Please remember there's always the potential of losing money when investing in securities.

¹ Applicable taxable filing and fund-specific short-term redemption fees may apply. In addition to receiving dealer concessions and asset-based sales charges and/or services fees in connection with clients' purchasing and holding mutual fund shares, Merrill Lynch and its affiliates provide other services for which they may receive additional compensation from funds or their affiliates. This compensation is generally disclosed in a fund's prospectus and, if available, the summary prospectuses, statement of additional information or website. While no-load funds do not assess front-end sales charges, fund shares are subject to management fees and certain other expenses. Redemption fees may also apply.

Investors should carefully consider a fund's investment objectives, risks, charges and expenses before investing. This and other important information is included in the fund's prospectus and, if available, the summary prospectus, which should be read carefully before investing. You can review fund prospectuses and, if available, the summary prospectuses, on merrilledge.com or request one by calling the Investment Center at 1.877.653.4732.

MLPF&S offers its products, accounts and services through different service models (for example, self-directed and full-service advice). Based on the service model, the same or similar products, accounts and services may vary in their price or fee charged to a client.
