Helpful to Know

- Be sure to indicate below how to allocate contributions for each plan participant to the applicable contribution sources: Employee 401(k) and/or Employer Profit Sharing Contributions.
- If we are unable to allocate contributions to the sources indicated, we will deposit them as Employer Profit Sharing Contributions, and will then contact you on how to resolve them.
- **Note:** It is your responsibility to separately account for each of the two different contribution types to ensure that applicable annual limits are not exceeded. Refer to Fidelity.com/smallbusiness for applicable limits.
- Contributions will be deposited in each participant's core account. Participants can place a trade in their account by going to Fidelity.com or by calling Fidelity.
- Please keep a copy of your completed contribution remittance form for your records.
