Quality you can rely on.*

Carpet Maintenance Solutions

Premium Products • Exceptional Support • Superior Results

Triple S offers premium carpet cleaning products of the highest quality and best value to meet your carpet care needs. Your local Triple S dealer can provide you with a total carpet maintenance program by combining premium carpet care cleaners, quality Triple S vacuum and extraction equipment, training programs and on-going technical support. The result is a professional program that delivers the lowest total cost solution.

Gemini Surfactant Technology

Gemini surfactants or “super surfactants” are up to a thousand times more surface active than conventional surfactants. Gemini surfactants breakdown and emulsify soil faster and more effectively, completely revitalizing your carpet.

C & A Flooring Approval

Our carpet cleaning products meet the industry’s highest standard. C & A Flooring, is one of the largest commercial carpet producers. C & A evaluates carpet cleaning solutions and equipment. The approved products are noted with the C & A logo throughout this brochure.

UL EcoLogo • CRI Seal of Approval • EarthCare®

Carpet and upholstery care products that fall under this criteria document includes carpet cleaners designed to remove soil from carpet fibers and fabric. The category group includes a full range of products designed for use in a variety of automatic cleaning machines (e.g., extraction, rotary brush, circular pad, dry foam). The product category requirements will produce an environmental benefit through: a reduction in aquatic and other toxicity; increased biodegradation of products; increased indoor air quality; a reduction in ground-level ozone formation; a reduction in the depletion of stratospheric ozone; a reduction in solid waste; and a reduction in resource use.

The CRI Seal of Approval is awarded to carpet cleaning products that pass stringent tests administered by an independent, accredited institute. Please visit www.carpet-rug.org for a full set of criteria.

Products marked with the Triple S EarthCare® Seal meet recognized green standards or have features that contribute to the preservation and sustainability of a healthy environment.
