THE FAMOUS GILSEY HOUSE A POOL ROOM

The Once Great Broadway Hostelery is Raided by the Police and Thirty-Five Men Are Arrested.

New York, Feb. 12.—Thirty-two men were placed under arrest in a third floor apartment in the Gilsey House, at 29th street and Broadway, last night as the result of complaints that a pool room was conducted there. The Gilsey House was once famous as one of the greatest hosteleries along Broadway. Detectives searched the rooms and found a number of racing charts on a western track. The prisoners, were were a particularly well dressed lot, were held in \$500 bail.

Years ago the Gilsey House was the headquarters for a number of prominent men who called themselves the "old guard." The hotel was opened in 1871 and was the first fire-proof hotel erected in the city. President Arthur made his headquarters there when in the city, and Cornelius Vanderbilt, the elder Jay Gould and other Wall street men of a generation ago often held conferences there. The Independence League once had headquarters in the house.

Special to The Journal. Laurel Hill, Feb. 12.—Every home in our town was made sad yesterday by the announcement of the death of Mrs. Bud Gordon, who had been confined to her room only a few days. At six o'clock yesterday morning the telephones were kept busy until every home in town had been advised of the sad fact. Mrs. Gordon was the daughter of the well known John Summerlin, who resides about five miles southwest of town.

Mrs. Gordon is survived by a husband and two little children, both of whom are girls, and a host of warm friends to mourn her loss. She was a devoted member of the Baptist church, and will be missed, not only in her home and community, socially, but her vacant seat in the church and her stilled voice in the choir. Her remains were carried to the family cemetery early today and the funeral services conducted by Rev. Wiley F. Martin, her pastor.

The little ten year old boy of Mr. and Mrs. Dauphin, of Lockhart, who was instantly killed by the switch engine Tuesday morning, was buried in the city cemetery yesterday. Services were conducted at the grave by Rev. Wiley F. Martin.

Supt. D. N. Troutman was here yesterday looking after the interests of our school. We were favorably impressed with the interest Mr. Troutman manifested in the schools of Walton.

Ralph Horn and mother, of Goshen, Ala., were in Laurel Hill a part of this week visiting the family of Geo. W. Felmar, Mrs. Felmar and Mrs. Horn being sisters. They were favorably impressed with the prospects of our town.

Miss Bena Stokes, and Miss Minnie Winslow, of Opp, Ala., were pleasant visitors to Laurel Hill the past week. Come again, girls.

The district Sacred Harp Singing society will meet in our town tomorrow, and will conduct two days of singing. Walker Brothers will conduct the music, assisted by Jim Lard and others.

J. L. Richbourg, our efficient postmaster, left today for Delray, where he will visit his daughter, Mrs. J. M. Martin.

Chas. F. Steward, of Pensacola, one of The Journal's traveling representatives, is in town in the interest of the popular paper.

RESOLUTION APPROVED.

Washington, Feb. 12.—Assistant Secretary to the President Forester today received a dispatch from President Roosevelt approving the resolution passed by congress yesterday making today a legal holiday in the District of Columbia and the territories of the United States. The dispatch was in reply to a message containing the resolution agreed to by the two houses. It was sent from Denison, Ohio, and simply contained the statement that the president approved the recommendation.

WANT SESSION DELAYED.

Washington, Feb. 12.—Some members of the house are urging that President-elect Taft should not call the special session of congress for the consideration of the tariff to meet until March 15. Some of the members want to take their families to some of the famous Southern resorts to recuperate from the effects of the present strenuous session.

KING AND QUEEN LEAVE.

Berlin, Feb. 12.—King Edward and Queen Alexandra left here for London at 5 o'clock this afternoon after a visit of four days in the German capital. They were accompanied to the railroad station by the emperor and the empress and their military suites and Prince Henry of Prussia. The leave-taking was affectionate, his majesty kissing the emperor three times on the cheek.

Just the Opposite. The motorist came out of the garage all bedecked in bearskin and goggles. "I'm out for a fast spin," he remarked as he pulled on his gloves. "They say a speed of seventy miles an hour is a tonic for the nerves when they are run down."

"I haven't noticed it," said the stranger who was passing. "That's queer. And you own a car?"

"No, I'm a pedestrian."

Not a Competitor. He (at the reception)—Don't you think that young lady standing near the piano is a beauty? She (coldly)—Oh, I don't know. Do you know her?

He—Yes; she is Mrs. Merwin—a bride of a week.

She (sweetly)—Ah! now that I see her from another point of view, she is beautiful.

The Teyland Duel. "Such tragic days in teyland," said Buster on parade, "The Teddy Bear! The Teddy Bear's afraid his star will fade; Bill Possum is his rival, last week he did arrive; Today they fight a duel to see who shall survive."

DONNA CHRISTINA WILL NOT HAVE TO BE DOCKED. One of the owners of the American schooner Donna Christina, Capt. McIntyre, which returned to port Thursday night about 7 o'clock, in distress, stated yesterday that the damages received by the vessel in the gale which she encountered in the gulf several days ago en route to Belize, with a cargo of lumber, can be repaired without putting the vessel in dry dock. He also said that while the schooner was leaking, there was nowhere near three feet of water in her hold. Her fresh water tank was not bursted, he said; neither was her provisions damaged by the stream. She is still anchored in the stream.
