

# Compare and Contrast Photosynthesis and Cellular Respiration!

You will create a double bubble (NOT A VENN DIAGRAM) to compare and contrast these 2 items.

## Required elements:

\_\_\_\_\_ At Least 4 similarities (2 points each)

\_\_\_\_\_ At least 6 differences, for 12 total they must match up in location (1 point each, 12 points)

\_\_\_\_\_ Color Frame with Question and Answer (7 points for green, 10 points for red)

\_\_\_\_\_ At least 3 colors (10 points)

\_\_\_\_\_ At least 2 pictures (5 points each)

\_\_\_\_\_ Neat and easy to read (10 points)

\_\_\_\_\_ Paragraph comparing and contrasting PS & CR stapled to back (20 points)

\_\_\_\_\_ 75 points

**You may work with a partner or alone. No more than 2 people in a group.**

The paragraph should have an introductory sentence, at least 2 similarities and 3 differences of the 2 processes.

This grading sheet will also be stapled on the back of the poster.

\_\_\_\_\_ Name(s)
