### FLEXIBLE MOUNTING OPTIONS

Concelo has been designed with flexible mounting options to give complete design freedom. The frame of the bin can be fixed into the top or the side of the cabinet, or both for ultimate strength.

### BENCH HEIGHT INSTALLATION

Concelo's flexible mounting options allow it to be installed at bench height. This is the optimal height for cleaning waste directly off a bench top - no bending into awkward under sink cupboards required.

### ACCESS TO REAR BUCKET

Over extension runners mean the rear bucket can be easily removed independently of the front bucket - while still clearing the overhang of the bench top (up to 35 mm).
