Kids content is on the rise on Netflix, and the latest additions include seven new original series, aimed predominantly at teens and “twens,” including animated as well as action comedies. The first two new series build on Netflix’s partnership with LEGO, with new stories from the Bionicle and Friends franchises. LEGO Bionicle: The Journey to One, will feature the brand’s line of buildable action figures as they navigate the mythical island of Okoto. The evil Makuta is trying to cast the world into darkness, so six heroes, the Toa, are called upon to help save the island. The first season will include four episodes, to be released in the first quarter of 2016. Related: Hotel Transylvania 2 sets a new record on its way to becoming the weekend’s biggest movie. LEGO Friends: The Power of Friendship (second quarter of 2016) will feature characters for that line of construction toys. Kids will be able to tag along with five best friends, Stephanie, Emma, Olivia, Mia, and Andrea, as they partake in adventures in their hometown of Heartlake City; from summer camp to basketball, saving their webcast, or helping other friends. This show will also debut with four episodes. Buddy Thunderstock (2017, 12 episodes) is a stop-motion action comedy from American Greetings Entertainment with Stoopid Buddy Stoodios that follows the adventures of a semi-truck racing dog named Buddy and his albino ferret mechanic. Think of it as dog meets race car, as the pair speeds around in the Greasepit. As the first original animated series produced in Latin America, Las Leyendas (The Legends) is based on a successful trilogy of children’s films from the Mexican animation studio, Anima Estudios. Scheduled for a 2017 release with 13 episodes in season one, the show is set in the 1800s, where teenager Leo San Juan tries to deal with his ability to communicate with ghosts and monsters. The story involves another dimension, a group of misfits, and a magic ship as the boy travels through time to help fight off evil forces. Dawn of the Croods is a new original family sitcom based on DreamWorks Animations characters, the Croods. Set to debut this Christmas Eve (December 24), it will see the return of Eep, Grug, Thunk, Ugga, Sandy and Gran as they encounter various “firsts” in the world, from schools to slumber parties, hiccup, and elections. This show will be available in all Netflix territories except Germany and Japan. Glitter Force (December 18, 2015) from Saban Brands is an anime-inspired show that takes place in the magical kingdom of Jubiland, which is being invaded by an evil emperor and his band of fairytale villains. But when Candy, a tiny pixie, recruits five “ween” girls to form the Glitter Force, the emperor may just have met his match. All territories except Asia will get the 20 episodes of this show’s first season. Temple Street Productions is offering Lost & Found Music Studios (Q1 2016), a series about a group of talented teenage musicians who struggle to find their authentic sound, and work to craft their music in a prestigious studio. How do they find love, inspiration, and redemption, as well as navigate the murky waters of the music industry? It will debut outside of Canada, the U.K., and Ireland with 26 half-hour episodes. All seven of these shows, once available, will be accessible through Netflix’s dedicated section for kids, and accessible on all devices through which Netflix can be watched. Parents can set up specific profiles for their kids, restricting adult content, but passing through kid-friendly shows. According to Andy Yeatman, Director of Global Kids Content for Netflix, about half of Netflix’s 65 million members from around the world regularly watch kids content. No wonder the streaming site is leaning in on fresh content for the youngsters. In addition to the list of what’s new on Netflix for June 2021, we’ve also got a list of what’s leaving Netflix this month.Arrives on Netflix June 11 France’s most wanted (and dashing) gentleman thief returns in Lupin part 2 for five episodes that follow up on the first half of the season. In his quest to avenge his late father, Assane Diop (Omar Sy) draws inspiration from the character Arsène Lupin, a master thief created by author Maurice Leblanc in his turn-of-the-century novels. Assane faces his greatest challenge yet when his son Raoul is kidnapped by Hubert Pellegrini, the powerful and wealthy businessman who was responsible for his father’s downfall.Too Hot to Handle season 2Arrives on Netflix June 23 The steamy reality series is back, with 10 