

APPLIED ELECTRONICS & COMPUTER TECHNOLOGY

ASSOCIATE OF APPLIED SCIENCE AND COMPUTER TECHNOLOGY CERTIFICATE

The Applied Electronics and Computer Technology program at KVCC prepares students with the technical knowledge and professional skills needed for careers in the installation, maintenance, technical support, and troubleshooting of electronic equipment, wired and wireless communication systems, computers, and computer network systems. The primary goal of the program is to ensure each student is well equipped to enter the workforce as a technical support professional.

“Enrolling in the Applied Electronics and Computer Technology program at KVCC was an incredible experience for me. The instructors taught me to use high-tech electronic equipment and computers in real-world scenarios.”

Learn to install, maintain, and troubleshoot electronics and computer-based equipment

What Applied Electronics and Computer Technology graduates do:

- Provide technical support for computer desktop and computer network systems.
- Provide technical support for computer system end users.
- Provide technical support for network servers and associated infrastructure.
- Provide technical support for software applications.
- Provide technical support for wired and wireless communication systems.
- Install, certify, and troubleshoot copper and fiber-optic network cabling.
- Troubleshoot and repair electronic components and systems.
- Maintain, troubleshoot, and calibrate bio-medical electronic equipment.
- Work with electrical and computer engineers.
- Transfer to a baccalaureate degree program in engineering or computer information systems.

Career Opportunities:

- Computer support technician
- Information systems support
- Network support technician
- Cable-Fiber installation technician
- Security systems support
- Electronics technician
- Field service support technician
- Bio-medical electronics technician
- Communication system technician
- Cellular telephone system technician
- Cable television network technician
- Marine electronics technician
- Engineering technician

APPLIED ELECTRONICS AND COMPUTER TECHNOLOGY

Applied Electronics and Computer Technology Associate in Applied Science Degree

First Semester

ETC101*	Managing Desktop Applications.	1
ETC112*	Information Technology Fundamentals	3
ETC113*	Electrical Circuits	3
MAT114	Technical Math	3
ENG 108	Technology Writing.	3
SOC 109	Sociology and Technology (GE)	3

Second Semester

ETC110*	Computer Technology Support	3
ETC114*	Electrical Circuits II	3
ETC119*	Digital Systems with C Programming	3
ETC125*	Semiconductor Devices	3
MAT214	Technical Math II	3

Third Semester

ETC212*	Network Operating System I.	3
ETC220*	Microcontrollers W/C.	3
ETC225*	Analog Circuits	3
ETC240*	Electronic Communication Systems	3
ETC250*	Computer Technology Support II	3
COM105	Interpersonal Communications	3

Fourth Semester

ETC213*	Network Operating Systems II.	3
ETC241*	Computer Network Systems	3
ETC244*	Robotics Lab	2
ETC245*	Networking Applications Lab	1
PHI 110	Intro to Contemporary Ethics (H)	3
ECO 113	Principles of Macroeconomics (SS)	3

Total Credits **64**

Computer Technology Certificate

First Semester

ETC101*	Managing Desktop Applications.	1
ETC112*	Information Technology Fundamentals	3
ENG108	Technical Writing	3
MAT114	Technical Math I	3

Second Semester

ETC110*	Computer Technology Support I.	3
ETC241*	Computer Network Systems	3
ETC245*	Networking Applications Lab	1

Third Semester

ETC250*	Computer Technology Support II.	3
ETC212*	Network Operating Systems I	3

Fourth Semester

ETC213*	Network Operating Systems II.	3
---------	-------------------------------	---

Total Credits **26**

CRITERIA FOR GRADUATION

Students must successfully complete the required 64 credits in the AECT or 60 in the AET program. Students must successfully complete the required 26 credits in the computer certificate program and achieve a minimum grade of "C" in all core courses (*). Students must attain a final GPA of 2.0 or higher. (GE,H,SS) Suggested Electives. Please contact your advisor for more information.

APPLIED ELECTRONICS AND COMPUTER TECHNOLOGY APPLIED ENGINEERING TECHNOLOGY

Associate in Applied Science Degrees, Certificate

DESCRIPTION

The AECT program integrates theory and applications through a lab-intensive, project-based curriculum which emphasizes critical thinking, troubleshooting, and problem-solving techniques. The program is well-equipped, employing the latest in electronic test and measure equipment, computers, network servers, and computer network systems.

Upon successful completion of the AECT program, students can directly enter the workforce, or transfer into a bachelor's degree in electrical or computer engineering, computer science, computer information systems, or computer network security.

EDUCATIONAL OUTCOMES

Upon Successful Completion of the AECT program, each graduate will be expected to:

- Employ critical thinking and problem-solving skills as expected in a professional work environment.
- Communicate effectively and possess the interpersonal skills necessary for success.
- Practice technical, analytical, and professional skills in a conscientious, responsible, and accountable manner.
- Recognize the need for continued professional development in the pursuit of industry certifications or continuing education towards a bachelor's degree in a technical area of interest.

PROFESSIONAL CERTIFICATIONS

Each AECT student is prepared for, and required to take each of the following nationally recognized professional certification exams:

1. ETA Certified Electronics Technician
2. CompTIA IT Fundamentals (ITF+)
3. CompTIA A+
4. CompTIA Network+
5. TestOut Office Pro, Performance Certification
6. TestOut IT Fundamentals Pro, Performance Certification
7. TestOut PC Pro, Performance Certification
8. TestOut Network Pro, Performance Certification
9. TestOut Server Pro, Performance Certification

COLLEGE ADMISSION

General admission requirements are as follows:

1. Official high school transcript, HiSET or GED scores.
2. Applicants who are homeschooled are required to submit an official copy of their transcript signed by the School Administrator.
3. Acceptable scores in Reading, Sentence Skills, and Numerical Math on Accuplacer. Applicants may be required to complete development coursework prior to enrollment in college level courses. Scores are noted on the General Admission section on [page 33](#).
4. Accepted students must attend the Accepted Student event prior to the start of the semester.
