As well as this school being my Local Catholic school and I attended this school myself, I chose this school because it has a good reputation for both academic results and behaviour of children in and around the school. The school staff are friendly and always try to accommodate any 'ad hoc' needs that may occur in the school day. The Pastoral Care team show a great quality of care and always try to please and help the parents and children.

Religion and Education. Overall I think it is a brilliant school. I have had children at the school over the last 10 years and have absolutely no complaints whatsoever. My eldest child was really happy at this school and my youngest, who still attends the school, loves coming in. They have learnt a lot through the school about the Catholic religion.
