotional losses is hard to estimate accurately.

What Are We Doing To Make a Change?

There are efforts being made locally and nationally to stop animal fighting. Many of the major national organizations, such as the American Society for the Prevention of Cruelty to Animals (ASPCA) and the Humane Society of the United States (HSUS), have organized programs to raise awareness of dog fighting. These organizations also provide information to people willing to volunteer their time and money to stop such atrocities. More information can be found by visiting the websites of these organizations at www.aspca.org and www.hsus.org respectively.

On a local level, the Tennessee legislature is considering a bill that would raise cockfighting to a felony offense.²⁸ Although this increase in penalty is admirable, a

²⁵ *Id.*

²⁶ *Id.*

²⁷ *Id.*

closer look at the bill might reveal that it still will not meet the need. This proposed legislation merely increases fines, without providing for prison sentences in association with cockfighting.²⁹ As previously mentioned, the amount of money involved in cockfighting renders fines nearly useless, unless they are of such an extreme amount to serve as an actual deterrent.

A Final Word

Although steps have been made through education, legislations, and enforcement to limit the impact of animal fighting, there is still work to do. The ASPCA and HSUS can only do so much without the assistance of volunteers. It is important that individuals get involved if they ever hope to see these atrocious acts come to an end.
