It pays to stay in-network

The doctor you see for care is very important. Who you see for routine visits will determine what you pay. For the lowest out-of-pocket costs, choose physicians, hospitals, and other health care providers who are considered in-network¹ for your health plan. Florida Blue has negotiated a lower cost with them as part of our contract. If your doctor refers you for additional health care services, ensure that the specialist, hospital, independent facility or lab is in your plan's network. Out-of-network services are not covered under your BlueCare plan (except for emergencies).

Finding providers that participate in your network is easy. You can log on to our online provider directory at floridablue.com or our mobile app. Here, you'll find doctors, specialists, hospitals, pharmacies, labs, urgent care centers or out-of-town providers for when you travel. You can even learn about a doctor's admitting privileges, the medical school they attended, languages they speak, as well as their gender, specialty, and office locations.

Know your options for care

When you're not feeling well, choosing the right treatment option can help you avoid higher out-of-pocket costs and hours of unnecessary waiting. Your primary care doctor (PCP) should be your first choice when seeking care. But if you're unable to see your PCP, visit an urgent care center. If your plan includes virtual visits, you may get care via phone or video chat.

- Urgent care centers are **less expensive than ERs** and often have **shorter wait times**.
- Visit a Value Choice Provider Urgent Care Center for quality care at a reduced cost.
- Check your benefits to see if virtual visits are part of your plan.

To find an urgent care center close to you visit floridablue.com and select Find A Doctor.

 You should know that if your doctor sends you for an X-ray, CT scan, or MRI, it will generally cost you less to have that test at an independent, or "freestanding", in-network X-ray/imaging center (Diagnostic Imaging)—rather than an outpatient hospital.

You can locate participating X-ray or imaging facilities online at floridablue.com or our mobile app. We can help you determine costs before you have an imaging service—just call, click or visit us in person at a Florida Blue Center.[†]

[†]If you're out-of-state, select your category under "Other Provider Searches."

¹Provider networks are subject to change. They are made up of independently contracted physicians, hospitals, and ancillary providers.

Plan benefits and options

Your plan may include:

- **\$0 for preventive and wellness visits** including women's annual exams and mammograms, colonoscopies*, well child care, immunizations and more. These services may be covered at 100%, even before your deductible, when you use a doctor in your network. Depending on your exam, your doctor may need to treat you for new conditions or change your treatment, which may not be covered by your annual wellness exam. In this case, the cost for your visit may be more. See your preventive benefits for details.
- **A large selection of physicians and hospitals**, with no referrals required.
- **A network of coverage with discounted rates** that can save you money and help protect you from balance billing.
- **Value Choice Providers** which offer a reduced out-of-pocket cost for sick and wellness visits any time you need them.
- **Service and help when you need it**—online, over the phone or in person at a Florida Blue Center.[†]

*Routine for age 50+ then frequency schedule applies.

Coverage when you travel

Wherever you go, through our BlueCard^{®2} program, your health care coverage goes with you. You'll get access to the participating providers of independent Blue Cross and Blue Shield organizations across the country and worldwide—like urgent care centers and emergency rooms—and you shouldn't have to pay more than the rates they have negotiated with doctors and hospitals in their areas. To find the participating doctors and hospitals outside of Florida, call 800-810-BLUE (2583) or visit floridablue.com or our mobile app and click on **Find a Doctor or Hospital**. Look under "Other Provider Searches" and select your category.

For longer trips (90 consecutive days or longer), the Away From Home Care[®] Guest Membership program may be available for you and your covered dependents in most states and the District of Columbia. For eligibility information and specific locations where the Guest Membership program is available, please call the customer service number on your member ID card.

Tax savings plans

Along with a wide range of health plans, you may have tax-free options to pay for some health care expenses. Check with your employer to find out if a financial plan^{3,4} is included.

Important

Details on the actual plan(s) being offered are included in your enrollment package, or can be reviewed online under your member account, once you register.

²The BlueCard Program is made available through the Blue Cross and Blue Shield Association (BCBSA). Neither Florida Blue nor BCBSA shall be liable for losses, damages, or uncovered charges as a result of using the Blue Cross and Blue Shield Global Service Center or receiving care from any provider listed on the Blue Cross and Blue Shield Global website.

³The FSA and HRA programs are financial reimbursement plans, not insurance programs.

⁴Florida Blue offers only the high-deductible health plan to be used in conjunction with the Health Savings Account (HSA). For more information on the tax advantages and implications of an HSA, contact your legal or tax advisor.

Shop and compare

The quality and price of medical services can vary depending on where you go for office visits, imaging services, and surgery, including inpatient and outpatient care.

- Compare quality and cost before you go, and then decide what's best for your care. You could save hundreds of dollars or more on your health care services!
- Our cost estimator lets you compare doctors and tells you what your expected costs will be for services.
- Cost estimates are based on your plan and where you stand with your deductible. Your costs are lower after your deductible is met—pay only coinsurance or a copay for in-network services.
- Blue365⁵ is a member-only discount program that provides substantial savings on health and wellness products and services including:
 - Footwear and apparel
 - Weight loss management
 - Vision care, glasses, contact lenses
 - Hearing aids and care
 - Family care and elder care services

When you or your family members need care, consider your options. Just give us a call, go online or visit a Florida Blue Center before you make your health care decision. Best of all, we offer this information and support to you at no extra cost!
