Downloading and Installing Design Space.

Design Space can be installed on your Windows or Mac computer or on your iOS or Android device. Here are the minimum recommended system requirements.

Important: an internet connection is required to download and sign in to this application.

To download, install and launch Design Space for Desktop for your Windows computer:

Open an internet browser and go to [design.cricut.com](https://design.cricut.com).

Things to know:

The app remembers your sign-in. You won't have to sign in each time you launch unless you signed out of the last session. The app does not auto-save. Save your projects frequently as you design and before you quit the application.

Cricut Design Space may be used on your compatible iOS device as an app rather than through the internet browser on your device. To download the Design Space iOS app, follow the steps below.

Tap on the App Store icon on your iOS device home screen to open the App Store.

Cricut Design Space may be used on your Android device as an app rather than through the internet browser on your device. To download the Cricut Design Space for Android, follow the steps below.

Tap on the Google Play Store icon on your device home screen to open the Play Store.

Uninstalling Cricut Design Space.

If you'd like to uninstall Design Space from your computer or mobile device for troubleshooting purposes or permanently, please follow the steps below:

Ensure that Design Space for Desktop is closed. If the application is not closed it will not uninstall properly. Select the Start icon in the lower left corner of the screen and search Programs . Select the option to Add or remove programs . This will open the Apps & features window.

Note: There may be slight variations depending on your version of Windows. Visit [windows.microsoft.com](http://windows.microsoft.com) for more information.

Open the Finder and select Applications. Locate the Cricut Design Space application.

Press and hold the Design Space icon till it vibrates. Then press the "x" to delete the App from your iOS device.

Important : If you have downloaded images, fonts, or saved projects to your device instead of to the Cricut Cloud, uninstalling the app will also delete those things. Offload the app instead to preserve your downloaded content and projects saved to the device.

Open the Settings app. Tap "Apps" or "Applications." Swipe to the "Downloads" tab or tap "Application Manager." Locate the app you wish to uninstall and tap on it. Tap the "Uninstall" button.

Tip: Once programs are uninstalled from the computer, it is recommended that you restart the computer before reinstalling programs.
