*Federal agencies, state agencies, university departments, and public education institutions may purchase property as soon as it is displayed in the University Surplus and Salvage (Surplus) warehouse. The public, university employees and students are welcome to purchase property beginning on the public sale date or public date listed on property for sale. Most property has a fifteen day government surplus cycle. The "Public Date" column in this document is the estimated date (computer generated) on which the public may purchase the property listed above. The actual public sale date is on the price stickers of property for sale at the University Surplus and Salvage Department. There are times when the actual public sale date on a price sticker and the "public date" in this document vary. Please contact Surplus to verify the actual "public date" of an item for sale. The government surplus cycle is estimated to have expired if there is no date in the "Public Date" column.

When an item becomes available for sale to the public, if only one person is present (lined up at the public entrance door) for the item when the doors open for business, it will be sold at its marked price. If two or more people are present (lined up at the public entrance door) when the doors open for business, the item will be auctioned to the highest bidder with the price marked as the minimum acceptable bid. When an item is to be auctioned to the highest bidder, customers, arriving after the doors open for business, on the public sale date, will not be allowed to participate in the auction. The item is reserved for those present (lined up at the public entrance door) when the doors open for business. If no one is present (lined up at the public entrance door) when the doors open for business, the item will be sold on a "first come, first serve" basis. If the Public Sale Date is marked for a date the University Surplus and Salvage Department is closed, the Public Sale Date becomes the next open business day. Bid items will have a bid document explaining the terms and conditions for those items.

Surplus reserves the right to waive, extend, change or restart the government surplus cycle on property placed for sale by Surplus. If property is dated to a shorter or longer government surplus cycle, the official "public date" or "public sale date" is on the price sticker. Some items listed above may be sold through an online auction site or through a bid process and are not available for purchase on the "Public Date" above. Items marked bid and property listed for sale online are available through the terms and conditions posted for those items. Property may be removed from sale without notice. Prices of property for sale may change without notice. Property may be placed for bid or auction without notice. The "Public Date" or "Public Sale Date" may change on property for sale without notice.

Prices and availability of surplus property subject to verification and change without notice.
