Urgent Care Centers

(Listed alphabetically by county. Specialties are listed alphabetically under each county.)

At times you may need health care at night or on weekends. You might need to go to an Urgent Care Center. "Urgent care" is care that is important, but not life-threatening. Urgent care health problems are usually marked by rapid start of constant or unusual pain linked to an illness. If you need urgent care, call your doctor or specialist. Many doctors' offices use an answering service after hours. When you call after normal office hours, be ready to explain your symptoms. Leave a number where the doctor can call you back.

Urgent care situations include:

- Hard time breathing
- Nose bleed that lasts for a long time
- Short-term high fever
- Cuts needing stitches

Retail Convenient Care Clinics

There are health clinics located in some pharmacies in Blue Network S. These clinics are quick and conveniently located, and they're less costly than other health care settings like a hospital ER.

These clinics are most often staffed by nurse practitioners and physicians' assistants. They give fast care for common ailments like sinus infections, or minor illnesses or injuries.

REMEMBER

A provider's status may change at any time. This list is as correct as possible at the time of printing.

Doctors join and drop from the network from time to time. Also, hospital-based doctors are not in this directory because of their internal non-credentialed status. Credentialing of hospital-based doctors is the duty of the facility in which they practice. Be sure to check to see if the doctors and facilities are still in the network when you call the office to get care.

To make sure a doctor or facility is in your Blue Network S:

- Call the Member Service number on your Member ID card. It is 1-800-558-6213.
- Go to our website at **bcbst.com/members/TN_state**. Log in to **BlueAccess** with your username and password. Select **Member Tools**, then click **Find a Doctor**. Enter your starting location and then the name of your provider. Click on your provider's name and review the **Networks Accepted** section on the left side of the screen to make sure they're in Blue Network S.
- Download the myBlue TN app on your smartphone from the Apple App Store or Google Play, then enter the information from your BlueCross Member ID card.

Physicians and Health Professionals

(Listed alphabetically by county. Specialties are listed alphabetically under each county.)

For ear and throat care, see Otolaryngology. For family doctor services, see General Practice, Family Practice and Internal Medicine.

In the directory, the doctor's area of specialty helps you pick the right doctor for you. However, BlueCross doesn't endorse a doctor's education, skill or experience in a special area of medical practice.

Network doctors have agreed to give patients services seven days a week, 24 hours a day. If you call the office and your doctor is out, he or she will have another doctor available to care for you.

Some doctors will have "extended hours available" listed after their names. This shows whose offices are open past normal business hours. Please check with the doctor's office for details.

REMEMBER

You can also visit your regular doctor or convenience clinic and present your medical card. Call the Member Service number on the back of your medical ID card to find a participating doctor or clinic. There is no copay.

Both options give you and your covered dependents covered vaccinations for free.

CVS Caremark

Visit a participating vaccine network pharmacy and present your Caremark prescription card. A complete vaccine network pharmacy list is available once you log in at info.caremark.com/stateoftn (look on the right side under the heading **Network Lists**). Alternatively, you may call 1-877-522-8679 and speak to a CVS Caremark representative who can direct you to a vaccine network pharmacy. Please note, this pharmacy list is different from the 30- and 90-day networks. Not all pharmacies participate in the vaccine network.

Immunizing Pharmacists

You have two network options for obtaining covered immunizations and vaccines:

- BlueCross BlueShield of Tennessee
- CVS Caremark

BlueCross BlueShield of Tennessee

BlueCross' Immunizing Pharmacists network includes pharmacists certified to give shots. These pharmacists will give the shot and send BlueCross the bill for the service.

To find an up-to-date listing of immunizing pharmacists in your Blue Network S:

- Call the Member Service number on your Member ID card. It is 1-800-558-6213.
- Go to our website at bcbst.com/members/TN_state. Log in to **BlueAccess** with your username and password. Select **Member Tools**, then click **Find a Doctor**. Enter your starting location and then the name of your provider. Click on your provider's name and review the **Networks Accepted** section on the left side of the screen to make sure they're in Blue Network S.
- Download the myBlue TN app on your smartphone from the Apple App Store or Google Play, then enter the information from your BlueCross Member ID card.
