

## Sports Scramble

Whether you like water sports, air sports, ball sports or just about any other kind, we probably have a clue for you! Simply unscramble the name of the sport for each clue and write it in the diagram. Note that some answers are spelled with two words, and one is hyphenated. In the crossword diagram, however, there are no spaces or hyphens. If the answer to a clue was tee-ball, for example, you would write TEEBALL in the puzzle.

## Across

---
