

How SELL at the Internet Auction

The Internet Auction for Sport Horses and Ponies

A Flashpoint Bloodstock, LLC Auction

www.spoorthorseauctions.com

866-652-7789

Just like our live auctions, we do the marketing and promotion, handle the paperwork and handle the transaction. The bidding is done completely online during a specified time frame. Your horse(s) stay at home and are presented to potential buyers on their online catalog page. We will guide you in providing the information, photos and videos that will encourage buyers to bid on your horse.

We ask our sellers to provide more information than you will find on any other Internet horse marketing site. In addition to more initial information, prospective buyers will have time to inspect horses, perform pre-purchase veterinary exams and correspond with Sellers.

Enter your horse or pony

- Enter online using the convenient ONLINE ENTRY FORM that is available by clicking on the "Click Here to Enter Online" button on this page. A new window will open that contains the Online Entry Form.
- Fill in the information on your entry.
- Be sure to accurately and honestly describe your entry.

Photos & Videos

Good Photos & Videos are the most important thing you can do to sell your horse or pony. We will guide you in providing the information, photos and videos that will encourage buyers to bid on your horse. A good place to start is to download the articles **Take Photos that SELL** and **Shoot Videos that SELL** from spoorthorseauctions.com.

Horses/Ponies may not be posted to the Online Catalog without sufficient photos and/or videos.

Your success...

depends on the quality of the videos and photos that you provide.

Health Papers

Coggins Report within 6 Months is required: Any horses going to Florida or Canada need a Coggins with 6 months of the date they enter their jurisdiction. We will sell horses on a 12 months coggins but this will be noted on the catalog page.

Interstate Health Certificate: We don't require a Health Certificate. If the buyer needs one, we suggest that you help with the arrangements.

Pre-Sale Equine Physical Examination: We strongly recommend this exam. It will give prospective buyers confidence in what they are bidding on. This exam will be available on the entry's online catalog page.

After you have entered your horse, send the original registration papers or passport to us along with signed transfer documentation.

SELLING OPTIONS:

This is where you set your minimum or reserve price IF you wish to establish one. Think carefully about this.

Ask yourself these questions:

- How long has this horse been for sale?
- Have I had any interest at the listed price?
- How much does it cost me to keep this horse every month?
- What is my plan if I don't sell it in this online auction?
- How much will I spend to keep this horse until I get another offer?

Chose from this list of options. Your choice will appear on the online catalog.

- Sell with NO RESERVE or Minimum Price: Will sell to the highest bidder at any bid at or above the auction minimum price of \$500.
- Sell at or above a Minimum Starting Bid: Will sell to the highest bidder that meets or bids higher than any minimum opening bid. This works best IF the opening bid you set looks like a real bargain.
- Sell with an undisclosed Minimum Price: Minimum Price not posted. The Seller determines the lowest bid that will be accepted. The bid can be placed in the EDJE system, which will automatically place bids for the seller until the reserve bid is reached. If the final bid in the auction is below the reserve bid, the horse is not sold and is retained by the seller.
- Sell Subject to Seller Confirmation: Seller will have 24 hours to confirm and accept the final price following the close of the auction to decide to accept the final bid in the auction. If the seller does not respond the horse will NOT be sold.

Once your horse is sold.

- **The Seller will keep the horse free for 5 days following the close of the auction.** After 5 days the buyer is responsible for board.
- **The Buyer is responsible for shipping.**
- **We will send you and the buyer a buyer confirmation form so you know that the horse has been paid for.**
The buyer's shipper will have that form to insure that they are authorized to pick up the horse. Give the shipper the coggins.
- **We send out sale proceeds 10 – 15 business days following the close of the auction.**

What does it cost?

- The Entry Fee is \$159 per entry.
- Commission is 8% if your entry sells.
- If your entry does not sell, you pay the entry fee only.
