

Cuyahoga Community College (Tri-C®) offers more than 30 world-class health career programs and ranks 10th in the nation in conferring associate degrees in health professions and related sciences. Options range from short-term certificates to two-year associate degrees, including post-degree professional certificates for health professionals.

Whether you want to work with people or technology, on the front lines or in a supportive role, Tri-C has a health career program for you.

- + Join an in-demand, growing career field
- + Do work that interests you
- + Earn a competitive salary
- + Have a clear path to career advancement
- + Make a difference in people's lives

Health Careers APPLICATION PROCESS ROADMAP

01
STEP

Apply to Tri-C

- Go to www.tri-c.edu/apply to identify your steps to apply.
- Attend New Student Orientation and participate in Tri-C's First Year Experience (if applicable)
- Register for classes.

02
STEP

Health Career Exploration

- Explore the list of health career programs and related information at www.tri-c.edu/healthcareers.
- Check program specific admission requirements, program status, program sequence, and complete MyPlan.

03
STEP

Develop a Health Career Program Admissions Plan

- Meet with a Tri-C academic counselor to develop a plan for completion of program prerequisites.
- Complete clinical observation hours or volunteer experience and program prerequisites as required by the program.

04
STEP

Apply to Your Program of Interest

- Submit a Health Careers Program application and any other required paperwork to the Metro Health Careers Enrollment Center (MHCS 118).

Please note: The health careers programs have a selective admission process and separate applications and requirements. Admission to Tri-C does not guarantee admission to a health career program.

05
STEP

Program "On-Boarding"

- Acceptance letters will be sent to accepted students.
- Check your e-mail regularly for updates on your program admission.
- Mail "letter of intent" to secure your position to your program manager.
- Complete criminal background check (BCI) within six months of entering the program*
- Attend the mandatory program orientation session.
- Notify program manager in writing, if your plans to enroll change prior to start date.

Details about the process can be found at <http://www.tri-c.edu/BCI>

It is important that you keep and maintain this document through the On-Boarding process.

Health Careers

DIAGNOSTIC CARE PROGRAMS

Careers in diagnostic care involve day-to-day direct patient interaction combined with the use of sophisticated technology to aid in the diagnosis of injury and disease.

Program	Associate of Applied Science Degree	Short-Term Certificate	One-Year Certificate of Proficiency	Post-Degree Professional Certificate	Campus	Advanced Science Courses Required	Website
Diagnostic Medical Sonography	+				W	+	tri-c.edu/sonography
Electroneurodiagnostic Technology	+				W	+	tri-c.edu/end
Mammography				+	W	+	tri-c.edu/mammography
Medical Laboratory Technology	+				M	+	tri-c.edu/mediab
Nuclear Medicine	+				W	+	tri-c.edu/nuclearmed
Radiography	+				W	+	tri-c.edu/radiography

SUPPORT CARE PROGRAMS

Support care programs involve assisting patients or medical professionals in specific areas, typically with less hands-on direct patient care. Careers fall into nearly all health care sectors, including hospitals, long-term care, ambulatory health care, physician practices, home care and community services.

Program	Associate of Applied Science Degree	Short-Term Certificate	One-Year Certificate of Proficiency	Post-Degree Professional Certificate	Campus	Advanced Science Courses Required	Website
Cancer Registrar				+	M		tri-c.edu/cancer-registrar

Sterile Processing and Distribution Technology*			+		M		tri-c.edu/sterile
Surgical Technology	+				M	+	tri-c.edu/surgicaltech

DIRECT PATIENT CARE PROGRAMS

Direct patient care careers are ideal for individuals who enjoy working directly with patients and providing face-to-face, hands-on care with a high level of patient interaction. Job opportunities in this health care sector include home health, nursing, rehabilitation, therapy, care management, emergency services and more.

Program	Associate of Applied Science Degree	Short-Term Certificate	One-Year Certificate of Proficiency	Post-Degree Professional Certificate	Campus	Advanced Science Courses Required	Website
Advanced Massage Therapy		+			E		tri-c.edu/massageadvancedcert

*For important information about the educational debt, earnings, and completion rates of students who attended this program, please view the disclosure for this program at tri-c.edu/gainfulemployment.

STEPS TO ENROLL:

- 1. Visit tri-c.edu/healthcareers** to research programs that interest you.
- 2. Review the admission requirements and prerequisites** for your program(s) of interest. Health careers are requirement-based programs with specific requirements that must be met prior to admission. Completion of a criminal background check is also required following program orientation. Information on course offerings, accreditation, policies, costs and more is available on specific program webpages.

- 3. Apply to Tri-C** and work with your academic counselor to create an academic plan to complete program prerequisites. A separate application for your program of choice is required. Be sure to complete all required paperwork and requirements for program admission in addition to the application for Tri-C.

- 4. Call 216-987-4247** to schedule an appointment with Health Careers Enrollment Center staff, who will answer your questions and guide you through the enrollment process.
