**Note:**

1. For all GeoVision products that support live view through Web browsers, you must run the Web browser as administrator in order to use the **snapshot** function. (Right-click browser > select **Run as administrator**).
2. The alarm speaker function is not supported.
3. Remote playback functions are not supported.
4. Live view functions are not supported.
5. GV-PCR310 functions are not supported in GV-ASWeb.
