

# THE YAKIMA HERALD.

VOL. XV.

NORTH YAKIMA, WASHINGTON, WEDNESDAY, NOVEMBER 4, 1903.

NO. 44

You cannot afford to waste your cream. You can save it all with

DeLaval Cream Separator

If you have three or more cows you can make no investment that will pay you better returns than a DeLaval separator. If you are not now using a separator you will find that a DeLaval will more than pay for itself in one year by saving in time and labor in handling your milk; by increased returns caused by your getting easily

25 Per Cent More Cream

than you can possibly get by any other method; by having your skim milk fresh and sweet to feed your stock.

If you are using a separator of any other make you will find still that a DeLaval will pay for itself over what you are now doing by saving from 5 to 10 per cent more cream; by skimming milk that will clog your separator; by ease of turning and cleaning; by freedom from repairs and durability. Will it not pay you to have the best? The DeLaval stands in a class by itself—at the top.

### W. H. MINNER KILLED CHAS. MEYERS FIRED SHOT

Well Known Ahtanum Rancher Slain as the Result of Quarrel.

The city was startled last Friday afternoon as a rumor of the killing of W. H. Minner at his farm six or eight miles up the Ahtanum, and the report was quickly authenticated by the appearance of Charles Meyers, who has been a tenant of Minner, at a surgeon's office to have a bullet extracted from his left arm, where it had been left from the discharge of a revolver. Meyers had come in to give himself up to the authorities, stating that he had been shot at by Minner several times and had finally killed his assailant. The sheriff and coroner at once repaired to the scene of the shooting, and the body of the dead man was removed to the city and prepared for burial, after the bullet which proved fatal had been extracted. The fatal bullet entered at the right side, ranged upward through the heart and lodged behind the left shoulder blade, making death practically instantaneous, though it is said Minner snapped his revolver at least once after being hit.

Bad blood had been brewing between the two men for several days, and culminated in the tragedy at noon Friday when Minner, it is stated, went to the house occupied by Meyers and a quarrel ensued over a dispute as to the tenant's duties.

The trouble, as near as can be ascertained, resulted over an order from Mr. Minner to Meyers to construct a fence on the place, Meyers claiming that the work was not in the contract. A couple of eye witnesses to the tragedy sustain Meyers in his statement that Minner fired the first shot, after which a fusillade occurred, the defendant firing four times and Minner three. Only two bullets took effect, one in the arm of Meyers and the one which killed Minner.

Meyers is still in custody awaiting the result of the examination. He has recently recovered from an attack of sickness, and has his wife in constant attendance upon him at the county jail.

Mr. Minner was in his 70th year and had recently married his sixth wife, with whom he lived at 102 South Kittitas avenue in this city.

The funeral occurred on Monday and was largely attended from this city.

A son and four daughters, all but two of whom reside in this county, survive him.

The examination of witnesses before Judge Taggard, to determine the responsibility for the killing, was postponed until tomorrow afternoon (Thursday) for various causes.

### Killed in Railroad Accident.

A rear-end collision occurred between two freight trains about ten miles north of this city last night, and a 16-year-old boy named Claud Dent, who was riding on the caboose, was instantly killed. Coroner Frank was notified, and the remains were brought to the city this morning. The boy's father, J. W. Dent, who resides at Summit, Chehalis county, was notified of the accident. The lad had been stealing a ride on his return home, and being taken sick, the conductor took him into the caboose, with the above disastrous result. Several cars were derailed in the accident.

### County Commissioners.

The board of county commissioners met in adjourned session last Monday and held over throughout yesterday.

The most important business, aside from road propositions and adjustment of erroneous assessments, was the appointment of three road supervisors under the new law, who will have entire charge of road work throughout the county. For district No. 1, George Nelson was appointed; for No. 2, W. C. Weimer; and for district No. 3, S. M. Webber. The road districts are coterminous with the commissioner districts.

L. E. Lawrence was appointed constable for Zillah precinct, vice G. P. Elliott, resigned.

Contracts were awarded as follows: Hugh Stuart, for a bridge to be constructed across a dry canyon in the Glade settlement, \$510; A. A. Nicol, for a bridge over the Sunnyside canal, near

Zillah, \$445; C. E. Lum, ripping work to protect the Nelson bridge over the Natches, \$648.

A petition to shorten and improve the road to Yakima City was referred to the county engineer for examination and survey, and a similar action was had in the proposed changes in the Nile road.

The board adjourned Tuesday to meet again Dec. 7.

### The Catholic Fair.

The ladies of the Catholic church will hold a big fair in the armory, commencing Wednesday, Nov. 11th, and closing Saturday, the 14th. On the opening day a fine chicken dinner will be served at noon and a musical program in the evening. Meals will be served each day of the fair.

The proceeds will be used for the benefit of the handsome new church under construction. On Wednesday, Nov. 11, will occur the laying of the corner stone of the new church with all the ceremonies connected with an affair of this kind. Bishop O'Dea will be present and preside.

### In Honor Miss Scott.

An enjoyable entertainment called the "China Shower" was given last Thursday by Mrs. E. G. Tennant in honor of Miss Jennie Scott, over the announcement of the proposed marriage of that young lady to A. B. Cline Nov. 11th. The guests were entertained with cards and the rooms were decorated in pink and white. The following were present: Mesdames W. H. Scott, E. B. Moore, Barthelet, Ella Stair, F. C. Hall, Dan Arnold, G. S. Vance, O. A. Fechter, Mark Pennington, Frank Horsley, D. E. Lesh, A. S. Congdon, G. A. Graham, H. M. Bartlett, Miles Cannon, Harry Moran, W. A. Bell, Z. Y. Coleman, G. Gandy and Misses Scott, Tennant, Cox, Moore, Read, James, Cameron, Larson, Lombard, Graham and Waugh.

### The Justice After Them.

Deputy Sheriff McNeill Tuesday brought up from Prosser one Albert Hartman, a tourist, who was convicted by the justice in that town of carrying concealed weapons, and fined \$25 and costs, and this morning Sheriff Grant

returned from the same place, having in charge John Carroll, another traveler, convicted of the same offense and given the same medicine. The parties will serve out their sentence in the jail here. The proposition of carrying weapons is to be deprecated, and the Prosser justice announces his intention of hereafter giving the full limit, \$50 and costs.

### A Gathering at Mrs. Fraser's

In the neighborhood of 100 people connected with the various protestant churches of the city gathered last evening at the residence of Mrs. J. H. Fraser, on Natches avenue, for the double purpose of forming lines to more intelligently work in upbuilding the Deaconess hospital and become better acquainted socially. The result will doubtless result beneficially to both causes, as enthusiastic work was promised by those present.

### After the Woolly Aphis

Fruit Inspector Beck and Paul Kruger have been very busy today treating to the appropriate dip a large number of fruit trees consigned to various Yakima parties from the Stark nurseries at Louisiana, Mo. The trees are all badly infested with woolly aphis, and great pains are being taken to eradicate the pests before the trees are delivered to the owners.
