Historical Performance (%)

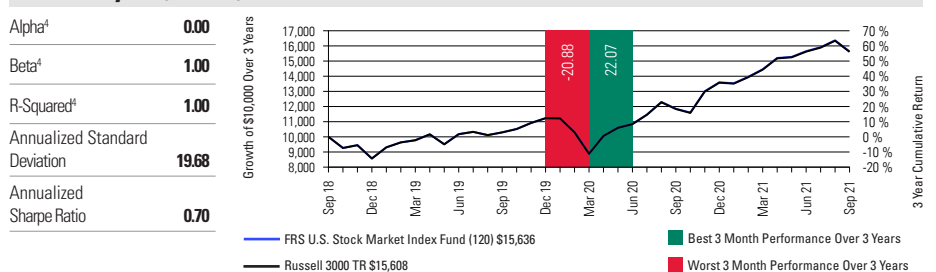

²Calculated against universe of funds in the Multi-Cap Core Funds classification.

The Historical Performance section shows the funds' historical performance. Past performance is not indicative of future results. Investment return and value of shares will fluctuate. Upon redemption, shares may be worth more or less than their original cost. The current performance may be higher or lower than the quoted performance. Numeric Rankings for the fund is based on Total Return Performance and represents the numeric position achieved by the fund within its Lipper classification universe for that time period.

³The Russell 3000 Index measures the performance of the largest 3000 U.S. companies representing approximately 98% of the investable U.S. equity market. An investor cannot invest directly in an index.
