

you'll be taxed and you'll reduce the tax-free amount available at retirement considerably. Retirement money should be for retirement only. If you don't preserve your retirement money, you're back to square one. You lose not only the money, but also the time you've had, and the power of compounding – the magic of growth on the growth of your capital. Rather congratulate yourself for your perseverance up to now, and keep the money safely invested.

Making sure you have enough money for your retirement is part of your journey to success. We know 'enough' is unique for everyone – whether you plan to relax on the stoep, travel, start a new venture or have time with your grandchildren.

With us, investing is personal

When it's personal, it really matters - you give it your best to make sure you are successful.

We understand everyone is different and to you, your investment isn't just another investment. You don't invest for the sake of investing. You invest to make your dreams and aspirations come to life.

With us, investing is personal. From how our experts push the boundaries to create innovative and tailored solutions that can help you achieve your goals on your investment journey, to how we act as the guardians of your legacy, it's personal. It's your personal investment, with the unstoppable force of momentum.

How can the Retirement Preservation Option help you?

It helps you to keep your retirement savings on track. What does it cost?

- Most investments typically have the following fees:
 - An investment management fee for the management of the funds you choose.
 - An administration fee to cover the cost of administering your investment.
 - An adviser fee for the advice and services you get from your financial adviser.
- Once you apply for a Retirement Preservation Option, your quote will set out the fees.
- Each minimum disclosure document (fund fact sheet) sets out the investment management fee for that fund. <u>Get</u> the latest ones.
