TIMBERLINE
Rock N' Roll

The Timberline Rock N' Roll Difference

When you Rock N' Roll with us, we promise:

SUPERIOR MATERIALS: Our landscape materials are consistently sourced to provide reliable quality. Rock is washed, in order to be free of debris, and provide instant impact in your landscape installations. Gone are the days where your decorative rock is full of dirt!

KNOWLEDGE: We possess a vast knowledge and experience of material types and availability to make your project a success. From matching material types to covering a specific square footage, we've got you covered.

RELIABILITY: Responsive. On time. That is what Rock Solid Reliability means to us. We understand that when your landscape or construction crew is waiting for a delivery that precious time and money is on the line.

COMPETITIVE PRICING: Your materials are sourced and selected from the best quarries, allowing us to give you rock solid competitive pricing.

EXCEPTIONAL SERVICE: Your clients expect the best and we can help you provide it. Receive individualized care to meet your delivery and material needs.
