(1) APY = Annual Percentage Yield.

(2) Minimum Daily Balance required to earn the stated APY. In a low interest rate environment, a larger balance is required to earn dividends.

(3) All dividends are compounded daily and credited monthly and at maturity. Certificate accounts closed before maturity are subject to penalties as shown in the Certificate Account Agreement and Disclosure Statement. APYs assume dividends remain on deposit until maturity. All rates subject to change without notice.

(4) After the age requirement expires or if the account is changed back to receiving paper statements all funds and dividends will be transferred to the S1 account. Youth Account is not available on custodial or Coogan accounts. One account per member.

(5) A one-time additional deposit can be made to the regular 6 to 12 month Certificate Accounts, only in an amount no greater than the original deposit.

Dividends are paid from current income and available earnings, after the required transfer to reserves at the end of a dividend period. Fees or other conditions could reduce earnings on any of the listed accounts. Please refer to F&A's Account Agreement and Truth-in-Savings Disclosure for specific details about any account.
