Beginning March 1, 2021, PSI will begin to offer the Barber written examinations online. This new online testing platform utilizes an environment that has a remote proctor using secure technology to observe the test taker using their own desktop, webcam video, and audio to confirm their identity. This allows the candidate to complete the required licensing examination in a controlled environment.

TDLR & PSI have been working diligently to provide a viable alternative method to in-person testing. In addition to the online examination option, PSI will continue to offer the traditional written examination at their 22 exam sites across Texas.

By providing the option to take your written examination at one of our 22 exam sites or utilizing the new online examination platform, we are confident that it will provide some relief of the limited availability, making it faster and more convenient to meet our candidates needs to obtain a license from TDLR.

NOTE: candidates will test individually in a private room. GROUP TESTING IS NOT ALLOWED.
