Eligible students are required to maintain a 3.5 undergraduate GPA and complete the following pre-requisite courses: AC 200, AC 201, AC 300, AC 304, AC 310, AC 401, AC 402, AC 423, and AC 430.

Uniform CPA Examination

Eligibility requirements for sitting for the Uniform CPA examination vary among the states and territories. For detailed information about these requirements, please contact the National Association of State Boards of Accountancy (NASBA) at <https://nasba.org/stateboards/>. The state of Alabama, through its Accountancy Laws and the Alabama State Board of Public Accountancy (ASBPA, www.asbpa.alabama.gov/), requires that applicants for the Uniform CPA Examination hold a baccalaureate degree from an accredited institution and possess a total of 120 semester hours of postsecondary education, including at least 24 semester hours of accounting in specified areas at the upper-division or graduate level. The UAB **120-hour** undergraduate accounting program does not provide all of the classes needed for a 150 hour CPA licensure in Alabama. The M.Ac. combined with either the **24-hour** bridge (outlined under Admission Requirements) or an undergraduate program will provide the necessary hours.

Other Professional Accounting Certifications

Other examinations leading to professional certification (CMA, CIA, CFE, CISA, etc.) generally do not require academic course work beyond the baccalaureate degree. Students interested in other accounting certifications should contact any member of the accounting faculty for further information.