extremely attractive new singles who live together under strict rules: no kissing, no heavy petting and no self-gratification. Any violations dock the \$100,000 prize. When Too Hot to Handle premiered last year, we were skeptical. But the cast turned out to be very watchable (and one of them, Chloe, migrated to The Circle), so it should be interesting to see a bunch of new hotties try to keep their libidos under control.Arrives on Netflix June 25 Liam Neeson is deploying his very particular set of skills once again, this time on the dangerous, slick, icy roads of Canada. If you’ve ever seen the reality show Ice Road Truckers, well, this is that but turned into a fictional movie and with even more thrills. Neeson plays an big rig driver who leads a rescue mission after a remote mine collapses. As he contends with a massive storm, he soon realizes there’s an even bigger threat lurking out in the cold.Our top selections are in bold, and we’ve got quotes from Netflix to help explain its latest originals that you might not know about.New on Netflix May 20Special: Season 2 (Netflix Original) “Now semi-estranged from his mother, Ryan continues exploring the world on his own, with all the complex ups and downs life and love have to offer.”Hating Peter TatchellSpy Kids: All the Time in the WorldNew on Netflix May 21Army of the Dead (Netflix Film) “After a zombie outbreak in Las Vegas, a group of mercenaries takes the ultimate gamble by venturing into the quarantine zone for the greatest heist ever.”Jurassic World Camp Cretaceous: Season 3 (Netflix Family) “The teen campers on Isla Nublar return for another season of working together to escape from the island of free-roaming dinosaurs.”The Neighbor: Season 2 (Netflix Original)New on Netflix May 22Sam Smith: Love Goes - Live At Abbey Road StudiosNew on Netflix May 23Master of None: Moments in Love (Netflix Original)New on Netflix May 25New on Netflix May 26High on the Hog: How African American Cuisine Transformed America (Netflix Film) “Food writer Stephen Satterfield embarks on a vibrant and powerful culinary journey that celebrates the courage, artistry, and resourcefulness of the African American people.”Baggio: The Divine Ponytail (Netflix Film)Nail Bomber: Manhunt (Netflix Documentary)New on Netflix May 27Black Space (Netflix Original) “A rogue detective with unorthodox means leads an investigation into a massacre committed by unicorn mask-wearing assassins at an Israeli high school.”Blue Miracle (Netflix Film) “The incredible true story of Casa Hogar, the Mexican boys home that entered the world’s biggest fishing tournament to save their orphanage.”Eden (Netflix Anime) Soy Rada: Serendipity (Netflix Comedy Special)New on Netflix May 28Dog Gone Trouble (Netflix Family) “The privileged existence of a pampered pooch named Trouble is turned upside down when he gets lost and must learn to survive on a difficult loss, a daunting financial obligation, an important reunion and a major career boost.”New on Netflix May 31Dirty John: The Betty Broderick StoryThe Parisian Agency: Exclusive Properties (Netflix Original) New on Netflix: Coming soon in JuneAli & Ratu Ratu Queens (Netflix Film)Jival (Netflix Series)Ray (Netflix Series)Record of Ragnarok (Netflix Anime)So Not Worth It (Netflix Series)New on Netflix June 1Super Monsters: Once Upon a Rhyme (Netflix Family) “From Goldilocks to Hansel and Gretel, the Super Monsters reimagine classic fairy tales and favorite nursery rhymes with a musical, magical spin!”AbductionAmerican OutlawsBad TeacherBlack Holes | The Edge of All We KnowCoComelon: A Sunny Day for PlayCradle 2 the GraveFlippedFools Rush InHappy Endings: Season 1Happy Endings: Season 2Happy Endings: Season 3Am SamLove JonesMillion Dollar BabyNinja AssassinSeven Souls in the Skull Castle: Season Moon JogenSeven Souls in the Skull Castle: Season Moon KagenStand by MeStarky & HutchStreets of FireSwordfishThe Adventures of Sonic the Hedgehog: Season 1The Best ManThe Big LebowskiThe Wedding GuestThe WindWhat Women WantNew on Netflix June 22 HeartsAlone: Season 7Carnaval (Netflix Film)Kim’s Convenience: Season 5New on Netflix June 3Alan Saldaña: Locked Up (Netflix Comedy Special)Creator’s File: GOLD (Netflix Series) Dancing Queens (Netflix Film)Pretty Guardian Sailor Moon Eternal The Movie: Part 1 / Part 2 (Netflix Film) Summertime: Season 2 (Netflix Series)New on Netflix June 4Breaking Boundaries: The Science of Our Planet (Netflix Documentary) “Breaking Boundaries follows the scientific journey of world-renowned scientist Professor Johan Rockström.
